The Committee Substitute to **HB 932** is as follows:

(4) When a motor vehicle has been transferred before registration renewal or before taxes due have been paid, the purchaser shall become liable for the taxes on said motor vehicle.

(5) In the event that an owner obtains a certificate of registration for a motor vehicle valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration, all state, county, school, and special tax district ad valorem tax liabilities arising from the assessment date following initial registration are due and payable on or before the last day of the first birth month following said assessment date or date of transfer, whichever is earlier. Section 2. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

SECTION 1. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

As used in this Act, the term "farm property" means agricultural real estate and chattels pertaining thereto which are pledged as loan collateral, including but not limited to livestock and farm equipment.

SECTION 2. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of any law to the contrary, no mortgage or loan foreclosure shall take place on any farm property until the debtor has received notice of default. Any notice of default on farm property mailed to the debtor after the effective date of this Act, shall indicate that the debtor has sixty (60) days from the date the notice is mailed in which to cure the default.

SECTION 3. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

Any mortgagor, or owner in possession of the mortgaged premises, or anyone claiming under the mortgage, or anyone liable for the mortgage debt, may at any time after the issuance of the notice of the foreclosure proceedings and prior to the sale, petition the circuit court of the county where the foreclosure proceedings are pending, serving a summons and verified complaint requesting that the sale in foreclosure be postponed for up to twelve (12) months. Upon receiving the petition, the court shall order a stay in the foreclosure proceedings until after the hearing on the petition.

SECTION 4. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

The court may consider the following criteria in determining whether or not to order a delay in the sale or loan foreclosure:

(1) That the petitioner is actively engaged in farming and derives a majority of his income from farming; and

(2) That the petitioner faces a personal economic crisis due to conditions beyond his control, including but not limited to low commodity prices or crop failure due to bad weather; and

(3) That the petitioner has an inability to make payments on the mortgage or loan.

SECTION 5. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

If the parties to a foreclosure action agree in writing to a compromise settlement thereof, or of compensation of the mortgage indebtedness, or both, the court shall have jurisdiction and may by its order confirm and approve the settlement or composition, or both, as the case may be.

SECTION 6. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

(1) In deciding whether to grant relief, the court may determine the reasonable value of the income on the property or, if the property has no income, then the reasonable rental value of the property subject to the mortgage or loan, and may direct the debtor to pay all or a reasonable part of the income or rental value for the payment of taxes, insurance, interest or principal at the times and in the manner determined by the court. In determining the amount of income or rental value to be paid, the court may consider the relative financial conditions and resources of the parties and the ability of the debtor to pay. The court shall hear the petition and after the hearing shall make and file its order directing the payment by the debtor of an amount at the times and in the manner that the court determines just and equitable.

(2) If the debtor defaults in the payments ordered, the mortgagee or loan creditor may immediately commence foreclosure proceedings. If default is claimed because of waste, the mortgagee or loan creditor may commence foreclosure proceedings immediately after the filing of an order of the court finding the waste.

SECTION 7. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

Upon the application of either party before the expiration of the extended period prior to the sale or loan foreclosure, and upon the presentation of evidence that the terms for partial payment fixed by the court are no longer just and reasonable, the court may revise and alter the terms in the manner the changed circumstances and conditions require.

SECTION 8. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

The hearing on the petition shall be held within thirty (30) days after the filing of the petition. The order therein must be made and filed within five (5) days after the hearing.

SECTION 9. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

No postponement or extension shall be ordered under conditions which would substantially diminish *or impair the value of the obligation of the person against whom the relief is sought or which would cause irreparable harm or undue hardship to any mortgagee, loan creditor, judgment creditor, or their successors or assigns. The remedy authorized by this Act shall be available to a debtor only one (1) time on any piece of farm property.*

SECTION 10. A NEW SECTION OF KRS CHAPTER 382 IS CREATED TO READ AS FOLLOWS:

The legislative body of any city of the first, second or third class or urban-county government shall have the power to carry out all governmental functions necessary to effect the purposes set forth in this section, including, but not limited to, the enactment of ordinances; the issuance of regulations; the issuance of bonds as provided by KRS 58.010 to 58.140, except that such bonds may be sold at the direction of the issuer either at public sale as provided by KRS 424.360, or by a private negotiated sale; appropriation of funds; and the making of grants-in-aid in furtherance of such purposes.

No municipality, county, school district, other unit of local government, political subdivision or county official shall make any investment which would jeopardize the tax exempt status of any outstanding obligation of such unit of local government.

(2) Sheriffs, county clerks and jailers, who for the purposes of this section shall be known as county officials, may, and at the direction of the fiscal court shall, invest and reinvest money subject to their control and jurisdiction, including tax dollars subject to the provisions of KRS 134.300, 134.320 and 160.510, in the investment instruments permitted by subsection (1) of this section, except that sheriffs in urban-county governments shall not invest tax dollars.

(4) The governing body or county official may delegate the investment authority provided by subsection (1) of this section to the treasurer or other financial officer charged with custody of the funds of the local government, and such officer shall thereafter assume full responsibility for all investment transactions until the delegation of authority terminates or is revoked.

(5) All county officials shall report the earnings of any investments at the time of their annual reports and settlements with the fiscal courts for excess income of their offices.

Charges to any local government or county official shall not exceed one percent (1%) annually on the principal amount invested, and charges on investments of less than a year's duration shall be prorated. Any investment pool created pursuant to this subsection shall be audited each year by an independent certified public accountant, or by the auditor of public accounts. A copy of the audit report shall be provided to each local government or county official participating in the pool. In the case of an audit by an independent certified public accountant, a copy of the audit report shall be provided to the auditor of public accounts, and to the state local finance officer. The auditor of public accounts may review the report of the independent certified public accountant. After preliminary review, should discrepancies be found, the auditor

of public accounts may make his own investigative report or audit to verify the findings of the independent certified public accountant's report.

He shall also establish a separate trust and agency account for the purpose of covering management costs, and he shall deposit management charges in this account. The state local finance officer may issue regulations, pursuant to KRS Chapter 13, governing the operation of the investment pool, including but not limited to provisions on minimum allowable investments and investment periods, and method and timing of investments, withdrawals, payment of earnings and assignment of charges.

(c) Before investing in an investment pool created pursuant to this subsection, a local government or county official shall allow any savings and loan association or bank in the county, as described in subsection (1)(c) and (d) of this section, to bid for the deposits, but the local government or county official shall not be required to seek bids more often than once in each six (6) month period.

(8) The provisions of this section are not intended to apply to the investment and reinvestment of funds held or invested in the name or subject to the direction of a local government unit or political subdivision where such funds are the proceeds of, or revenues from, revenue bonds issued by the local governmental unit or political subdivision as industrial building revenue bonds under KRS 103.200 to 103.285, or as mortgage subsidy bonds as defined by the internal revenue code, section 103A, or to finance projects for residential rental property as defined by the internal revenue code, section 103(b)(4)(A).

(2) The members of the authority, or its agents and employes, after reasonable notice to the occupants, owners or owners' agent in charge thereof, may enter upon such lands and structures for the purpose of making surveys and maps.

(3) The authority shall not proceed to exercise or carry out any authority or power herein given it to bind the authority beyond the extent to which money has been provided under the authority of this chapter.

The legislative body of a city may prescribe by ordinance penalties for the violation of bylaws, rules and regulations of a project located within the city.

Section 11. KRS 80.190 is amended to read as follows:

The authority shall manage and operate its housing [~~projects~~] in an efficient manner so as to enable it to fix the rentals for dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and no authority shall construct or operate any project for profit, or as a source of revenue of the city. Provided, however, That nothing contained in the housing authority law shall be construed to prohibit an authority from making payments in lieu of taxes to the city, or other public body, within the area in which any project is located in such amounts as the authority may determine to be consistent with maintaining the low-rent character of the dwelling accommodations.

Section 12. KRS 80.200 is amended to read as follows:

Section 13. KRS 80.240 is amended to read as follows:

The rents and other revenues of a city housing authority shall be applied; first to pay the interest and principal of the bonds issued under KRS 80.230 as payments fall due; next, to pay the costs of maintaining, repairing, improving and operating its *developments* [~~projects~~]; next, to create such reserve for depreciation as the housing authority deems necessary and proper. The excess, if any, of the rents received during any annual period may be applied to the prepayment of the obligations of the housing authority or may be placed in a special fund for the purpose of paying the principal and interest of the obligations as they become due.

Section 14. KRS 80.250 is amended to read as follows:

A housing authority may contract with the federal government to manage or operate any low-cost housing [~~project~~] erected or owned by the federal government.

Section 16. KRS 80.257 is amended to read as follows:

All proceedings, acts and things heretofore undertaken, performed or done in or for the authorization, issuance, execution and delivery of notes and bonds by housing authorities for the purpose of financing or aiding in the development or construction of [~~a~~] housing [~~project or projects~~] and all notes and bonds heretofore issued by housing authorities are hereby validated, ratified, confirmed, approved and declared legal in all respects, notwithstanding any defect or irregularity therein or any want of statutory authority.

Section 17. KRS 80.264 is amended to read as follows:

(a) Any housing commission in said city and any housing commission in the contiguous county shall cease to exist as a body politic and corporate;

(e) Any actions, suits, and proceedings pending against, or having been instituted by the abolished housing commissions shall not be abated by such abolition, but all such actions, suits and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the city-county housing authority shall be a party to all such actions, suits, and proceedings in the place and stead of the abolished housing commissions and shall pay or cause to be paid any judgments rendered against the abolished housing commissions in any such actions, suits, or proceedings, and no new process need be served in any such actions, suits or proceedings;

(f) All obligations of the abolished housing commissions, including outstanding indebtedness, shall be assumed by the city-county housing authority, and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the city-county housing authority; and

(g) All rules, regulations and policies of the abolished housing commissions shall continue in full force and effect until repealed or amended by the city-county housing authority.

(2) The creation of a city-county housing authority shall be subject to the same provisions and limitations of KRS *80.320* [~~80.310~~] to 80.610 as are applicable to a regional housing authority.

(3) The area of operation of a city-county housing authority shall include all of the territory within the boundaries of the city and contiguous county joining in the creation of the authority.

Section 18. KRS 80.266 is amended to read as follows:

(1) The city-county housing authority shall be composed of eight (8) members. The mayor shall

appoint four (4) members, and the county judge/executive shall appoint four (4) members. *No more than four (4) appointees on any housing authority shall be affiliated with the same political party.* Each person appointed to a city-county housing authority shall be at least twenty-five (25) years of age and a bona fide resident of the city or county for which he was appointed for at least one (1) year preceding the appointment. (2) Each member of a city-county housing authority may receive compensation either as a salary or as payment for meetings attended. Any compensation of the members of a city-county housing authority shall be fixed by the legislative body of the city and the county. The housing authority may fix the compensation of the secretary and treasurer, but the city and county legislative bodies may fix or limit the salary.

Section 19. KRS 80.270 is amended to read as follows:

It is hereby declared that there exist in Kentucky unsafe and unsanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is further declared that the assistance provided in KRS 80.280 to 80.300 for the remedying of such conditions constitutes a public use and purpose and an essential governmental function for which public money may be spent and other aid given; that it is a proper public purpose for any public body to aid any housing authority located or operating within its boundaries or jurisdiction, as the public body derives immediate benefits and advantages from such a housing authority or *developments* [~~projects~~]; and that the provisions of KRS 80.280 to 80.300 are necessary in the public interest.

Section 20. KRS 80.290 is amended to read as follows:

(1) For the purpose of aiding and cooperating in the planning, undertaking, construction or operation of housing projects located within the area in which it is authorized to act, any public body may, upon such terms, with or without consideration, as it may determine:

(a) Dedicate, sell, convey or lease any of its interest in any property, or grant easements, licenses or any other rights or privileges therein to a housing authority or the federal government;

(b) Cause parks, playgrounds, recreational, community, educational, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake, to be furnished adjacent to or in connection with housing projects;

(c) Furnish, dedicate, close, pave, install, grade, regrade, plan or replan public ways or other places which it is otherwise empowered to undertake;

(d) Plan or replan, zone or rezone any part of the public body; make exceptions from building regulations and ordinances; any city also may change its map;

(e) Cause services to be furnished to the housing authority of the character which the public body is otherwise empowered to furnish;

(f) Enter into agreements with respect to the exercise by such public body of its powers relating to the repair, closing or demolition of unsafe, unsanitary or unfit dwellings;

(g) Employ any funds belonging to or within the control of such public body, including funds derived from the sale or furnishing of property or facilities to a housing authority, in the purchase of the bonds or other obligations of a housing authority; and exercise all the rights of any holder of such bonds or other obligations;

(h) Do any and all things necessary or convenient to aid and cooperate in the planning, undertaking, construction or operation of housing [~~projects~~];

(i) Incur the entire expense of any public improvements made by such public body in exercising the powers granted in this section; and

(j) Enter into agreements, which may extend over any period, with a housing authority respecting action to be taken by such public body pursuant to any of the powers granted by this section.

(2) Any sale, conveyance, lease or agreement provided for in this section may be made by a public body without appraisal, public notice, advertisement or public bidding.

(3) With respect to any housing [~~project~~] which a housing authority has acquired or taken over from the federal government and which the housing authority by resolution has found and declared to have been constructed in a manner that will promote the public interest and afford necessary safety, sanitation and other protection, no public body shall require any changes to be made in the housing project or the manner of its construction or take any other action relating to the construction.

Section 21. KRS 80.320 is amended to read as follows:

(1) If the governing body of a county by resolution declares (upon findings prescribed in *this section and* KRS *80.330* [~~80.310~~] to 80.610) that there is a need for a housing authority to be created for such county to exercise therein powers and other functions prescribed for a housing authority of a county, a county housing authority shall thereupon exist for such county.

(2) If the governing body of each of two (2) or more contiguous counties by resolution declares (upon findings prescribed in *this section and* KRS *80.330* [~~80.310~~] to 80.610) that there is a need for one (1) housing authority to be created for all of such counties to exercise in such counties powers and other functions prescribed for a regional housing authority, a regional housing authority shall thereupon exist for all of such counties and exercise its powers and other functions in such counties. If there is a county housing authority created for a county, the governing body of that county shall not adopt such resolution unless first, all holders of any outstanding bonds, notes, or other evidences of indebtedness of such county housing authority consent in writing to such action and the county housing authority adopts a resolution not to thereafter initiate any project within such county.

Section 22. KRS 80.330 is amended to read as follows:

The area of operation of a housing authority created for a county shall include all of the county for which it is created and the area of operation of a regional housing authority shall include (except as otherwise provided in KRS *80.320* [~~80.310~~] to 80.610) all of the counties for which such regional housing authority is created and established. But no county or regional housing authority shall undertake any housing [~~project or projects~~] within the boundaries of a city unless a resolution has been adopted by the governing body of the city (and also by any housing authority which has been created for that city pursuant to KRS *80.320* [~~80.310~~] to 80.610 or KRS 80.010 to 80.250) declaring that there is a need for the county or regional housing authority to exercise its powers within that city.

Section 23. KRS 80.360 is amended to read as follows:

The governing body of each of the counties in the area of operation of the regional housing authority and the members of the regional housing authority shall adopt a resolution declaring that there is a need for excluding a county or counties from such area if:

(1) Each of the governing bodies of the counties to remain in the area of operation of the regional housing authority and the members of the regional housing authority find that (because of facts arising or determined subsequent to the time when such area first included the county or counties to be excluded) the regional housing authority would be a more efficient or economical administrative unit to carry out the purposes of KRS *80.320* [~~80.310~~] to 80.610 if such county or counties were excluded from such area; and

(2) The governing body of each such county or counties to be excluded and the members of the regional housing authority each also find that (because of the aforesaid changed facts) the purposes of KRS *80.320* [~~80.310~~] to 80.610 could be carried out more efficiently or economically in such county or counties if the area of operation of the regional housing authority did not include such county or counties.

Section 24. KRS 80.380 is amended to read as follows:

No governing body of a city or county shall adopt a resolution under KRS *80.320* [~~80.310~~] to 80.610 declaring that there is a need for a housing authority to be created, or to exercise its powers within such city or county, or that there is a need to include such city or county within the area of operation of a housing authority, unless such governing body shall have found substantially that:

(1) Unsanitary or unsafe inhabited dwelling accommodations exist in such city or county or that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; and

(2) These conditions can be best remedied through the exercise of the housing authority's powers within the territorial boundaries of such city or county.

Section 25. KRS 80.390 is amended to read as follows:

In determining under KRS *80.320* [~~80.310~~] to 80.610 whether dwelling accommodations are unsafe or unsanitary, a governing body shall take into consideration the safety and sanitation of dwellings, the light and air space available to the inhabitants of such dwellings, the degree of overcrowding, the size and arrangement of the rooms and the extent to which conditions exist in such dwellings which endanger life or property by fire or other causes.

Section 26. KRS 80.410 is amended to read as follows:

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of an authority, the authority shall be conclusively deemed to have become created as a public body corporate and politic upon proof of the adoption of the resolution or resolutions of the governing body or bodies declaring the need for the authority as required in KRS *80.320* [~~80.310~~] to 80.610. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for the authority and finds in substantially the foregoing terms (no further detail being necessary) that the conditions enumerated in KRS 80.380 exist in the city or county, as the case may be. A copy of the resolution or resolutions duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding.

Section 27. KRS 80.430 is amended to read as follows:

(1) The governing body of each county included in a regional housing authority shall appoint one (1) person as a member of such authority, and each such member to be first appointed by the governing body of a county may be appointed at or after the time of the adoption of the resolution declaring the need for such regional housing authority or declaring the need for the inclusion of such county in the area of operation of such regional housing authority. When the area of operation of a regional housing authority is increased to include an additional county or counties as provided above, the governing body of each such county shall thereupon appoint one (1) additional person as a member of the regional housing authority. The governing body of each county shall appoint the successor of the member appointed by it. If any county is excluded from the area of operation of a regional housing authority, the office of the member of such regional housing authority appointed by the governing body of such county shall be thereupon abolished.

(2) *No more than four (4) of the members of the authority shall be affiliated with the same political party.*

(3) If the area of operation of the regional housing authority consists at any time of an even number of counties, the members of the regional housing authority appointed by the governing bodies of such counties shall appoint one (1) additional member whose term of office shall be as herein provided for a member of a regional housing authority except that such term shall end at any earlier time that the area of operation of the regional housing authority shall be changed to consist of an odd number of counties. The members of such authority appointed by the governing bodies of such counties shall likewise appoint each person to succeed such additional member; Provided, That the term of office of such person begins during the terms of office of the members appointing him.

(4)[~~(3)~~] The members of a regional housing authority shall be appointed for terms of four (4) years except that all vacancies shall be filled by the appointing authority for the unexpired term.

Section 28. KRS 80.440 is amended to read as follows:

(1) A certificate of the appointment of any member shall be filed with the clerk (Provided, That in the case of appointment of a member of a regional housing authority by its other members, as provided in KRS 80.430, such certificate shall be signed by the members making the appointment and filed with the other records of the regional housing authority) and such certificate shall be conclusive evidence of the due and proper appointment of such member.

(2) No member shall be an officer or employe of a county for which the authority is created. A member shall hold office until his successor has been appointed and has qualified, except as otherwise provided herein.

(3) A member *may receive compensation either as salary or as payment for meetings attending. Any compensation of the members shall be fixed by the legislative body of the county* [~~shall receive no compensation for his services for the authority, in any capacity, but he shall be entitled to the necessary travel and other expenses incurred in the discharge of his duties~~].

Section 29. KRS 80.460 is amended to read as follows:

Meetings of the members of a housing authority (including any housing authority created pursuant to KRS 80.010 to 80.250) may be held anywhere within the perimeter boundaries of the area of operation or territorial jurisdiction of an authority or within any additional area where the housing authority is authorized to undertake a housing project, and any person may be appointed as a member of the housing authority who resides within boundaries or such additional area, and who is otherwise eligible for such appointment under KRS *80.320* [~~80.310~~] to 80.610 or KRS 80.010 to 80.250, as the case may be.

Section 30. KRS 80.470 is amended to read as follows:

No member or employe of an authority shall acquire any interest direct or indirect in any housing [~~project~~] or in any property included or planned to be included in any project, nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing [~~project~~]. If any member or employe of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. Upon such disclosure such member or employe shall not participate in any action by the authority affecting such property.

Section 31. KRS 80.490 is amended to read as follows:

(1) If the governing body of each of two or more cities (whether or not contiguous) by resolution declares that there is a need for one (1) housing authority to be created for all of such cities to exercise in such cities the powers and other functions prescribed for a consolidated housing authority, a public body corporate and politic to be known as a "consolidated housing authority" (with such corporate name as it selects) shall thereupon exist for all of such cities and exercise its powers and other functions within its area of operation (as herein defined), including the power to undertake projects therein.

(2) The creation of a consolidated housing authority and the finding of need therefor shall be subject to the same provisions and limitations of KRS *80.320* [~~80.310~~] to 80.610 as are applicable to the creation of a regional housing authority, and all of the provisions of KRS 80.310 to 80.610 applicable to regional housing authorities and the members thereof shall be applicable to consolidated housing authorities and the members

thereof.

(3) The area of operation of a consolidated housing authority shall include all of the territory within the boundaries of each city joining in the creation of such authority, except that such area of operation may be changed to include or exclude any city or cities in the same manner and under the same provisions as provided in KRS *80.320* [~~80.310~~] to 80.610 for changing the area of operation of a regional housing authority by including or excluding a county or counties.

(4) If the area of operation of a consolidated housing authority is decreased to only one (1) city, such authority shall thereupon constitute and become a housing authority for such city, in the same manner as though such authority were thereupon created pursuant to KRS 80.010 to 80.250; and for all such purposes the term "county" shall be construed as meaning "city," the terms "county housing authority" and "regional housing authority" shall be construed as meaning "housing authority of the city" and "consolidated housing authority," respectively, and the term "governing body" as used in KRS 80.420, 80.430 and 80.440 shall be construed as meaning "mayor," unless a different meaning clearly appears from the context.

Section 32. KRS 80.500 is amended to read as follows:

An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of KRS *80.320* [~~80.310~~] to 80.610, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with KRS *80.320* [~~80.310~~] to 80.610, to carry into effect the powers and purposes of the authority.

(3) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing *development* [~~project~~] or the occupants thereof; and (notwithstanding anything to the contrary contained in KRS *80.320* [~~80.310~~] to 80.610 or in any other provision of law) to include in any contract let in connection with a *development* [~~project~~], stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(4) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in KRS *80.320* [~~80.310~~] to 80.610) to establish and revise the rents or charges therefor; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain or condemnation any real property; to sell, lease, exchange, transfer, assign, pledge or dispose of any real or personal property or any interest therein; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards.

(6) To exercise all or any part or combination of powers herein granted.

Section 33. KRS 80.510 is amended to read as follows:

County housing authorities, city-county housing authorities, and regional housing authorities are specifically empowered and authorized to borrow money, accept grants and exercise their powers to provide housing for farmers of low income. In connection with such projects, any such housing authority may enter into such leases or purchase agreements, accept such conveyances and rent or sell dwellings forming part of such projects to or for farmers of low income, as such housing authority deems necessary in order to assure the achievement of the objectives of KRS *80.320* [~~80.310~~] to 80.610. Such leases, agreements or conveyances may include such covenants as the housing authority deems appropriate regarding such dwellings and the tracts of land described in any such instrument, which covenants shall be deemed to run with the land where the housing authority deems it necessary and the parties to such instrument so stipulate. Nothing in this section shall limit any other powers of any housing authority.

Section 34. KRS 80.540 is amended to read as follows:

Any bonds issued pursuant to KRS *80.320* [~~80.310~~] to 80.610 shall be fully negotiable.

(4) In any action or proceeding involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing *development* [~~project~~] of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of KRS *80.320* [~~80.310~~] to 80.610.

Section 37. KRS 80.590 is amended to read as follows:

Any two or more authorities (including any housing authority created under KRS 80.010 to 80.250) may join or cooperate with one another in the exercise, either jointly or otherwise, of any or all of their powers for the purpose of financing (including the issuance of bonds, notes or other obligations and giving security therefor), planning, undertaking, owning, constructing, operating or contracting with respect to [~~a~~] housing [~~project or projects~~] located within the area of operation of any one or more of said authorities. For such purpose an authority may by resolution prescribe and authorize any other housing authority or authorities, so joining or cooperating with it, to act on its behalf with respect to any or all of such powers. Any authorities joining or cooperating with one another may by resolutions appoint from among the members of such authorities an executive committee with full power to act on behalf of such authorities with respect to any or all of their powers, as prescribed by resolutions of such authorities.

Section 38. KRS 80.600 is amended to read as follows:

In addition to the powers conferred upon an authority by other provisions of KRS *80.320* [~~80.310~~] to 80.610, an authority is empowered to borrow money or accept contributions, grants or other financial assistance from the federal government for or in aid of any housing [~~project~~], to take over or lease or manage any housing project or undertaking constructed or owned by the federal government, and to these ends, to comply with such conditions and enter into such mortgages, trust indentures, leases or agreements as may be necessary, convenient or desirable. It is the purpose and intent of KRS *80.320* [~~80.310~~] to 80.610 to authorize every housing authority to do any and all things necessary or desirable to secure the financial aid or cooperation of the federal government in the undertaking, construction, maintenance or operation of any housing project by such authority.

Section 39. KRS 80.610 is amended to read as follows:

In any contract or amendatory or superseding contract for a loan and annual contributions heretofore or hereafter entered into between a housing authority (including any housing authority created under KRS 80.010 to 80.250) and the federal government with respect to any housing [~~project~~] undertaken by said housing authority, any such housing authority is authorized to make such covenants (including covenants with holders of obligations of said authority issued for purposes of the housing project involved), and to confer upon the federal government such rights and remedies, as said housing authority deems necessary to assure the fulfillment of the purposes for which the housing [~~project~~] was undertaken. In any such contract, the housing authority may, notwithstanding any other provisions of law, agree to sell and convey the housing [~~project~~] (including all lands appertaining thereto) to which such contract relates to the federal government upon the occurrence of such conditions, or upon such defaults on obligations for which any of the annual contributions provided in said contract are pledged, as may be prescribed in such contract, and at a price (which may include the assumption by the federal government of the payment, when due, of the principal of and interest on outstanding obligations of the housing authority issued for purposes of the housing project involved) determined as prescribed therein and upon such other terms and conditions as are therein provided. Any such housing authority is hereby authorized to enter into such supplementary contracts, and to execute such conveyances, as may be necessary to carry out the provisions hereof. Notwithstanding any other provisions of law, any contracts or supplementary contracts or conveyances made or executed pursuant to the provisions of this section shall not be or constitute a mortgage within the meaning or for the purpose of any of the laws of this Commonwealth.

SB 317, AN ACT relating to planning and zoning.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 100 IS CREATED TO READ AS FOLLOWS:

All other provisions of this chapter to the contrary notwithstanding, no comprehensive plan, zoning ordinance, subdivision regulation, public improvements program, or official map regulation shall be invalidated in its entirety for failure to strictly comply with any procedural provision of this chapter or with the requirements of KRS Chapter 424 in making any publication required to be made under this chapter, unless a court finds that the failure to strictly comply with any procedural requirement results in material prejudice to the substantive rights of an adversely affected person and that such rights cannot be adequately secured by any remedy other than invalidating the comprehensive plan, zoning ordinance, subdivision regulation, public improvements program, or official map regulation in its entirety.

Section 2. KRS 100.131 is amended to read as follows:

An independent city planning unit *or members of a joint planning unit composed only of two (2) or more cities* may exercise extraterritorial jurisdiction for the purposes of subdivision regulations and, with the consent of the fiscal court, other regulations up to five (5) miles from all points upon the city's boundary, but not beyond the county boundary, nor within the boundary of any city not in such planning unit, provided, however, that where the extraterritorial jurisdiction of planning units overlap, the boundary shall be midway between them. The jurisdiction of joint *city-county* and regional planning units shall be coterminous with their political boundaries. Nothing herein, however, shall prevent any planning unit from making planning studies of areas located outside its jurisdiction.

SB 333, AN ACT relating to revenue bonds for industrial buildings.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 103.210 is amended to read as follows:

(1) In order to promote the economic development of the Commonwealth, promote reconversion to peacetime economy, to relieve conditions of unemployment, to aid in the rehabilitation of returning veterans,

to encourage the increase of industry in this state, and to aid in the retention of existing industry through the control of pollution or through conversion of energy facilities to more readily available fuels, any city or county may borrow money and issue negotiable bonds for the purpose of defraying the cost of acquiring any industrial building, either by purchase or construction, but only after an ordinance or resolution has been adopted by the legislative body of the city or the fiscal court of the county, or the governing body of Kentucky development finance authority, if requested by the legislative body of the city or the fiscal court of the county, as the case may be, specifying the proposed undertaking, the amount of bonds to be issued, and the maximum rate of interest the bonds are to bear. This section shall not be deemed to require, however, that such ordinance or resolution be adopted prior to interim financing of the project, if such interim financing was undertaken by the proposed lessee corporation upon the basis of discussions between the corporation and responsible officials of the issuer which were later formally ratified by the appropriate governing body of the issuer. The ordinance or resolution shall further provide that the industrial building is to be acquired pursuant to the provisions of KRS 103.200 to 103.285. Each such bond-authorizing ordinance or resolution shall be effective only after publication, in a newspaper authorized to publish official advertisements for the issuer, of the title to said ordinance or resolution, together with a statement signed by the clerk of the issuer setting forth the amount of the issue, the name of the lessee corporation, and the fact that the bonds are to be retired from the proceeds of either the lease payments as set forth in KRS 103.200 to 103.285 inclusive, or the loan payments or sale payments in the event the industrial building financing transaction is carried out pursuant to a loan agreement, sale agreement or other financing agreement. No publication of the complete ordinance or resolution shall be required, but said ordinance or resolution shall be entered upon the records of the issuer and shall be available for public inspection.

For such purposes, the terms "city," "county" and "issuer" as used in KRS 103.200 to 103.285, inclusive, shall also mean and refer to Kentucky development finance authority, any air board established pursuant to KRS 183.132, [~~and~~] any riverport authority established as provided in KRS 65.510 to 65.650, *and any agency or instrumentality created by any county, any city of the first, second or third class or urban-county government for the purpose of development finance.* The power and authority granted to Kentucky development finance authority, any air board, [~~and~~] any riverport authority, *or any agency or instrumentality created by any county, any city of the first, second or third class or urban-county government for the purpose of development finance* shall be and constitute an additional and alternative grant of power and authority to such governmental agencies, and shall not be construed as being in derogation of any other powers vested in each of such governmental agencies.

The board may impose any reasonable conditions or restrictions on any variance it decides to grant.~~]

Section 5. KRS 100.243 is amended to read as follows:

Before any variance is granted, the board must find all of the following, which shall be recorded along with any imposed conditions or restrictions in its minutes and records and issued in written form to the applicant to constitute proof of the [~~dimensional~~] variance.

(1) *The variance requested arises from special circumstances which do not generally apply to property in the general vicinity* [~~The specific conditions in detail which are unique to the applicant's land and do not exist on other land in the same zone~~].

(2) *The strict application of the provisions of the regulation would deprive the applicant of a reasonable use of the land or would create an unnecessary hardship on the applicant* [~~The manner in which the strict application of the provisions of the regulation would deprive the applicant of a reasonable use of the land in the manner equivalent to the use permitted other landowners in the same zone~~].

(3) *Such special circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation* [~~That the unique conditions and circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation~~].

(4) *Reasons that the variance will not adversely affect the public health, safety, and welfare and will not alter the essential character of the general vicinity, and will not cause a hazard or nuisance to the public* [~~Reasons that the variance will preserve, not harm the public safety and welfare, and will not alter the essential character of the neighborhood~~].

Section 6. KRS 100.251 is amended to read as follows:

A [~~dimensional~~] variance applies to the property for which it is granted, and not to the individual who applied for it. A variance [~~also~~] runs with the land and is transferable to any future owner of the land, but it cannot be transferred by the applicant to a different site.

Section 7. KRS 100.261 is amended to read as follows:

Appeals to the board may be taken by any person, or entity claiming to be injuriously affected or aggrieved by an official action, *order, requirement, interpretation, grant, refusal* or decision of any zoning enforcement officer. Such appeal shall be taken within thirty (30) days after the appellant or his agent receives notice of the action *of the official* [~~appealed from~~], by filing with said officer and with the board a notice of appeal specifying the grounds thereof, and giving notice of such appeal to any and all parties of record. Said officer shall forthwith transmit to the board all papers constituting the record upon which the action appealed from was taken and shall be treated as and be the respondent in such further proceedings. At *the public* [~~any~~] hearing *on the appeal held* by the board, any interested person may appear and enter his appearance, and all shall be given an opportunity to be heard.

Section 8. KRS 100.347 is amended to read as follows:

Any appeal from commission action may be taken in the following manner:

(1) Any person or entity claiming to be injured or aggrieved by any final action of the [~~planning commission or~~] board of adjustment may appeal from the action to the circuit court of the county in which the *affected property* [~~land~~] lies. Such appeal shall be taken within thirty (30) days after the final action of the [~~commission or~~] board. *All decisions which have not been appealed within thirty (30) days shall become final* [~~Final action shall not include commission's recommendations made to other governmental bodies~~].

(2) *Any person or entity claiming to be injured or aggrieved by any final action of the legislative body relating to a map amendment may appeal from the action to the circuit court of the county in which the affected property lies. Such appeal shall be taken within thirty (30) days after the final action of the legislative body. All decisions which have not been appealed within thirty (30) days of the action of the legislative body shall become final. The legislative body shall be a party in any such appeal filed in the circuit court.* [~~All appeals shall be taken in the appropriate circuit court within thirty (30) days after the action or decision of the planning commission or board of adjustments and all decisions which have not been appealed within thirty (30) days shall become final. After the appeal is taken the procedure shall be governed by the Rules of Civil Procedure. When an appeal has been filed, the clerk of the circuit court shall issue a summons to all parties, including the planning commission in all cases, and shall cause it to be delivered for service as in any other law action.~~]

(3) Any person or entity claiming to be injured or aggrieved by any final action of the planning commission may appeal from the action to the circuit court of the county in which the affected property lies. Such appeal shall be taken within thirty days after the final action. However, any appeal of a planning commission action granting or denying a variance or conditional use permit authorized by KRS 100.203(5) shall be taken pursuant to KRS 100.347(2). In such case, the thirty (30) day period for taking appeal begins to run at the time the legislative body grants or denies the map amendment for the same development.

Section 9. KRS 100.257 is amended to read as follows:

The board of adjustments shall have the power to hear and decide cases where it is alleged by an applicant that there is error in any order, requirement, decision, grant, or refusal made by an administrative official in the enforcement of the zoning regulation. Such appeal shall be taken within *thirty (30)* [~~sixty (60)~~] days.

SB 58, AN ACT relating to solid waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.011 is amended to read as follows:

The general assembly of the Commonwealth of Kentucky hereby finds, determines and declares, as follows:

(1) That an ever-increasing volume of solid waste within the Commonwealth is being generated as a result of increasing economic and commercial activity, continuing technological progress and changes in methods of manufacturing, packaging and marketing of consumer products, which results in additional solid wastes discarded by the users of such products;

(2) That the continued economic and population growth of the Commonwealth has required increased industrial and commercial expansion and has made necessary the demolition of obsolete structures, the construction of new structures, the provision of highways and other avenues of transportation and the construction and installation of public works which, together with pre-existing commercial, industrial and agricultural operations, have resulted in the generation of further volumes of solid wastes;

(3) That the handling of solid wastes has been primarily carried out through the dumping of such wastes on open soil and in landfills, which in some cases are inimical to the public health, safety and welfare;

(4) That by the enactment by the Congress of the United States of the Resource Conservation and Recovery Act of 1976 (Public Law 94-580), as amended, the collection, sanitary disposal and recovery of solid wastes has been determined to be a matter of nationwide importance, recognizing that the management of solid wastes should continue to be primarily the function of state, regional and local agencies; and that pursuant to such federal law, the Commonwealth has taken and will take certain actions in respect to the planning and implementation of solid waste plans within the guidelines of time requirements set forth in such federal law;

(5) That as a result of the conditions described in the foregoing findings, problems of solid waste collection, management and treatment and resource recovery activities in connection therewith have become a matter of state-wide concern necessitating action by the general assembly to (a) enable responsible planning and management agencies to be created to define solid waste management requirements, with all of the foregoing subject to regulation by the natural resources and environmental protection cabinet, and (b) assist those units of government primarily responsible for the management of solid waste and the acquisition, financing and operation of facilities to dispose of same to fulfill their functions in a responsible and proper manner with primary emphasis on the regionalization of such functions; and

(6) That it is the intent of the general assembly of the Commonwealth of Kentucky that the primary responsibility for adequate solid waste collection, management, treatment, disposal and resource recovery shall rest with counties, or combinations of counties and waste management districts, subject to standards set by regulations promulgated by the natural resources and environmental protection cabinet. *In those cities currently operating solid waste management systems, the city and county may assume joint responsibility of preparing a solid waste management plan. Where it is in the best public interest to do so and with the mutual agreement of both the county and city, a county may delegate responsibility for adequate collection,*

management, treatment, disposal or resource recovery to a city. Such delegation of responsibility is contingent upon the approval of a solid waste management plan by the cabinet. [~~and subject to approval by such department of the implementation of solid waste collection, treatment, disposal, and resource recovery plans, all for~~] The purpose of *delegating responsibilities shall be to effectuate* [~~effectuating~~] the safe and sanitary management, use and handling of solid waste, the protection of the health, welfare and safety of the citizens and inhabitants of the Commonwealth and for making the most efficient use of all resources for the benefit of the citizens and inhabitants of the Commonwealth.

(7) That the general assembly recognizes that the generation of solid waste is inevitable, but that much of it is unnecessary and should be discouraged; however, where solid waste does exist, it should be considered to the extent possible as a valuable resource, and be made use of wherever and whenever desirable and economically justifiable; therefore, it shall be the policy of the Commonwealth to, above all things, encourage resource conservation and preservation of our natural resources before such waste contributes in a needless fashion to the volumes of solid waste and litter produced by our society, but in dealing with existing solid waste, materials recovery from the solid waste stream is deemed to be the most environmentally sound alternative for handling waste.

(8) It is not the intent of this chapter to prohibit or discourage the participation of the private sector in any aspect of solid waste management. Moreover, it is preferable for solid waste management functions to be performed by the private sector when such is in the best interests of the public and conforms with the policies and provisions set forth in this chapter.

(9) Notwithstanding any provision of KRS Chapters 82, 83 and 94, it is the intent of the general assembly that this chapter and KRS 67.083 (3)(o) provide counties with *primary* [~~exclusive~~] authority to develop a solid waste management system for solid waste generated within the geographical boundaries of the county, consistent with the provisions of this chapter and KRS Chapter 224. It is further the intent of the general assembly that cities be authorized to finance, own, and operate solid waste management systems with the consent of the county or by contract with the county, except that in the event a county fails to submit a plan for solid waste management pursuant to KRS 224.887 [~~or fails to include in the plan provisions for solid waste management within the city,~~] cities may proceed to develop solid waste management systems consistent with regulations promulgated by the department pursuant to KRS Chapter 224. Cities that develop solid waste management facilities pursuant to this section shall have all the powers and restrictions set forth for counties in KRS 109.041, *109.056, 109.059* [~~109.180, 109.250~~], and 109.062.

(10) It is the intent of the general assembly that this chapter provide counties with three (3) alternative approaches to the development and implementation of solid waste management plans. With the approval of the department, a single county may function as a solid waste management area as provided in KRS 109.072, or counties may elect to operate as a multi-county area in which they may agree to function pursuant to the terms of a contract as provided in KRS 109.082, or a county or counties may elect to operate as a waste management district pursuant to this chapter.

(11) It is the intent of the general assembly that waste management districts and solid waste management areas, which are formed and operated under this chapter, shall comply with the standards set by regulations promulgated by the department pursuant to KRS Chapter 224.

Section 2. KRS 109.041 is amended to read as follows:

(1) In addition to all other powers enumerated in Chapter 67 and other sections of the Kentucky Revised Statutes, counties, acting by and through their fiscal courts, may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter. It is hereby determined and declared that in the implementation, acquisition, financing and maintenance of solid waste management facilities, and in the enforcement of their use, counties will be performing state functions duly delegated to them for the public welfare. In such regard, the right of counties to condemn land necessary for the acquisition of solid waste management facilities pursuant to the Eminent Domain Act of Kentucky and to exercise the police power in respect thereto is confirmed. Any county may contract with third parties for the management by public or private means of solid waste within the county.

(2) No *sanitary landfill* [~~solid waste management facility~~] shall be acquired and constructed until the construction thereof has been approved in writing by the department. Planning for sanitary landfills shall be conducted only in accordance with the policy set forth in KRS 109.011(7).

(3) *Except as provided in KRS 109.062,* no county or waste management district shall prohibit or otherwise restrict the resource recovery of materials by:

(a) Any resource recovery operation in existence in the county or district on the effective date of the mandatory program; or

(b) Any person supplying material to resource recovery operations on the effective date of the mandatory program; or

(c) Any new resource recovery operation that reclaims the same type of materials as resource recovery operations included in paragraph (a) of this subsection; or

(d) Any new suppliers to resource recovery operations included in paragraphs (a) and (c) of this subsection; or

(e) Any resource recovery operation for glass, plastic or metal beverage containers, unless a commitment has been made by a local government or other political subdivision of the state, by ordinance or contract, to a solid waste project consistent with the provisions of this chapter, that is dependent upon the resource recovery of glass, plastic or metal beverage containers to meet its financial obligations for said project, and such commitment has been made prior to the operation of any other such resource recovery facility in the county or district; or

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(4) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

(5) Any county undertaking the planning, implementation, construction, installation, acquisition and financing of a solid waste management facility pursuant to this chapter shall have the authority set forth in Chapter 58 of the Kentucky Revised Statutes concerning the financing of such solid waste management facility including the authority to promulgate, enforce and collect reasonable rates, rentals and charges for the use of such solid waste management facility.

(6) Bonds authorized to be issued by any county pursuant to the authority of this chapter for the financing of solid waste management facilities may be sold at either private or public sale as may in the sound discretion of the county be in the best interests of the county.

(7) Any county undertaking solid waste management pursuant to the provisions of this chapter may contract with any person for the provision of solid waste management services. *A county may contract with any city to provide solid waste management services or may delegate the responsibility for solid waste management within incorporated areas to a city when the city agrees to assume such responsibility.* In connection with solid waste management, any county may enter into contracts with any person for any term of years.

(8) Counties are authorized to charge a reasonable fee to haulers for the handling of their waste at a solid waste management facility approved by the department.

(9) Counties are authorized to sell or market materials and energy recovered from solid waste and to enter into long-term contracts guaranteeing supply to insure markets for the sale of recovered products.

(10) In carrying out the provisions of this chapter, counties shall be subject to standards set by regulations promulgated by the department on waste management pursuant to KRS Chapter 224.

(11) No county or waste management district shall prohibit long-term contracts by ordinance or other means.

(12) Counties are expressly authorized in addition to the powers enumerated in KRS Chapter 65 and this chapter to contract with one another in order to regionalize solid waste management to the maximum extent practicable.

Section 3. KRS 109.260 is amended to read as follows:

(1) No provision of this chapter shall preclude a city from providing solid waste management services pending implementation of the approved solid waste management plan submitted by a county or district pursuant to KRS 224.887. Any county or waste management district that includes the provision of solid waste management services to a city in its approved solid waste management plan shall provide the city with written notice at least one (1) year prior to the date it intends to provide such service to the city.

(2) A city may be delegated the responsibility for providing solid waste management services by a county where it is mutually advantageous to do so, and both the city and county agree to the delegation of authority. Upon delegation of responsibility, a city acting by and through its legislative body may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter.

(3) Any solid waste management plan submitted by a county or district pursuant to KRS 224.887, that includes any city that has made a financial commitment for a solid waste management system, shall include provisions for insuring sufficient revenues to the city to retire the debt on said system in accordance with the financial obligations incurred by the city.

Section 4. KRS 224.887 is amended to read as follows:

(1) The cabinet shall promulgate regulations pursuant to KRS Chapter 224 for waste management districts and counties in creating solid waste management areas and for planning for the management and recovery of solid waste, consistent with the statewide plan and the provisions of KRS 109.011.

(2) Pursuant to such regulations, waste management districts and counties shall submit to the cabinet a solid waste management plan by *December 30, 1985* [~~July 1, 1983~~]. An extension not to exceed six (6) months shall be granted to waste management districts and counties that can demonstrate a good faith effort

is being made to develop a plan. Thereafter plans shall be updated once every four (4) years.

(3) *A county may delegate responsibility for preparing all or portions of the plan to one (1) or more cities within the county. Such delegation of responsibility shall be made only with the mutual agreement of the city and county* [~~Any waste management district, group of waste management districts, county or group of counties, or combination of waste management districts and counties acting in accordance with the state comprehensive plan shall apply to the cabinet for designation as a solid waste management area. The application shall include but not be limited to:~~

~~(a) The agreement or contract establishing the proposed area; and~~

~~(b) The bylaws of the proposed area; and~~

~~(c) The area plan~~].

(4) Cities operating solid waste facilities or services, or who contracted with a person to provide such services on or before the effective date of this Act, and pay a prorata share of the cost of plan development may assume joint responsibility with a county for plan development. Where joint responsibility for plan development is assumed, both the county fiscal court and city legislative body must adopt the plan before it is submitted to the cabinet for approval.

(5) A county, group of counties, waste management districts, cities or any combination of the above may apply for and be designated as a solid waste management area. The application shall include but not be limited to:

(a) An area plan;

(b) Resolution of the fiscal court approving the submitted plan and the application for designation;

(c) Resolution of those city legislative bodies in the proposed area that are currently operating waste management facilities or services and have participated in and provided financial assistance in plan development; and

(d) Any agreement or contract necessary to establish the proposed area.

(6) Upon receipt of such application, the cabinet shall either approve the creation of an area for solid waste management purposes or shall disapprove such application, and in the event of disapproval shall state in writing the reasons for such disapproval. Any changes in the application contents shall be submitted to the cabinet.

(7) Solid waste management areas shall be designated for five (5) year terms upon the submission of approved solid waste management plans. At the end of five (5) years if plans are not updated and reapproved by the cabinet, the designation of the county, counties, waste management district or cities as a solid waste management area shall terminate.

Section 5. KRS 224.888 is amended to read as follows:

Each area solid waste management plan shall be prepared in accordance with regulations to be promulgated by the cabinet and shall be required to include [~~only~~] the following:

(1) *A demographic study of the planning area of current and projected populations five (5), ten (10) and twenty (20) years in the future. A projection of the amount and source of solid waste generated for each of these time periods shall be provided;*

(b) A description of proposed improvements to existing solid waste collection and transportation systems;

(c) Establishment of a siting procedure and development program to assure the orderly location, development and financing of new or expanded disposal facilities. The plan shall demonstrate how every resident in the planning area will within the near future have reasonable opportunity to dispose of their waste in a manner that complies with state and federal laws;

(d) Identification of planned programs for the control and cleanup of litter and open dumps;

There is established a program to provide technical and financial assistance to counties for the purposes of encouraging and improving area-wide solid waste management plans required by KRS 224.887, and to cities, counties and waste management areas and districts for conducting resource recovery, disposal site, and relevant waste management studies. The program will be administered by the cabinet which shall prescribe procedures for applying for, and terms and conditions for receiving assistance. The cabinet shall determine priorities and allocate available funds among those applying for assistance, according to criteria established by regulations adopted by the cabinet, considering population, existing waste management practices, financial need, the type of assistance requested, projected benefits, and compatibility of the proposed study with the statewide plan and goals.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Eligible recipients may receive financial assistance equal to a maximum of fifty percent (50%) of the cost of the planning activity. Financial assistance provided may be used to employ staff, contract with other units of government or qualified consultants, and pay administrative costs involved in plan preparation. Recipients may meet their share of planning costs by cash and contributed services. Assistance may not be used for any acquisition of land or interest in land, equipment, or waste management system operational activities.

SECTION 8. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Financial and technical assistance will be provided to reimburse counties, cities, or waste management districts preparing area-wide solid waste management plans, preparing engineering design and geotechnical studies for disposal sites, conducting resource recovery feasibility and assessment studies, and conducting special solid waste management studies.

(1) Area-wide solid waste management plans. Applicants shall be a county, counties, solid waste management district established under KRS 109.115 or a combination of the above. Assistance may be requested in order to prepare a waste management plan as outlined by KRS 224.888. Applicants are eligible for only one (1) grant every four (4) years.

(2) Disposal site engineering and geotechnical studies. Applicants shall be a county, city, solid waste management area or waste management district preparing disposal site engineering plans or conducting geotechnical studies required by KRS 224.855. Applicants shall have an approved area-wide solid waste management plan, and any proposed disposal site must be consistent with that plan. Prior to receiving any financial assistance, the applicant shall own, or have a legal interest at any proposed site sufficient to allow completion of the detailed study and operation of a waste disposal facility.

(3) Resource recovery study. Applicants shall be a county, city, solid waste management area or district investigating the feasibility of developing a resource recovery facility or operation. Studies may include technological, engineering design, legal, economic, environmental, administrative and institutional considerations. Applicants shall have an approved area-wide solid waste management plan, and the proposed resource recovery project shall be consistent with that plan.

(4) Relevant solid waste management study. Applicants shall be a county, city, solid waste management area or district proposing to conduct: detailed studies in order to implement a solid waste collection, transportation, processing, treatment, or disposal system; a resource conservation or public education program; or analyses of ordinances needed to assure that an adequate management system is provided. Applicants shall have an approved area-wide solid waste management plan, and the proposed study must be consistent with that plan.

Proof of the abatement shall be documented by notice to the surety from the cabinet. Nothing contained herein shall be construed to relieve the surety of its liability for areas disturbed within the thirty (30) day notice period. The *surety shall remain obligated for the full extent of the bond for reclamation of all areas disturbed prior to the cabinet's approval of the cancellation.*

SB 298, AN ACT relating to surface mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) An applicant who desires to remine property which is classified as abandoned mine land under KRS 350.560 may apply to the secretary for inclusion under the abandoned mine land enhancement program. As long as there is an amount undesignated in the abandoned mine land enhancement fund, as created by KRS 350.990, equal to fifty percent (50%) of the bond assessment on the property which is abandoned mine land, the secretary may designate that amount for the property and reduce the bond assessment on the property by an amount up to fifty percent (50%).

(2) In the event of bond forfeiture on the property, monies from the abandoned mine land enhancement fund may be used to supplement the forfeited bond toward completion of the reclamation effort.

Section 2. KRS 350.990 is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, may be liable to a civil penalty of not more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not more than five thousand dollars ($5,000) for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section; provided, however, that any operator or person who fails to abate a violation noted in a notice of noncompliance or an order for immediate compliance and cessation within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not more than five thousand dollars ($5,000) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4). Each day of continuing violation may be deemed a separate violation for purposes of penalty assessment. The department shall develop a method for calculating monetary penalties and shall promulgate it as a regulation. The secretary or a designated representative, upon his or her own initiative or upon written request received within fifteen (15) days after the cabinet mails its proposed penalty assessment, may waive the use of such method for calculating monetary penalties if he or she determines that, taking into account exceptional factors present in the particular case, the penalty is demonstrably unjust. The basis for every waiver shall be fully explained and documented in the records of the case. If the secretary or his or her designated representative waives the use of the formula, he or she shall determine the appropriate penalty upon consideration of the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, whether the permittee was negligent, and the demonstrated good faith of the permittee charged in attempting to achieve rapid compliance after notification of the violation. Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the cabinet's office of general counsel, or upon the secretary's request, by the attorney general. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto. All sums recovered shall be placed in the state treasury, *except those monies collected in excess of eight hundred thousand dollars ($800,000) in any fiscal year shall be deposited in a trust and agency account, entitled the abandoned mine land enhancement fund, for the purposes set forth in Section 1 of this Act. The fund shall be administered by the secretary in accordance with accounting practices as established by the finance and administration cabinet.*

(2) Any person who engages in surface coal mining operations without first securing a permit, as provided in KRS 350.060, or any person who engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who engages in mining operations, without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in

this subsection where an operator through inadvertence has exceeded the boundaries or expiration date of the permit in effect at that time.

(3) It shall be the duty of the cabinet's office of general counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto.

(4) Any person who shall knowingly and willfully violate any of the provisions of this chapter, except as provided in subsection (5) or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both. Each day on which such violation occurs may constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, willfully and knowingly engages in surface coal mining operations without first obtaining a permit from the department or any person who willfully and knowingly engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who willfully and knowingly engages in mining operations without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, with the intent to violate such laws shall be guilty of a Class D felony and upon conviction thereof shall be imprisoned for at least one (1) but not more than five (5) years and may be fined an amount not to exceed ten thousand dollars ($10,000).

(6) Any person who violates any of the provisions of KRS 350.600 or regulations promulgated pursuant thereto shall be subject to civil penalties of not more than twenty-five thousand dollars ($25,000). Each day of continuing violation shall be deemed a separate violation.

(7) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained by the cabinet, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not more than ten thousand dollars ($10,000), or both.

(8) Except as permitted by law, any person who shall willfully resist, prevent, impede, or interfere with the secretary or other personnel of the cabinet in the performance of duties pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(9) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

(10) Any person found in violation of KRS 350.060(11) shall be fined not more than five hundred dollars ($500) for each violation, nor less than fifty dollars ($50.00).

SB 300, AN ACT relating to surface mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in

compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) a ten percent (10%) or more interest of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) *of this section* [~~below~~], except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the bureau for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued*; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan*. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the cabinet shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the cabinet require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The cabinet shall enforce this subsection consistent with *this chapter* [~~KRS Chapter 350~~] except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require, for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(21) Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of *this*

chapter [~~KRS Chapter 350~~], issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(22) All operations involving the crushing, screening, or loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

SB 330, AN ACT relating to hazardous waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.876 is amended to read as follows:

(1) The general assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the general assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The natural resources and environmental protection cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances as defined in KRS 224.877 into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Provide adequate testing, planning, contracting for removal, and cleanup of abandoned hazardous waste sites in all situations and to the extent that responsible parties are economically or otherwise unavailable to properly address the problem when the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section.

(5) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(6) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that generators of "special wastes" and retailers who generate waste oil shall be exempt from said assessment. The assessment shall be reported and paid to the department of revenue on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a report or return in such form as the department of revenue may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon said business under this section shall be reduced by the amount of the federal assessment or tax upon said business; provided, however, that the reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal monies are

available to carry out the duties imposed by subsection (3) of this section the assessment shall cease to be levied and collected until such time as federal monies are no longer available to the Commonwealth for said purposes. The assessment shall be charged against generators of hazardous waste until June 30, *1986* [~~1984~~], and after such date no further hazardous waste management assessment shall be charged against generators. [~~As of July 1, 1984 the assessment shall be charged against hazardous waste disposal facilities according to the quantity by volume of hazardous waste treated and disposed of at that facility.~~]

(7) The assessment on generators shall be determined according to the following criteria for off-site treatment and disposal; the assessment for onsite treatment and disposal shall be one-half of the amount as would be assessed for off-site treatment and disposal except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(a) When the waste is destined for long-term containment without treatment, the assessment shall be two cents ($.02) per gallon initially, and shall increase by one cent ($.01) annually up to five cents ($.05) per gallon in 1983 and remain at five cents ($.05) thereafter if the waste is liquid, or two dollars and fifty cents ($2.50) per cubic yard if the waste is solid. Long-term containment includes disposal in a landfill, long-term storage, and other types of disposal specified by the cabinet.

(b) When a waste not suitable for a long-term containment is chemically treated, resulting in a material which is suitable for long-term containment but is still hazardous, the assessment shall be one cent ($.01) per gallon if the waste is a liquid or one dollar ($1) per cubic yard if the waste is solid.

(c) When the waste is destined for chemical treatment resulting in a material which is not hazardous as determined by testing criteria promulgated by the cabinet, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(d) When the waste is destined for destructive treatment by incineration or other means, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(8) [~~The assessment on hazardous waste disposal facilities to be charged as of July 1, 1984 shall be determined according to the criteria set forth in paragraphs (a), (b), (c), and (d) of subsection (7) of this section for all hazardous waste disposal facilities except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.~~

~~(9)~~]If any generator [~~or operator of a hazardous waste disposal facility~~] fails or refuses to file a return or furnish any information requested in writing by the cabinet, the department of revenue may, from any information in its possession, make an estimate and issue an assessment against such generator [~~or operator of a hazardous waste disposal facility~~] and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(9)[~~(10)~~] If any generator [~~or operator of a hazardous waste disposal facility~~] fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department of revenue, then, unless it is shown to the satisfaction of the department of revenue, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the department of revenue shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(10)[~~(11)~~] If the assessment imposed by this chapter, whether assessed by the department of revenue, or the generator [~~or operator of a hazardous waste disposal facility~~], or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the department of revenue.

(11)[~~(12)~~] There is hereby created within the state treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The department of revenue shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the state treasury shall be deposited in the hazardous waste management fund. When the state treasurer certifies to the department that the balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the state treasurer certifies to the department of revenue that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000).

(12)[~~(13)~~] Upon request of the secretary, monies accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, monies from the fund shall not be used when federal monies are available to carry out said duties except when immediate action is required to protect public health or the environment in which case the department shall actively pursue reimbursement of the fund by any available federal monies.

SB 262, AN ACT relating to arbitration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

A written agreement to submit any existing controversy to arbitration or a provision in written contract to submit to arbitration any controversy thereafter arising between the parties is valid, enforceable and irrevocable, save upon such grounds as exist at law for the revocation of any contract. This Act does not apply to arbitration agreements between employers and employes or between their respective representatives and does not apply to insurance contracts.

SECTION 2. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

(1) On application of a party showing an agreement described in Section 1 of this Act, and the opposing party's refusal to arbitrate, the court shall order the parties to proceed with arbitration. If the opposing party denies the existence of the agreement to arbitrate, the court shall proceed summarily to the determination of the issue so raised. The court shall order arbitration if found for the moving party; otherwise, the application shall be denied.

(2) On application, the court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. Such an issue, when in substantial and bona fide dispute, shall be forthwith and summarily tried and the stay ordered if found for the moving party. If found for the opposing party, the court shall order the parties to proceed to arbitration.

(3) If an issue referable to arbitration under the alleged agreement is involved in an action or proceeding pending in a court having jurisdiction to hear applications under subsection (1) of this section, the application shall be made therein. Otherwise and subject to Section 17 of this Act, the application may be made in any court of competent jurisdiction.

(4) Any action or proceeding involving an issue subject to arbitration shall be stayed if an order for arbitration or an application therefor has been made under this section; or if the issue is severable, the stay may be with respect thereto only. When the application is made in such action or proceeding, the order for arbitration shall include such stay.

(5) An order for arbitration shall not be refused on the ground that the claim in issue lacks merit or bona fides or because any fault or grounds for the claim sought to be arbitrated have not been shown.

SECTION 3. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. In the absence thereof, or if the agreed method fails or for any reason cannot be followed, or when an arbitrator appointed fails or is unable to act and his successor has not been duly appointed, the court on application of a party shall appoint one (1) or more arbitrators. An arbitrator so appointed has all the powers of one (1) specifically named in the agreement.

SECTION 4. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

The powers of the arbitrators may be exercised by a majority unless otherwise provided by the agreement or by this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

Unless otherwise provided by the agreement:

(1) The arbitrators shall appoint a time and place for the hearing and cause notification to the parties to be served personally or by certified mail not less than five (5) days before the hearing. Appearance at the hearing waives such notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause, or upon their own motion may postpone the hearing to a time not later than the date fixed by the agreement for making the award, unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. The court on application may direct the arbitrators to proceed promptly with the hearing and determination of the controversy.

(2) The parties are entitled to be heard, to present evidence material to the controversy and to cross-examine witnesses appearing at the hearing.

(3) The hearing shall be conducted by all the arbitrators but a majority may determine any question and render a final award. If, during the course of the hearing, an arbitrator for any reason ceases to act, the remaining arbitrator or arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

SECTION 6. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

A party has the right to be represented by an attorney at any proceeding or hearing under this Act. A waiver thereof prior to the proceeding or hearing is ineffective.

SECTION 7. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

(1) The arbitrators may issue subpoenas for the attendance of witnesses and for the production of books, records, documents and other evidence, and shall have the power to administer oaths. Subpoenas so issued shall be served and, upon application to the court by a party or the arbitrators, enforced, in the manner provided by law for the service and enforcement of subpoenas in a civil action.

(2) On application of a party and for use as evidence, the arbitrators may permit a deposition to be taken, in the manner and upon the terms designated by the arbitrators, of a witness who cannot be subpoenaed or is unable to attend the hearing.

(3) All provisions of law compelling a person under subpoena to testify are applicable.

(4) Fees for attendance as a witness shall be the same as for a witness in the circuit court.

SECTION 8. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

(1) The award shall be in writing and signed by the arbitrators joining in the award. The arbitrators shall deliver a copy to each party personally or by certified mail, or as provided in the agreement.

(2) An award shall be made within the time fixed therefor by the agreement or, if not so fixed, within such time as the court orders on application of a party. The parties may extend the time in writing either before or after the expiration thereof. A party waives the objection that an award was not made within the time required unless he notifies the arbitrators of his objection prior to the delivery of the award to him.

SECTION 9. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

On application of a party to the arbitrators or, if an application to the court is pending under Section 11, 12 or 13 of this Act, on submission to the arbitrators by the court under such conditions as the court may order, the arbitrators may modify or correct the award upon the grounds stated in paragraphs (a) and (b) of subsection (1) of Section 13 of this Act, or for the purpose of clarifying the award. The application shall be made within twenty (20) days after delivery of the award to the applicant. Written notice thereof shall be given forthwith to the opposing party, stating he must serve his objections thereto, if any, within ten (10) days from the notice. The award so modified or corrected is subject to the provisions of Sections 11, 12 and 13 of this Act.

SECTION 10. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

SECTION 12. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

(1) Upon application of a party, the court shall vacate an award where:

(a) The award was procured by corruption, fraud or other undue means;

(c) The arbitrators exceeded their powers;

(d) The arbitrators refused to postpone the hearing upon sufficient cause being shown therefor or refused to hear evidence material to the controversy or otherwise so conducted the hearing, contrary to the provisions of Section 5 of this Act, as to prejudice substantially the rights of a party; or

(e) There was no arbitration agreement and the issue was not adversely determined in proceedings under Section 2 of this Act and the party did not participate in the arbitration hearing without raising the

objection; but the fact that the relief was such that it could not or would not be granted by a court is not ground for vacating or refusing to confirm the award.

(2) An application under this section shall be made within ninety (90) days after delivery of a copy of the award to the applicant; except that, if predicated upon corruption, fraud or other undue means, it shall be made within ninety (90) days after such grounds are known or should have been known.

The time within which the agreement requires the award to be made is applicable to the rehearing and commences on the date of the order.

(4) If the application to vacate is denied and no motion to modify or correct the award is pending, the court shall confirm the award.

SECTION 13. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

(1) Upon application made within ninety (90) days after delivery of a copy of the award to the applicant, the court shall modify or correct the award where:

(b) The arbitrators have awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; or

(c) The award is imperfect in a matter of form, not affecting the merits of the controversy.

(2) If the application is granted, the court shall modify and correct the award so as to effect its intent and shall confirm the award as so modified and corrected. Otherwise, the court shall confirm the award as made.

(3) An application to modify or correct an award may be joined in the alternative with an application to vacate the award.

SECTION 14. A NEW SECTION OF KRS CHAPTER 417 IS CREATED TO READ AS FOLLOWS:

The court may make such additional orders or judgments as may be necessary to restore to any person in interest any moneys or property, real or personal, which may have been *paid out as a result* [~~acquired by means~~] of any practice declared to be unlawful by KRS 367.110 to 367.300, including the appointment of a receiver or the revocation of a license or certificate authorizing any person to engage in business in the Commonwealth or both.

SB 305, AN ACT relating to consumer protection.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 367.865 is amended to read as follows:

(1) Effective January 1, 1983, each motor vehicle manufacturer shall offer to the buyer a comprehensive informal dispute resolution system. By transacting business in the Commonwealth of Kentucky, each manufacturer is deemed to have voluntarily consented to participate in the system. Each system shall operate pursuant to written rules and procedures which:

(a) Ensure that the system is impartial, accessible to the buyer, and expeditious, and shall operate at no cost to the buyer;

(b) Provide that if the buyer elects to submit the dispute to the system, the manufacturer shall not refuse to submit the dispute to the system as long as the subject of the dispute occurred during the first two (2) years or twenty-five thousand (25,000) miles, whichever occurs first, of the buyer's ownership of the motor vehicle involved in the dispute;

(c) Provide that the system shall provide for an oral hearing, unless the buyer agrees in writing that the system shall render a decision based solely on documents submitted to it;

(d) Shall include, but is not limited to, procedures for informing the buyer of the existence of the system, preparing the agreement between the buyer and the manufacturer whereby the dispute may be submitted to the system, selecting the members of the decision-making panel, notifying the parties of the complaint, investigating the complaint, providing for hearings, rendering a fair and expeditious decision, and informing parties of the decision.

(2) The decision of the system shall be legally binding on the *manufacturer* [~~parties~~]. *The decision of the system shall not be legally binding on the buyer, unless the manufacturer elects to have its system binding on all buyers who summit their disputes to the system. If the system is to be binding to both parties,* the written agreement between the buyer and the manufacturer whereby the dispute is submitted to the system shall include in conspicuous, bold-faced type the following statement:

"YOU SHOULD REMEMBER THAT BY ENTERING INTO THIS AGREEMENT YOU ARE DECIDING TO USE THIS DISPUTE RESOLUTION SYSTEM TO SETTLE YOUR DISPUTE INSTEAD OF GOING TO COURT. AFTER A DECISION BY AN ARBITRATOR, NORMALLY A COURT WILL REFUSE TO HEAR THE FACTS IN A CASE IN ALL BUT THE MOST UNUSUAL SITUATIONS. YOUR SIGNATURE IS REQUIRED IMMEDIATELY BELOW TO INDICATE THAT YOU HAVE READ THIS DISCLOSURE.

----------------------------"

SIGNATURE OF BUYER

(3) Before a dispute may be submitted to *a* [~~the~~] system *which is legally binding on both parties,* the buyer shall sign the disclosure statement required by subsection (2) of this section.

(4) Each manufacturer shall take steps reasonably calculated to make the buyer aware of the existence of the system at the time the dispute arises.

(5) Each manufacturer shall take all steps necessary to ensure that the system is sufficiently insulated from the manufacturer so that the decisions of the system are not influenced by the manufacturer. The system's decision-making panel shall be composed of members at least fifty-one percent (51%) of whom have no involvement in the manufacture, distribution or sale of motor vehicles. No member deciding a dispute shall be a party to the dispute; nor shall any member deciding a dispute be an employe or agent of a party to the dispute, unless solely for the purpose of impartially deciding disputes.

(6) Nothing herein shall prohibit the manufacturer from participating in a system sponsored or administered by an impartial third party having no direct involvement in the manufacture, distribution, sale, or service of motor vehicles.

(7) Each dispute resolution system shall provide to the office of the attorney general, upon request, the name and address of each buyer whose complaint is resolved through its system. The attorney general shall have the authority to monitor each dispute resolution system as well as review the records on each complaint, upon request. An annual report shall be prepared and published by the office of the attorney general evaluating the performance, effectiveness, and benefits of the system, and shall include in this report recommendations for continuing, modifying, or terminating the requirement of this section.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 367.860 to 367.870, a dispute resolution system which is established pursuant to and in compliance with 16 C.F.R. Part 703 satisfies the requirements of this Act, as long as the dispute resolution system provides each party to the dispute with the right to an oral hearing.

(e) Select or develop an appropriate evaluation system to measure competency of new teachers and of teachers advancing on the career ladder.

(4) Areas of competency specified in subsection (3) of this section shall include, but not be limited to, an understanding of school curriculum, teaching practices and procedures, use of materials, discipline, knowledge of the learning process and academic content.

(5) The department of education shall be responsible for convening all meetings of the committee and provide technical assistance for the committee. The committee shall complete its work by July 1, 1985, and shall submit its report to the state board of education, legislative research commission, and the interim joint committee on education for review, and the report shall be presented to the general assembly in 1986.

(6) The committee shall develop an inservice training program for all school principals by August 15, 1985. The department of education shall implement the program as funds become available. The program shall include but not be limited to supervision of instruction, curriculum planning, discipline, cooperation with parents, working with students, maintenance and operation of school buildings, handling of extra curriculum activities, and faculty planning and improvement. Included in the program shall also be a statewide system of evaluation on both performance and knowledge.

(7) All teachers who enter the teaching profession and are employed as regular teachers beginning with the 1984-85 school year shall be classified as interns and shall enter the profession on the career ladder. For the 1984-85 school year, teachers who were employed in a school system during the previous school year shall remain in the appropriate classification established by KRS 157.390. All out-of-state teachers shall serve the one (1) year internship and comply with all requirements of the internship program.

(8) Any teacher who is employed during the 1984-85 school year, other than interns, may apply for admission to the career ladder prior to the 1985-86 school year. (1) In cooperation with the Kentucky education association, the Kentucky school boards association,

the Kentucky association of school administrators, the parent-teachers association, the Kentucky chamber of commerce, the farm bureau, members of the interim joint committee on education and other interested groups, the department of education shall develop statewide student discipline guidelines and recommendations designed to reduce the dropout rate in the state's public schools.

(2) The department shall obtain statewide data on major discipline problems and reasons why students drop out of school. In addition, strategies currently being used successfully in programs in Kentucky and in other states shall be incorporated into the statewide guidelines and the recommendations to reduce dropouts.

(3) Copies of the discipline guidelines shall be distributed to all school districts by January 1, 1985. The statewide guidelines shall contain broad principles to guide local districts in developing their own discipline code, which shall be filed with and approved by the state department of education and state board of education. The local code shall be distributed to all students and parents in the district.

(4) The recommendations to reduce dropouts shall be implemented during the 1985-86 school year. The department of education shall first provide technical assistance to those districts reporting the greatest number of dropouts. Reporting requirements shall be established by the department of education; however, reports shall be prepared in a manner that will provide data on successful strategies for dropout prevention.

SECTION 4. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) No later than August 15, 1984, the governor shall appoint a committee on student competency that shall be responsible for identifying the skills and the knowledge of subject matter to be required of all pupils to proceed through the public school system. These requirements shall be developed for each grade level and for each subject at the high school level.

(2) The committee shall not exceed twenty-five (25) members and it is recommended that the membership include representatives from the following: colleges and universities, the department of education, the council on teacher education and certification, elementary principals, secondary principals, classroom teachers teaching at various grade levels and having a variety of areas of certification, the chamber of commerce, the Kentucky association of school administrators, the Kentucky education association, the Kentucky school boards association, parent teacher associations, and citizens at large.

(3) The department of education, with the approval of the state board of education, shall serve as a resource unit providing information to assist the committee. The committee is authorized to employ consultants, and to appoint subcommittees with specific knowledge about each topic being considered.

(4) The committee shall complete its work by August 1, 1985, and shall submit a report to the state board of education, the legislative research commission, and the interim joint committee on education. With the approval of the state board of education, the program shall be implemented in the 1985-86 school year.

(5) The report developed by the committee shall stipulate that at least seventy percent (70%) of the time in each elementary school week shall be spent on basic skills. These include reading, spelling, handwriting, language and composition, and mathematics which shall be required until such time as each student demonstrates the expected competency. This applies to the first eight (8) grades of school regardless of the organizational pattern of the school. In addition, subject matter content in the elementary schools for this seventy percent (70%) time block shall consist of history, geography, mathematics, science, reading, language, library skills and writing. The remainder of the week may be scheduled by the local school in the most appropriate manner with music, art, physical education, health, career education, environmental education and consumer education being a part of the elective program.

(6) The committee shall further stipulate in its report that all secondary school students in grades nine (9) through twelve (12) shall continue to develop competency in reading and writing, including grammar and spelling with two-thirds of their time or sixty-six percent (66%) being devoted to courses in literature, biological science, physical science, mathematics, history, geography and sociology. The school system shall provide appropriate elective courses, including all vocational subjects, for the remainder of the student's program.

(7) In enacting this legislation, the general assembly is supplementing the provisions of the Educational Improvement Act of 1978 and, by so doing, reaffirms the requirements of that legislation as placed on the state department of education and local school districts. Furthermore, the superintendent of public instruction is hereby directed to fully carry out the purpose and intent of that legislation and all that it entails in providing for a program of quality education in the Commonwealth.

SECTION 5. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

The department of education shall develop, or cause to be developed, a statewide kindergarten program which shall include basic principles of child development, early childhood education, and all other related concepts which deal with generally accepted kindergarten programs. This program shall be implemented statewide by the department of education beginning in the 1985-86 school year.

Section 6. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public

instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for gifted and talented children when units are included in the executive budget, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) (a) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each *twenty-five (25) full time equivalent pupils in average daily attendance in kindergarten; except when sufficient funding is appropriated to the kindergarten program, one (1) unit shall be provided for each twenty (20) full time equivalent pupils in average daily attendance. One (1) classroom unit shall be included for each twenty-five (25) pupils in average daily attendance in grades one (1) through three (3) and for each* twenty-seven (27) pupils in average daily attendance in grades *four (4)* [~~one (1)~~] through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions:

1. An average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted; and

2. An average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted.

(b) *The superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board of education in kindergarten and grades one (1) through twelve (12) except in vocal and instrumental music, art, physical education and special education classes. It is the intention of the general assembly that school districts shall adhere to class sizes upon which funding is based, except where compliance is not practical. Through constant review of classroom size in all districts, the department of education shall prevent school districts from using class size maximums in order to avoid establishing an additional classroom when the number of students is sufficient for an additional unit. The maximum number of pupils enrolled in a class shall be calculated by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures to permit a superintendent to request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A school district may receive an exemption for one (1) class for each grade in each building in any one (1) year.*

(c) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(d)[~~(c)~~] Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of KRS 157.360(1), teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with seubsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that

meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6) (a) In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) *of this section* before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection (5) beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) *of this section* beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of *paragraph* [~~subsection~~] (a) plus *paragraph* [~~subsection~~] (b) *of this subsection* shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12) *of this section*; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) *of this section* and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) *of this section.* For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(11) In allotting classroom units for superintendent, one unit shall be allotted each school district.

(12) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

Section 7. KRS 158.030 is amended to read as follows:

A "common school" is an elementary or secondary school of the state supported in whole or in part by public taxation. No school shall be deemed a "common school" or receive support from public taxation unless the school is taught by a qualified teacher for a term of eight (8) or more months during the school year and every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. Provided, however, that any child who is six (6) years of age or who may become six (6) years of age by October 1, 1979, and any year thereafter, shall attend public school as provided by KRS 157.315 or qualify for an exemption as provided by KRS 159.030. Any child who is five (5) years of age or who may become five (5) years of age by October 1, 1979, and any year thereafter, may enter a public school kindergarten. *Effective July 1, 1987, successful completion of kindergarten shall be a prerequisite for a child's entrance into the first grade. The state board of education shall establish, by regulation, methods of* *verifying successful completion of kindergarten and any extenuating circumstances for which waiver of the above prerequisite may be granted. The local school district, with the approval of the state department of education, may organize the local kindergarten program in the manner most appropriate to the local situation provided the plan assures that each child receives an average of fifteen (15) hours class time per week. The local district may use five (5) three (3) hour sessions per week; alternate sessions of three (3) days a week with one group and two (2) days a week with a second group with the two (2) groups reversing days every other week; or any other approved plan.* [~~Any child who has successfully completed kindergarten and shall be six (6) years of age by December 31, 1980 shall be eligible for enrollment in the first grade notwithstanding any other age requirements of this section, and any child who has attended nursery school and will be five (5) years of age on or before December 31, 1980 shall be eligible for enrollment in a public kindergarten program in the 1981-82 school year and in the first grade during the 1982-83 school year.~~]

Section 8. To carry out the purposes of Section 2 and Section 4 of this Act, there is appropriated to the department of education out of the General Fund of the State Treasury the sum of $100,000 for the 1984-86 biennium.

The publication shall take place after the cabinet has made a preliminary determination of the application.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(4) No permit shall be issued until at least thirty (30) days have expired following publication of the application. In the case of hazardous waste *incinerators,* landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to subsection (5) of this section. *Except that in the case of a hazardous waste incinerator, the procedure set forth in subsection (5) of this section shall not apply if a local unit of government wherein the incinerator is proposed has adopted zoning regulations pursuant to KRS Chapter 100.*

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In no case shall a permit to construct a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5), *unless the exception set forth in KRS 224.855(4) applies,* except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) through KRS 224.855(4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste *incinerators,* landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5), *unless the exception set forth in KRS 224.855(4) applies;* in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial

present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure.

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). A hazardous waste disposal facility shall maintain additional excess liability coverage in the amount of at least ten million dollars ($10,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be five million dollars ($5,000,000) per occurrence with an annual aggregate of ten million dollars ($10,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any

time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill or that the teacher was absent for the purpose of attending to a member of his immediate family who was ill. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. (3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the

Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than *twenty-seven (27)* [~~thirty (30)~~] years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than *twenty-seven (27)* [~~thirty (30)~~] years, whichever is the lesser number. SECTION 2. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

Section 1 of this Act shall be known as the "Effective Instructional Leadership Act."

SB 390, AN ACT relating to the foundation program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for gifted and talented children when units are included in the executive budget, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) (a) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each twenty-seven (27) pupils in average daily attendance in grades one (1) through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions:

1. An average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted; and

2. An average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted.

(b) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(c) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of KRS 157.360(1), teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than

full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6) (a) In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(c) In allotting classroom units for exceptional children for home and hospital instruction, one (1) unit excluding the capital outlay allotment, shall be allotted for each ten (10) children in average daily attendance in the current school year who have been properly identified according to state board of education regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education.

(d) Pursuant to regulations of the department of education, a portion of the classroom units for exceptional children appropriated in the biennial budget may be used to provide home or hospital instruction on an hourly basis for pupils properly identified according to state board of education regulations. A reimbursement formula shall be established by regulation to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, a reasonable allotment for travel expenses to and from instructional assignments, but such formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education.

(7) (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) *of this section* before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection (5) *of this section* beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) *of this section* beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of *paragraph* [~~subsection~~] (a) plus *paragraph* [~~subsection~~] (b) *of this subsection* shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12) *of this section*; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2). For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget

without approval of the governor.

(11) In allotting classroom units for superintendent, one unit shall be allotted each school district.

(12) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

Section 2. KRS 157.390 is amended to read as follows:

(1) (a) The superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board of education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) (a) The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360(5), (7), (8), (9) and (11) *of this section* shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the appropriate state board. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

(b) The state board of education with the recommendation of the superintendent of public instruction, may designate local school districts as experimental districts for the utilization as classroom units para-professionals and teacher aides under KRS 157.360(2). In experimental districts, foundation program fund calculations shall include, with respect to one or more schools in the district, an amount for para-professionals and teacher aides. This amount may be equal to a maximum of fifty percent (50%) of the amount included for a teacher in Rank III with no experience but may not exceed the salary paid the para-professional or teacher aide, multiplied by the number of approved para-professionals and teacher aides employed in the designated school or schools.

(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half (1/2) the number of certificated teachers in the designated school or schools.

(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the state board of education may use a ratio greater than twenty-seven (27) to one (1) for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units, *except those allotted pursuant to KRS 157.360(6)(c) and (d)* by the amounts set forth in the biennial budget.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil

per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

Section 3. KRS 157.410 is amended to read as follows:

For each school year the finance and administration cabinet, on the certification of the superintendent of public instruction, shall draw warrants as specified hereinafter on the state treasurer for the amount of the public school foundation program fund due each district. Checks shall be issued by the state treasurer and transmitted to the department of education for distribution to the proper officials of the several school districts when the districts have fully complied with the school laws and Kentucky administrative regulations of the state board of education. The superintendent of public instruction shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-twelfth (1/12) of the prior year's allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth (1/12) of each district's share of the tentative calculation for instructional salaries, current expenses, and transportation of the public common school foundation program fund shall be distributed. On or before May 1 of each year the superintendent of public instruction shall determine the exact amount of the public common school foundation program fund to which each district is entitled, *except those funds allotted pursuant to KRS 157.360(6)(c) and (d)* and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter. *Final allotment of funds due each district pursuant to KRS 157.360(6)(c) and (d) shall not be calculated and distributed to the district until the last monthly report is received by the department of education.* Capital outlay shall be made in two (2) payments. The first, on or before October 1, shall be one-half (1/2) of the amount calculated on the tentative allocation for capital outlay. The balance due shall be paid on or before May 1.

Such certification shall not be construed to constitute a warranty or guarantee.

Section 3. KRS 350.029 is amended to read as follows:

The department is hereby authorized and empowered to adopt, after public hearing, reasonable regulations in order to formulate and establish effective programs for the control of surface soil disturbance in connection with mining as defined by the interstate mining compact. Such regulations shall follow the general standards established in article III of the interstate mining compact. The department shall have the authority to adopt such regulations prior to the effective date of the interstate mining compact and irrespective of whether the state becomes a member or withdraws from membership in the interstate mining compact. Nothing in this section shall be construed to grant the department additional authority in regulating the strip mining of coal or clay, and the authority granted to the department by this section shall be separate from the powers of the department already enacted relating to the strip mining of coal and clay. *Except in the case of non-coal strip mining operations which existed on or before the effective date of this section, the prohibitions of KRS 350.085(1) through (4) shall apply to permit determinations concerning non-coal strip mining operations.*

Section 4. KRS 350.230 is amended to read as follows:

Irrespective of date of issuance of a permit, all *persons or* operators shall immediately conform to any statutes enacted or regulations adopted on the effective date of such statute or regulation. *No change in a statute, rule, or regulation shall serve to discharge a surety on any bond obligation.* This section shall not require the regrading or replanting of any area on which such work was satisfactorily performed prior to the effective date of the statute or regulation. The department shall specify for every regulation promulgated pursuant to this chapter the effective date of such regulation. However, the department may specify a reasonable period of time in which *persons or* operators shall conform to any regulations adopted when it finds that such conformance time is reasonably necessary.

Section 5. KRS 350.600 is amended to read as follows:

(1) The general assembly finds that there has been a recent interest in the Commonwealth in the mining and processing of oil shale *and tar sands* due to the critical need for fossil fuel which has developed in this country. The general assembly further finds that the development of this fossil fuel could be of significant long range benefit to the Commonwealth and to the United States of America, but that the unregulated extraction and processing of oil shale *and tar sands* within the Commonwealth could cause soil erosion, water pollution and the destruction of aesthetic and agricultural values. The general assembly further finds that, in order to effectively regulate the extraction and processing of oil shale *and tar sands*, the department for natural resources and environmental protection shall conduct extensive research concerning the process, waste production and potentially adverse environmental impacts of such recovery operations.

(2) It is the intent of the general assembly to provide such regulation and control of the mining and processing of oil shale *and tar sands* as to minimize and prevent *their* [~~its~~] adverse effects on the citizens and the environment of the Commonwealth. The general assembly further finds that the department for natural resources and environmental protection is the most competent agency to regulate the extraction and processing of oil shale *and tar sands* due to its expertise in the handling of the surface mining of other minerals and in the regulation of other sources of air and water pollution.

(3) *No person shall engage in the mining and processing of oil shale or tar sands without having first obtained from the cabinet a permit designating the area to be affected by the operation. Permits shall authorize the person to engage in the mining and processing of oil shale or tar sands upon the area of land described in the application for a period not to exceed five (5) years; however, if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining or processing shall be permitted beyond the time period obligations of the initial or extended bond coverage.* [~~The department for natural resources and environmental protection shall file with the regulations compiler reasonable rules and regulations pertaining to oil shale mining operations, which shall include strip mining as defined by KRS 350.010, the surface effects of underground mining of oil shale, and the in situ mining of oil shale by June 30, 1981. No person shall engage in the commercial mining or processing of oil shale until such time as the department promulgates rules and regulations to provide standards for such mining.~~]

(4) *A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the*

permit application, shall be paid before the permit required herein shall be issued. The applicant shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the cabinet, conditioned upon the faithful performance of the requirements set forth in this section and of the rules and regulations of the cabinet. In determining the amount of the bond, the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved, and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds.

(5) The natural resources and environmental protection cabinet shall adopt rules and regulations pertaining to the exploration, mining and processing of oil shale and tar sands to accomplish the purposes of this section. Such regulations shall recognize the distinct differences between the surface effects of in situ processes, the surface effects of underground mining and the strip mining of oil shale and tar sands, and shall be enforced as provided in this section.

(6) In promulgating regulations pursuant to subsection (5) of this section, the secretary shall make written finding that the regulations promulgated are based on sound scientific and engineering data and are reasonably necessary to protect the people and environment of the Commonwealth from the adverse effects of oil shale *and tar sands* extraction. The secretary shall promulgate regulations consistent with existing standards for land, water and air protection. [~~The secretary may conduct a public hearing on the subject of the department's regulation of the extraction and processing of oil shale for the purpose of collecting data and receiving public comments on this issue. The hearing will be held at a time and place to be determined by the secretary in accordance with the policy of the cabinet.~~]

(7) The natural resources and environmental protection cabinet shall have the authority to exercise general supervision and administration and enforcement of this section and all rules and regulations promulgated thereunder.

[~~(5) Prior to the adoption of the regulations required by this section, any person may conduct core drilling, experimentation, removal of samples, or a pilot and demonstration project which involves the mining of not more than five (5) acres for the production of oil shale in any one county. Such core drilling, experimentation, removal of samples, or pilot and demonstration project involving the mining of not more than five (5) acres for the production of oil shale in any one county shall not be initiated until written notification of the intent to perform such operations shall be filed at least fifteen (15) days prior to commencement of such projects by certified mail by the mine operator with the secretary of the department of natural resources and environmental protection of the Commonwealth of Kentucky and with the person(s) holding title to the surface of the land to be utilized for such operations.~~]

(8) The natural resources and environmental protection cabinet shall have the authority and power to conduct investigations and hearings under the provisions of this section and KRS Chapter 224 or regulations adopted pursuant thereto, and to issue, after an opportunity for a hearing, a final order imposing civil penalties pursuant to KRS 350.990 for violation of this section or directing the Kentucky department for surface mining reclamation and enforcement to revoke a permit, where the requirements of this section or the regulations promulgated pursuant thereto have not been complied with, and the performance bond shall then be forfeited to the cabinet; provided that failure to attend a hearing shall be excused for good cause shown.

[~~(6) The secretary of the department of natural resources and environmental protection of the Commonwealth of Kentucky shall be granted the right to monitor such core drilling, experimentation, removal of samples, or pilot and demonstration project as it may deem necessary for the purpose of establishing sound and reasonable scientific and engineering data upon which rules and regulations pertaining to oil shale mining operations in the Commonwealth of Kentucky can be based.~~]

SB 369, AN ACT enacting and entering into the Midwest Interstate Compact on Low-Level Radioactive Waste and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The Midwest Interstate Compact on Low-Level Radioactive Waste is hereby enacted into law and entered into by this state in the form as follows:

ARTICLE I. POLICY AND PURPOSE

There is created the Midwest Interstate Low-Level Radioactive Waste Compact.

The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act (42 U.S.C. 2021), has provided for and encouraged the development of low-level radioactive waste compacts as a tool for managing such waste. The party states acknowledge that Congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis; and, that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to manage such waste be properly provided.

a. It is the policy of the party states to enter into a regional low-level radioactive waste management compact for the purpose of:

1. Providing the instrument and framework for a cooperative effort;
2. Providing sufficient facilities for the proper management of low-level radioactive waste generated in the region;
3. Protecting the health and safety of the citizens of the region;
4. Limiting the number of facilities required to effectively and efficiently manage low-level radioactive waste generated in the region;
5. Encouraging the reduction of the amounts of low-level radioactive waste generated in the region;
6. Distributing the costs, benefits and obligations of successful low-level radioactive waste management equitably among the party states and among generators and other persons who use regional facilities to manage their waste; and
7. Ensuring the ecological and economical management of low-level radioactive wastes.

b. Implicit in the Congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the Compact Commission and the individual party states to this compact by:

1. Expeditious enforcement of federal rules, regulations and laws;
2. Imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and
3. Timely inspection of their licensees to determine their compliance with these rules, regulations and laws.

ARTICLE II. DEFINITIONS

ARTICLE III. THE COMMISSION

a. There is created the Midwest Interstate Low-Level Radioactive Waste Commission. The Commission consists of one voting member from each party state. The Governor of each party state shall notify the Commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member's absence. The method for selection and the expenses of each Commission member shall be the responsibility of the member's respective state.

b. Each Commission member is entitled to one vote. No action of the Commission is binding unless a majority of the total membership cast their vote in the affirmative.

c. The Commission shall elect annually from among its members a chairperson. The Commission shall adopt and publish, in convenient form, bylaws, and policies which are not inconsistent with this compact, including procedures which substantially conform with the provisions of the Federal Administrative Procedure Act (5 U.S.C. ss. 500 to 559) in regard to notice, conduct and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

d. The Commission shall meet at least once annually and shall also meet upon the call of the chairperson or a Commission member.

e. All meetings of the Commission shall be open to the public with reasonable advance notice. The Commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. In selecting any staff, the Commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the Commission.

h. The Commission may:

1. Enter into an agreement with any person, state or group of states for the right to use regional facilities for waste generated outside of the region and for the right to use facilities outside the region for waste generated within the region. The right of any person to use a regional facility for waste generated outside of the region requires an affirmative vote of a majority of the Commission, including the affirmative vote of the member of the host state in which any affected regional facility is located.

2. Approve the disposal of waste generated within the region at a facility other than a regional facility.

3. Appear as an intervenor or party in interest before any court of law or any federal, state or local agency, board or commission in any matter related to waste management. In order to represent its views, the Commission may arrange for any expert testimony, reports, evidence or other participation.

4. Review the emergency closure of a regional facility, determine the appropriateness of that closure, and take whatever actions are necessary to ensure that the interests of the region are protected.

5. Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

i. The Commission shall:

1. Receive and act on the petition of a non-party state to become an eligible state.

2. Submit an annual report to, and otherwise communicate with, the governors and the appropriate

officers of the legislative bodies of the party states regarding the activities of the Commission.

3. Hear, negotiate, and, as necessary, resolve by final decision disputes which may arise between the party states regarding this compact.

5. Adopt an annual budget.

j. Funding of the budget of the Commission shall be provided as follows:

1. Each state, upon becoming a party state, shall pay $50,000 or $1,000 per cubic meter shipped from that state in 1980, whichever is lower, to the Commission which shall be used for the administrative costs of the Commission;

2. Each state hosting a regional facility shall levy surcharges on all users of the regional facility based upon its portion of the total volume and characteristics of wastes managed at that facility. The surcharges collected at all regional facilities shall:

a. Be sufficient to cover the annual budget of the Commission; and

b. Represent the financial commitments of all party states to the Commission; and

c. Be paid to the Commission, provided, however, that each host state collecting surcharges may retain a portion of the collection sufficient to cover its administrative costs of collection, and that the remainder be sufficient only to cover the approved annual budget of the Commission.

k. The Commission shall keep accurate accounts of all receipts and disbursements. The Commission shall contract with an independent certified public accountant to annually audit all receipts and disbursements of Commission funds, and to submit an audit report to the Commission. The audit report shall be made a part of the annual report of the Commission required by this Article.

5. The extended institutional control, after care of any facility; or
6. The transportation of waste to any facility.

n. 1. The Commission is a legal entity separate and distinct from the party states and is liable for its actions as a separate and distinct legal entity. Liabilities of the Commission are not liabilities of the party states. Members of the Commission are not personally liable for actions taken by them in their official capacity.

2. Except as provided under paragraphs m. and n.1., nothing in this compact alters liability for any act, omission, course of conduct or liability resulting from any casual or other relationships.

o. Any person aggrieved by a final decision of the Commission may obtain judicial review of such decision in any court of jurisdiction by filing in such court a petition for review within sixty days after the Commission's final decision.

ARTICLE IV. REGIONAL MANAGEMENT PLAN

The Commission shall adopt a regional management plan designed to ensure the safe and efficient management of waste generated within the region. In adopting a regional waste management plan the Commission shall:

a. Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of regional facilities which are presently necessary and which are projected to be necessary to manage waste generated within the region;

b. Develop and consider policies promoting source reduction of waste generated within the region;

c. Develop and adopt procedures and criteria for identifying a party state as a host state for a regional facility. In developing these criteria, the Commission shall consider all the following:

1. The health, safety, and welfare of the citizens of the party states.
2. The existence of regional facilities within each party state.
3. The minimization of waste transportation.
4. The volumes and types of wastes generated within each party state.
5. The environmental, economic, and ecological impacts on the air, land and water resources of the party states.

d. Conduct such hearings, and obtain such reports, studies, evidence and testimony required by its approved procedures prior to identifying a party state as a host state for a needed regional facility;

e. Prepare a draft management plan, including procedures, criteria and host states, including alternatives, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the Commission shall conduct a public hearing in that state prior to the adoption of the management plan. The management plan shall include the Commission's response to public and party state comment.

ARTICLE V. RIGHTS AND OBLIGATIONS OF PARTY STATES

a. Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

b. Each party state has the right to have all wastes generated within its borders managed at regional facilities subject to the provisions contained in Article IX.C. All party states have an equal right of access to any facility made available to the region by any agreement entered into by the Commission pursuant to Article III.

c. Party states or generators may negotiate for the right of access to a facility outside the region and may export waste outside the region subject to Commission approval under Article III.

d. To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this section shall be construed to require a party state to enter into any agreement with the U.S. Nuclear Regulatory Commission.

e. Each party state shall provide to the Commission any data and information the Commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the Commission.

ARTICLE VI. DEVELOPMENT AND OPERATION OF FACILITIES

a. Any party state may volunteer to become a host state, and the Commission may designate that state as a host state upon a two-thirds vote of its members.

b. If all regional facilities required by the regional management plan are not developed pursuant to section (a), or upon notification that an existing regional facility will be closed, the Commission may designate a host state.

c. Each party state designated as a host state is responsible for determining possible facility locations within its borders. The selection of a facility site shall not conflict with applicable federal and host state laws, regulations and rules not inconsistent with this compact and shall be based on factors including, but not limited to, geological, environmental and economic viability of possible facility locations.

d. Any party state designated as a host state may request the Commission to relieve that state of the responsibility to serve as a host state. The Commission may relieve a party state of this responsibility only upon a showing by the requesting party state that no feasible potential regional facility site of the type it is designated to host exists within its borders.

e. After a state is designated a host state by the Commission, it is responsible for the timely development and operation of a regional facility.

f. To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the extended care of that facility.

g. The Commission may designate a party state as a host state while a regional facility is in operation if the Commission determines that an additional regional facility is or may be required to meet the needs of the region. The Commission shall make this designation following the procedures established under Article IV.

h. Designation of a host state is for a period of twenty years or the life of the regional facility which is established under that designation, whichever is longer. Upon request of a host state, the Commission may modify the period of its designation.

i. A host state may establish a fee system for any regional facility within its borders. The fee system shall be reasonable and equitable. This fee system shall provide the host state with sufficient revenue to cover any costs, including but not limited to the planning, siting, licensure, operation, decommissioning, extended care and long-term liability, associated with such facilities. This fee system may also include reasonable revenue beyond the costs incurred for the host state, subject to approval by the Commission. A host state shall submit an annual financial audit of the operation of the regional facility to the Commission. The fee system may include incentives for source reduction and may be based on the hazard of the waste as well as the volume.

j. A host state shall ensure that a regional facility located within its borders which is permanently closed is properly decommissioned. A host state shall also provide for the care of a closed or decommissioned regional facility within its borders so that the public health and safety of the state and region are ensured.

k. A host state intending to close a regional facility located within its borders shall notify the Commission in writing of its intention and the reasons. Notification shall be given to the Commission at least five years prior to the intended date of closure. This section shall not prevent an emergency closing of a regional facility by a host state to protect its air, land and water resources and the health and safety of its citizens. However, a host state which has an emergency closing of a regional facility shall notify the Commission in writing within three working days of its action and shall, within thirty working days of its action, demonstrate justification for the closing.

l. If a regional facility closes before an additional or new facility becomes operational, waste generated within the region may be shipped temporarily to any location agreed on by the Commission until a regional facility is operational.

m. A party state which is designated as a host state by the Commission and fails to fulfill its obligations as a host state may have its privileges under the compact suspended or membership in the compact revoked by the Commission.

ARTICLE VII. OTHER LAWS AND REGULATIONS

a. Nothing in this compact:

1. Abrogates or limits the applicability of any act of Congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the Congress;

2. Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;

3. Prohibits any storage or treatment of waste by the generator on its own premises;

4. Affects any administrative or judicial proceeding pending on the effective date of this compact;

5. Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;

6. Affects the generation, treatment, storage or disposal of waste generated by the atomic energy defense activities of the Secretary of the U.S. Department of Energy or successor agencies or federal research and development activities as defined in 42 U.S.C. 2021; or

7. Affects the rights and powers of any party state or its political subdivisions to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders or affects the rights and powers of any party state or its political subdivisions to tax or impose fees on the waste managed at any facility within its borders;

8. Requires a party state to enter into any agreement with the U.S. Nuclear Regulatory Commission;

9. Alters or limits liability of transporters of waste, owners and operators of sites for their acts, omissions, conduct or relationships in accordance with applicable laws.

b. For purposes of this compact, all state laws or parts of laws in conflict with this compact are hereby superseded to the extent of the conflict.

c. No law, rule or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.

ARTICLE VIII. ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, ENTRY INTO FORCE, TERMINATION

a. Eligible parties to this compact are the states of Delaware, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Carolina, Virginia and Wisconsin. Eligibility terminates on July 1, 1984.

b. Any state not eligible for membership in the compact may petition the Commission for eligibility. The Commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the Commission, including the affirmative vote of all host states. Any state becoming eligible upon the approval of the Commission becomes a member of the compact in the same manner as any state eligible for membership at the time this compact enters into force.

c. An eligible state becomes a party state when the state enacts the compact into law and pays the membership fee required in Article III(i)(1).

d. The Commission is formed upon the appointment of Commission members and the tender of the membership fee payable to the Commission by three party states. The Governor of the first state to enact this compact shall convene the initial meeting of the Commission. The Commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the Commission and implement the provision of this compact.

e. Any party state may withdraw from this compact by repealing the authorizing legislation but no withdrawal may take effect until five years after the governor of the withdrawing state gives notice in writing of the withdrawal to the Commission and to the governor of each party state. Withdrawal does not affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. Any host state which grants a disposal permit for waste generated in a withdrawing state shall void the permit when the withdrawal of that state is effective.

f. Any party state which fails to comply with the terms of this compact or fails to fulfill its obligations may have its privileges suspended or its membership in the compact revoked by the Commission in accordance with Article III(h)(6). Revocation takes effect one year from the date the affected party state receives written notice from the Commission of its action. All legal rights of the affected party state established under this compact cease upon the effective date of revocation but any legal obligations of that party state arising prior to revocation continue until they are fulfilled. The chairperson of the Commission shall transmit written notice of a revocation of a party state's membership in the compact immediately following the vote of the Commission to the governor of the affected party state, all other governors of the party states and the Congress of the United States.

g. This compact becomes effective July 1, 1983, or at any date subsequent to July 1, 1983, upon enactment by at least three eligible states. However, Article IX, section (b) shall not take effect until the Congress has by law consented to this compact. The Congress shall have an opportunity to withdraw such consent every five years. Failure of the Congress to affirmatively withdraw its consent has the effect of renewing consent for an additional five year period. The consent given to this compact by the Congress shall extend to any future admittance of new party states under section (b) and (c) of this article and to the power of the region to ban the shipment of waste from the region pursuant to Article III.

h. The withdrawal of a party state from this compact under section (e) of this article or the revocation of a state's membership in this compact under section (f) of this article does not affect the applicability of this compact to the remaining party states.

i. A state which has been designated by the Commission to be a host state has ninety days from receipt by the Governor of written notice of designation to withdraw from the compact without any right to receive refund of any funds already paid pursuant to this compact, and without any further payment. Withdrawal becomes effective immediately upon notice as provided in section e. A designated host state which withdraws from the compact after ninety days and prior to fulfilling its obligations shall be assessed a sum the Commission determines to be necessary to cover the costs borne by the Commission and remaining party states as a result of that withdrawal.

ARTICLE IX. PENALTIES

a. Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

b. Unless otherwise authorized by the Commission pursuant to Article III(h) after January 1, 1986 it is a violation of this compact:

1. For any person to deposit at a regional facility waste not generated within the region;
2. For any regional facility to accept waste not generated within the region;
3. For any person to export from the region waste which is generated within the region; or
4. For any person to dispose of waste at a facility other than a regional facility.

c. Each party state acknowledges that the receipt by a host state of waste packaged or transported in violation of applicable laws, rules and regulations may result in the imposition of sanctions by the host states which may include suspension or revocation of the violator's right of access to the facility in the host state.

d. Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

ARTICLE X. SEVERABILITY AND CONSTRUCTION

The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

Section 2. Whereas, eligibility to become a party state to this compact ends on July 1, 1984, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

(2) "Hearing board" means a body established by ordinance and empowered to conduct hearings

pursuant to this Act; and shall be composed of one (1) or more persons appointed in the manner provided by ordinance; and also means any hearing officer or officers appointed by the board. Any action of such hearing officer shall be deemed to be the action of the board; and

(3) "Parking ordinance" means an ordinance regulating parking, standing, or stopping upon the public streets or ways within the local government.

SECTION 2. A NEW SECTION OF KRS CHAPTER 92A IS CREATED TO READ AS FOLLOWS:

(1) Any local government may enact parking ordinances and impose penalties for the violation of such ordinances. Such penalties shall be deemed civil penalties. A local government may, by ordinance, elect to enforce parking ordinances pursuant to the procedures set forth in this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 92A IS CREATED TO READ AS FOLLOWS:

(1) If any motor vehicle is found parked, standing or stopped in violation of a parking ordinance passed by the local government, the vehicle may be cited for the appropriate parking violation. The citing officer shall note the vehicle's registration number and any other information concerning the vehicle which will identify it and, if the driver is not present, shall conspicuously affix to the vehicle a notice of the parking violation.

(2) The form of the notice of the parking violation shall be designated by the local government, but shall contain in substance the following information:

(a) A statement that the notice represents a determination that a parking violation has been committed by the owner of the vehicle and that the determination shall be final unless contested as provided in this Act;

(b) A statement that a parking violation may result in impoundment of the vehicle for which the owner may be liable for a fine and towing, handling and storage charges or fees;

(c) A statement of the specific parking violation for which the citation was issued;

(d) A statement of the monetary penalty established for the parking violation; and

(e) A statement of the options provided in this Act for responding to the notice and the procedures necessary to exercise these options.

(3) The notice of parking violation represents a determination that a parking violation has been committed, and such determination shall be final unless contested as provided in this Act.

SECTION 4. A NEW SECTION OF KRS CHAPTER 92A IS CREATED TO READ AS FOLLOWS:

(1) Any person who receives notice of a parking violation shall respond to such notice as provided in this section within seven (7) days of the date of the notice, by either paying the fine set forth in the notice or requesting a hearing pursuant to Section 5 of this Act.

(2) If the owner of a vehicle cited for a parking violation has not responded to the notice within seven (7) days as provided in subsection (1) of this section, the local government shall send a second notice by certified mail to the last known address of the registered owner of the vehicle as listed on the certificate of title. Such notice shall state that if the owner of the vehicle does not respond to the notice by either paying the fine or by requesting in writing a hearing pursuant to Section 5 of this Act, within seven (7) days of the receipt of the notice, the owner shall be deemed to have waived his right to a hearing and the determination that a violation was committed shall be considered final. Any person who fails to request a hearing or pay the fine within the seven (7) days shall be deemed to have refused to pay the fine levied by the citation.

(3) The registered owner of a vehicle at the time the violation occurred shall be liable for all fines, fees and penalties which he has refused to pay.

SECTION 5. A NEW SECTION OF KRS CHAPTER 92A IS CREATED TO READ AS FOLLOWS:

(1)Any person cited for a parking violation under Section 3 of this Act may contest the determination that a violation occurred by requesting in writing a hearing before the hearing board. Such hearing shall be held no later than fourteen (14) days from the date of receipt of the request, unless prior to the hearing the person requesting such hearing requests an extension of time not to exceed fourteen (14) days. No less than seven (7) days prior to the date set for the hearing, the board shall notify the registered owner of the vehicle of the date, time and place of the hearing. Any person requesting a hearing who fails to appear at the time and place set for the hearing shall be deemed to have refused to pay the fine levied by the citation.

(2) At the hearing, after consideration of the evidence, the board shall determine whether a violation was committed. Where it has not been established that the violation was committed, an order dismissing the citation shall be entered. Where it has been established that a violation was committed, the board shall uphold the citation and order the owner to pay the citation within seven (7) days. A copy of such order shall be furnished the owner. Any person ordered to pay the fine who fails to do so within seven (7) days shall be deemed to have refused to pay the fine levied by the citation.

(3) The board may consider the parking citation and any other written report made under oath by the officer who issued the citation in lieu of the officer's personal appearance at the hearing.

(4) An appeal from the hearing board's determination may be made to the district court of the county in which the city is located within seven (7) days of the board's determination. The appeal shall be initiated by the filing of a complaint and a copy of the board's order in the same manner as any civil action under the Rules of Civil Procedure. The action shall be tried de novo and the burden shall be upon the local government to establish that a violation occurred. If the court finds that a violation occurred, the owner shall be ordered to pay to the local government all fines, fees and penalties occurring as of the date of the judgment. If the court finds that a violation did not occur, the local government shall be ordered to dismiss the citation and the plaintiff shall be authorized to recover his costs.

(5) The judgment of the district court may be appealed to the circuit court in accordance with the rules of civil procedure.

SECTION 6. A NEW SECTION OF KRS CHAPTER 92A IS CREATED TO READ AS FOLLOWS:

(1) Any local government may impound a motor vehicle parked, stopped or standing upon a street or public way within its jurisdiction in violation of an ordinance or statute prohibiting parking, stopping or standing in the location, manner or at the time the vehicle is cited or for any other lawful reason.

(2) The local government, in addition to the fines levied for the parking or traffic offense, may by ordinance impose reasonable towing, handling and storage charges upon such impounded vehicle.

(3) A local government may condition the release of an impounded vehicle upon the payment of the towing, handling and storage charges imposed thereon, unless the owner or other person entitled to possession challenges the validity of the impoundment pursuant to subsection (4) of this section. A vehicle may be released to the owner or other person entitled to possession only upon proof of ownership or right to possession. The local government may require reasonable security, bond or other assurances of indemnification from a person who is not the registered owner of the vehicle prior to releasing the vehicle to such person.

(4) The owner of a motor vehicle which has been impounded pursuant to this section or other person entitled to possession, may challenge the validity of such impoundment and request in writing a hearing before the hearing board. The hearing shall be conducted within ten (10) business days of the date of the request, unless the owner or other person entitled to possession waives the limitation or the local government shows good cause for such delay. The local government shall retain possession of the vehicle pending the hearing, unless the owner or other person claiming right of possession posts a bond in an amount equal to the fines and fees accrued as of the date of the hearing request, or seventy-five dollars ($75) whichever is less. If the owner or person claiming possession of the vehicle is unable to pay the amount of the bond, the hearing shall be held within seventy-two (72) hours of the date the request for hearing is received, unless such person requests or agrees to a continuance.

(5) (a) No less than five (5) days prior to the date set for the hearing, the local government shall notify the person requesting the hearing of the date, time and place of the hearing. In the case of a hearing required to be held within seventy-two (72) hours of the date of the request as provided in subsection (4) of this section, the person requesting the hearing shall be informed at the time of his request, or as soon thereafter as is practicable, of the date and time of the hearing.

(b) Any person who refuses or, except for good cause, fails to appear at the time and place set for the hearing shall be deemed to have conceded on his and the owner's behalf the validity of the impoundment.

(c) At the hearing, after consideration of the evidence, the board shall determine whether the impoundment was valid and reasonable. Where it has not been established that the impoundment was justified, an order releasing the vehicle shall be entered. All fines and fees paid or amounts posted as bond because of the impoundment of the vehicle shall be returned. Where it has been established that the impoundment was justified, the board shall uphold the impoundment and condition the release of the vehicle upon payment of all fines and fees accruing thereto. If bond has been posted as security for release of the vehicle, said bond shall be forfeited to the local government. Any fines or fees in excess of the amount of the bond posted shall be ordered to be paid by the owner of the vehicle to the local government. The board shall furnish the owner or person appearing on the owner's behalf with a copy of its order.

(d) The board may consider a parking citation and any other written report made under oath by the issuing officer in lieu of the officer's personal appearance at the hearing.

(e) An appeal from the hearing board's determination may be made to the district court of the county in which the local government is located within seven (7) days of the board's determination. The appeal shall be initiated by the filing of a complaint and a copy of the board's order in the same manner as any civil action. The action shall be tried de novo and the burden shall be on the local government to establish that impoundment was justified. If the court finds that the impoundment was justified, the owner shall be ordered to pay all fees and fines accruing as of the date of judgment. If the court finds that the impoundment was not justified, the local government shall be ordered to release the vehicle, if applicable, and to return all fines and fees paid as a result of the impoundment and the plaintiff shall be authorized to recover his costs.

(f) The judgment of the district court may be appealed to the circuit court in accordance with the rules of civil procedure.

	1984-85	*1985-86*

Kindergarten units shall be allotted in fiscal year 1984-85 and fiscal year 1985-86 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted in school year 1984-85 shall be based on end of year prior year ADA. The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by 9.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1984-86 biennium shall be determined by multiplying the number of classroom units by: $4,130 in the 1984-85 school year and $4,484 in the 1985-86 school year.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1984-85 and 1985-86 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

In the event that the funds appropriated for pupil transportation in fiscal 1984-85 and fiscal year 1985-86 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

There is appropriated to the various officers, cabinets, departments, boards, commissions, institutions, subdivisions, and other agencies of the State Government only as are listed herein for the fiscal year ending June 30, 1985, and for the fiscal year ending June 30, 1986, Federal subventions, grants, contracts and other Federal funds received, income from investments and other miscellaneous Federal receipts received by any of the following agencies of the State Government, except as otherwise specifically provided, for the use and benefit of each of the below-named agencies of the State Government for the purposes for which each fund is authorized. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS chapter 12, 42, 45, and 48.

In the event receipts received and credited to any Federal Fund account during fiscal year 1984-85 or fiscal year 1985-86, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent, the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the Executive Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all Federal funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1985, and during the fiscal year ending June 30, 1986, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1984 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institution of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Included in the above appropriation is an Economic Development bond authorization of $25 million for fiscal year 1985-86. Before any economic development bonds are issued, the proposed bond issue and the proposed project shall be approved by the Secretary of the Finance and Administration Cabinet and submitted to the Capital Construction and Equipment Purchase Oversight Subcommittee for review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, and Fire and Life Safety projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Subcommittee.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1984, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within forty-five days upon adjournment of the 1984 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1984 General Assembly as well as other acts which provide appropriations for the 1984-86 biennium and based upon supporting documentation and legislative records as considered by the 1984 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management and any supporting documents shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to cover the obligation.

10. The General Assembly recognizes that during fiscal year 1982-83 and fiscal year 1983-84, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 398, of the 1982 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1982 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 398, of the 1982 Acts of the General Assembly took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by PART I, Chapter 398, of the 1982 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 83-325 and 84-160 of the Secretary of Finance and Administration, which Orders are permanent records of the Commonwealth, on file in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 83-325 and 84-160 of the Secretary of the Finance and Administration as the General Fund appropriations for fiscal year 1982-83 and fiscal year 1983-84, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1983-84, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 83-325 and 84-160 of the Secretary of the Finance and Administration, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 83-325 and 84-160, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 398 of the 1982 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1982-83 and fiscal year 1983-84, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 398 of the 1982 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

11. A Surplus Reserve Trust Fund is hereby established. In the event General Fund tax receipts exceed the official estimates in fiscal year 1984-85 and/or in fiscal year 1985-86 by an amount not greater than two and one-half percent (2.5 percent) of the estimate, the Surplus Reserve Trust Fund shall be appropriated 97.0 percent of the General Fund excess amount in fiscal year 1984-85, and shall be appropriated 97.1 percent of the General Fund excess amount in fiscal year 1985-86.

The Surplus Reserve Trust Fund shall be used in the event actual General Fund receipts during the 1984-85 fiscal year or the 1985-86 fiscal year are not sufficient to meet the General Fund appropriation levels authorized in this Act.

12. Pursuant to KRS 48.130, there is hereby established a budget reduction plan for the branches of state government for fiscal year 1984-85 and fiscal year 1985-86. This plan shall be for reduction in the respective budget recommendations for the various branch agencies of state government when projected tax receipts accruing to the General Fund and/or the Road Fund are at least 2 1/2 percent but not more than 5 percent less than the revenue estimates for these funds as determined by the official revenue estimate of the Secretary of the Revenue Cabinet of January 19, 1984.

All appropriation units and areas of state government will be subject to the budget reduction plan. Monies in General Fund Surplus Account created by KRS 48.700 shall be applied toward revenue shortfall in the General Fund. Monies in the Road Fund Surplus Account created by KRS 48.710 shall be applied toward revenue shortfall in the Road Fund.

The Committee Substitute to **HB 475** is as follows:

2. In enacting this appropriations act, it is the deliberate intention of the general assembly to enact each section, and each subsection thereof as a separate and specific appropriation and law, and if any section, any subsection, or any provisions thereof shall be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.
3. (c) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of KRS 157.360(1), teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any

district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) (a) *Unless otherwise provided by the general assembly in a budget bill,* in allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12); one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

Section 11. KRS 157.430 is amended to read as follows:

If, when the apportionments are being determined under the provisions of KRS 157.310 to 157.440, funds appropriated by the general assembly to the public school foundation program fund are insufficient to provide the amount of money required under subsection (6) of KRS 157.390, the superintendent of public instruction, *unless otherwise provided by the general assembly in a budget bill,* shall make a percentage reduction in the allotments to reduce the total of these allotments to funds available.

Section 12. KRS 158.135 is amended to read as follows:

As used in this section, unless the context otherwise requires:

(1) "Out-of-district children," means those children of school age located in a state-operated institution or state-operated day treatment center.

(2) "Current costs and expenses," means all expenditures, other than for capital outlay and debt service, which, in the final result, are an actual charge on the tax revenue of the school district for the furnishing of school services to out-of-district children. Among other things, "current costs and expenses" does not include those expenditures for which the school district receives reimbursement from any source, other than from the state under the provisions of this section. However, in determining such costs and expenses, consideration shall be given to the fact that classroom units are more expensive for exceptional children.

(3) *Unless otherwise provided by the general assembly in a budget bill,* any county or independent school district which provides elementary or secondary school services to out-of-district children shall be reimbursed by the department of education, out of funds not required by law to be expended for other purposes or in any other manner, in an amount equal to all current costs and expenses of the district for furnishing such services in excess of any per capita distribution received from the common school fund on behalf of the children. The school services furnished to out-of-district children shall be substantially equal to those furnished to other school children of the district.

(4) The school district shall make to the superintendent of public instruction such reports as he requires concerning school services for out-of-district children, and shall file with the state agency operating the institution or day treatment center in which the children are located a copy of the annual report made to the superintendent of public instruction.

(5) The school district, at the end of each school year, shall make application to the superintendent of public instruction for the reimbursement due on behalf of school services furnished during the year just ended. After approving the application, the superintendent of public instruction shall notify the secretary of the department of finance who shall cause a warrant, in the appropriate amount, to be drawn in favor of the school district.

(6) Notwithstanding the provisions of any other statute, school districts furnishing services to out-of-district children may operate a year-round program for such children and may be compensated on a year-round basis provided that priority in allotting funds shall be given to one hundred eighty-five (185) day school programs.

Section 13. KRS 271A.625 is amended to read as follows:

The secretary of state shall charge and collect in accordance with the provisions of this chapter *and as may be provided by the general assembly in a budget bill*:

Notwithstanding the provisions of KRS 44.030 or 131.190, the revenue cabinet shall withhold the Kentucky individual income tax refund otherwise due a taxpayer under KRS Chapter 141 who is indebted to any state agency, officer, board, commission, corporation, institution, cabinet, department or other state organization which has complied with the requirements of Section 8 of this Act. After satisfaction of any undisputed delinquent tax liability due the revenue cabinet from such taxpayer, the tax refund balance so withheld shall, except as provided in Section 8 of this Act, be transmitted as soon as practicable to the state agency having established a claim therefor. In the case of multiple state agency claims against the same tax refund, the agency having the larger pending claim shall have priority after satisfaction of any undisputed delinquent tax liabilities due the revenue cabinet.

SECTION 8. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

(1) No state agency shall request the withholding of any individual income tax refund unless there is specific statutory provision for debtor appeal and hearing rights for that particular debt.

(2) State agencies desiring to establish claims against Kentucky individual income tax refunds shall notify the secretary of revenue in writing of such intention by a date established by the revenue cabinet and, by the following December 31, shall furnish a list of all liquidated debts due the agency for which withholding is requested for individual income tax refunds due to be paid during the next calendar year. Such list shall be submitted in such form and contain such information as may be required by the secretary of revenue to facilitate identification of the refunds to be withheld. As used in this Act the term "liquidated debt" means a legal debt for a sum certain, which has been certified by the claimant agency as final due and owing. The claimant agency must have made reasonable efforts to collect such debt, and must have provided the debtor the opportunity for appeal and formal hearing as provided by statute. The claimant agency must send thirty (30) days prior written notification to the debtor of the intention to submit the claim to the revenue cabinet for setoff as provided in this Act.

(3) The individual income tax refund withholding procedures provided in this Act shall be in lieu of the procedures set forth in KRS 427.130 and 44.030 only with regard to sums due to a debtor from the revenue cabinet.

(4) No state agency shall request the withholding of any individual income tax refund unless the debt for which withholding is requested is in a liquidated amount.

(5) Each state agency requesting the withholding of any individual income tax refund shall indemnify the revenue cabinet against any and all damages, court costs, attorneys fees and any other expenses related to litigation which arises concerning the administration of this Act as it pertains to a refund withholding action requested by such agency.

(6) Those state agencies requesting the withholding of individual income tax refunds shall, on a per unit cost or other equitable basis determined by the revenue cabinet, reimburse the revenue cabinet for all development, implementation and administration costs incurred but not otherwise funded under the provisions of this Act.

(7) During the development and implementation phase and the first full year of operation of the program, the revenue cabinet may limit agency participation in the program to ensure orderly implementation of the system.

SECTION 9. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

(1) Upon determining that a pending individual income tax refund is subject to setoff as authorized under this Act, the debtor shall be notified in writing by the revenue cabinet of the claim made against such refund by the named claimant agency, and of the revenue cabinet's intention to set off the refund against the debt to the claimant agency. The notice shall provide that the debtor within thirty (30) days from the date of the notice may request a hearing before the claimant agency as provided by statute. No issues at such hearing may be considered that have been litigated previously and the debtor, after being given due notice of rights of appeal, must exercise such rights in a timely manner. The decision of the claimant agency shall be subject to appeal as all other decisions rendered by the claimant agency. No funds shall be transferred to a claimant agency until the debtor's appeal rights have been exhausted.

(2) Any excess of the pending refund amount over the total claim filed against such refund shall be promptly issued to the taxpayer by the revenue cabinet.

(3) In the event funds transmitted to a claimant agency are subsequently determined by the claimant agency to be in excess of the liquidated debt, such claimant agency shall promptly refund the excess to the taxpayer.

(4) In the event the revenue cabinet erroneously transfers funds to a claimant agency, the claimant agency shall immediately upon notification thereof reimburse the revenue cabinet for the amount erroneously transmitted to such agency. The revenue cabinet shall promptly refund to the taxpayer the appropriate amount of such returned funds with interest as provided in KRS 131.183(2).

SECTION 10. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

(1) Any individual income tax refund determined as a consequence of taxpayers filing separate returns on a combined Kentucky individual income tax form may be apportioned by the revenue cabinet between the spouses based on the ratio of the adjusted gross incomes of each spouse to the total adjusted gross income. The amount of the refund computed to be due the spouse who is not indebted to the claimant agency shall be refunded by the revenue cabinet to such spouse. In the event such refunded amount has been transmitted to the claimant agency, the revenue cabinet shall recover such amount from the claimant agency as provided in Section 9(4) of this Act.

(2) Any individual income tax refund determined as a consequence of taxpayers filing a joint Kentucky individual income tax return shall be deemed as coupled together in interest or liability and shall be subject to transfer to a claimant agency in its entirety.

SECTION 11. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

The revenue cabinet may promulgate rules and regulations necessary to develop, implement and administer the provisions of this Act.

SECTION 12. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

There is hereby created within the revenue cabinet a state debt offset account, which will be subject to the provisions of the restricted fund group, as provided in KRS 48.010(13)(f), and all funds collected under Section 8(5) of this Act shall be credited thereto with only the expenses of the revenue cabinet related to development, implementation and administration of this Act to be paid therefrom. This account shall not lapse.

SECTION 13. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

To defray the cost of development and implementation of this Act, there shall be credited to the state debt offset account an amount not to exceed $175,000, such amount to be derived from the amount of the Kentucky individual income tax refunds withheld under the provisions of this Act for undisputed delinquent taxes due the revenue cabinet.

SECTION 14. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

Except as is necessary in order to comply with exchange of information agreements with the United States internal revenue service and notwithstanding the provisions of KRS 134.580 and 427.130, no Kentucky individual income tax refund shall be withheld for or transmitted to any other person, agency, officer, board, commission, corporation, institution, cabinet, department, or other organization except as provided by this Act."

SECTION 3. A NEW SECTION OF KRS CHAPTER 271A IS CREATED TO READ AS FOLLOWS:

(1) For purposes of subsection (2) of this section:

(a) "Announcement date" means the first general public announcement of the proposal or intention to make a proposal of the business combination or its first communication generally to shareholders of the corporation, whichever is earlier;

b. The market value per share of common stock of the same class or series on the first day in such two-year period on which the interested shareholder acquired any shares of common stock.

(b) The aggregate amount of the cash and the market value as of the valuation date of consideration

other than cash to be received per share by holders of shares of any class or series of outstanding stock other than common stock is at least equal to the highest of the following, whether or not the interested shareholder has previously acquired any shares of a particular class or series of stock:

1. The highest per share price, including any brokerage commissions, transfer taxes and soliciting dealers' fees, paid by the interested shareholder for any shares of such class of stock acquired by it:

c. The interested shareholder did not become the beneficial owner of any additional shares of stock of the corporation except as part of the transaction which resulted in such interested shareholder becoming an interested shareholder or by virtue of proportionate stock splits or stock dividends.

2. The provisions of sub-subparagraphs a. and b. of subparagraph 1. do not apply if no interested shareholder or an affiliate or associate of the interested shareholder voted as a director of the corporation in a manner inconsistent with such sub-subparagraphs and the interested shareholder, within ten (10) days after any act or failure to act inconsistent with such sub-subparagraphs, notifies the board of directors of the corporation in writing that the interested shareholder disapproves thereof and requests in good faith that the board of directors rectify such act or failure to act.

(e) After the interested shareholder has become an interested shareholder, the interested shareholder may not have received the benefit, directly or indirectly, except proportionately as a shareholder, of any loans, advances, guarantees, pledges or other financial assistance provided by the corporation or any of its subsidiaries, whether in anticipation of or in connection with such business combination or otherwise.

(3) (a) Whether or not such business combinations are authorized or consummated in whole or in part after the effective date of this Act or after the interested shareholder became an interested shareholder, the requirements of Section 2 of this Act do not apply to business combinations that specifically, generally, or generally by types, as to specifically identified or unidentified existing or future interested shareholders or their affiliates or associates, have been approved or exempted therefrom by resolution of the board of directors of the corporation:

1. Prior to two (2) months after the effective date of this Act or such earlier date as may be irrevocably established by resolution of the board of directors;

2. If involving transactions with a particular interested shareholder or its existing or future affiliates or associates, at any time prior to the time that the interested shareholder first became an interested shareholder; or

3. At any time if such business combination is approved by a majority of continuing directors at a *meeting of the board of directors at which a quorum consisting of at least a majority of the continuing directors is present.*

(b) Unless by its terms a resolution adopted under this subsection is made irrevocable, it may be altered or repealed by the board of directors, but this shall not affect any business combinations that have been consummated, or are the subject of an existing agreement entered into, prior to the alteration or repeal.

(4) (a) Unless the articles of incorporation or bylaws of the corporation specifically provide otherwise, the requirements of Section 2 of this Act do not apply to business combinations of a corporation that, on the effective date of this Act, had an existing interested shareholder, whether a business combination is with the existing shareholder or with any other person who becomes an interested shareholder, after the effective date of this Act, or their present or future affiliates, unless, at any time after the effective date of this Act, the board of directors of the corporation elects by resolution, adopted by a majority of the continuing directors at a meeting of the board of directors at which a quorum consisting of at least a majority of the continuing directors is present, to be subject, in whole or in part, specifically, generally, or generally by types, as to specifically identified or unidentified interested shareholders, to the requirements of Section 2 of this Act.

(b) The articles of incorporation or bylaws of the corporation may provide that if the board of directors adopts a resolution under paragraph (a) of this subsection, the resolution shall be subject to approval of the shareholders in the manner and by the vote specified in the articles of incorporation or the bylaws.

(c) An election under this subsection may be added to but may not be altered or repealed except by an amendment to the articles of incorporation adopted by a vote of shareholders meeting the requirements of subsection (5)(a)3. of this section.

(d) If a corporation elects under this subsection to be included within the provisions of this Act generally, without qualification or limitation, it shall file with the secretary of state articles of amendment including a copy of the resolution making the election and a statement describing the manner in which the resolution was adopted. The articles of amendment shall be executed in the manner required by KRS 271A.305.

(5) (a) Unless the articles of incorporation of the corporation provide otherwise, the requirements of Section 2 of this Act do not apply to any business combination of:

1. A corporation having fewer than one hundred (100) beneficial owners of its stock;

2. A corporation whose original articles of incorporation have a provision, or whose shareholders adopt an amendment to the articles of incorporation after the effective date of this Act by a vote of at least eighty percent (80%) of the votes entitled to be cast by outstanding shares of voting stock of the corporation, voting together as a single voting group and two-thirds of the votes entitled to be case by persons, if any, who are not interested shareholders of the corporation, voting together as a single voting group, expressly electing not to be governed by this Act; or

3. An investment company registered under the investment company act of 1940.

(b) For purposes of subparagraph 1. of this subsection, all shareholders of a corporation who have executed an agreement to which the corporation is an executing party governing the purchase and sale of stock of the corporation or a voting trust agreement governing stock of the corporation shall be considered a single beneficial owner of the stock covered by the agreement.

SECTION 4. A NEW SECTION OF KRS CHAPTER 271A IS CREATED TO READ AS FOLLOWS:

The provisions of this Act are in addition to and do not repeal any other provisions of KRS Chapter 271A that govern any corporate actions described in this Act; provided, that in the event of a direct conflict between any provision of this Act and any other provision of KRS Chapter 271A, the provision of this Act shall prevail.

Section 5. KRS 271A.400 is amended to read as follows:

(1) Any shareholder of a corporation shall have the right to dissent from any of the following corporate actions:

(a) Any plan of merger or consolidation to which the corporation is a party; or

(b) Any sale or exchange of all or substantially all of the property and assets of the corporation not made in the usual and regular course of its business, including a sale in dissolution, but not including a sale pursuant to an order of a court having jurisdiction in the premises or a sale for cash on terms requiring that all or substantially all of the net proceeds of sale be distributed to the shareholders in accordance with their respective interests within one (1) year after the date of sale*; or*

(c) Any transaction subject to the requirements of Section 2 of this Act or exempted by Section 3(2) of this Act.

(2) A shareholder may dissent as to less than all of the shares registered in his name. In that event, his rights shall be determined as if the shares as to which he has dissented and his other shares were registered in the names of different shareholders.

(3) *Unless the transaction is subject to the requirements of Section 2 of this Act or exempted by*

Section 3(2) of this Act, this section shall not apply to the shareholders of the surviving corporation in a merger if a vote of the shareholders of such corporation is not necessary to authorize such merger*;* [~~.~~] nor shall it apply to the holders of shares of any class or series if the shares of such class or series were listed on a national securities exchange on the date fixed to determine the shareholders entitled to vote at the meeting of shareholders at which a plan of merger or consolidation or a proposed sale or exchange of property and assets is to be acted upon unless the articles of incorporation of the corporation shall otherwise provide.

Section 6. KRS 271A.405 is amended to read as follows:

(1) Any shareholder electing to exercise such right of dissent shall file with the corporation, prior to or at the meeting of shareholders at which such proposed corporate action is submitted to a vote, a written objection to such proposed corporate action. If such proposed corporate action be approved by the required vote and such shareholder shall not have voted in favor thereof, such shareholder may, within ten (10) days after the date on which the vote was taken or if a corporation is to be merged without a vote of its shareholders into another corporation, any of its shareholders may, within fifteen (15) days after the plan of such merger shall have been mailed to such shareholders, make written demand on the corporation, or, in the case of a merger or consolidation, on the surviving or new corporation, domestic or foreign, for payment of the fair value of such shareholder's shares, and, if such proposed corporate action is effected, such corporation shall pay to such shareholder, upon surrender of the certificate or certificates representing such shares, the fair value thereof as of the day prior to the date on which the vote was taken approving the proposed corporate action, excluding any appreciation or depreciation in anticipation of such corporate action. Any shareholder failing to make demand within the ten-day period shall be bound by the terms of the proposed corporate action. Any shareholder making such demand shall thereafter be entitled only to payment as *provided* in this section [~~provided~~] and shall not be entitled to vote or to exercise any other rights of a shareholder.

(2) No such demand may be withdrawn unless the corporation shall consent thereto. If, however, such demand shall be withdrawn upon consent, or if the proposed corporate action shall be abandoned or rescinded or the shareholders shall revoke the authority to effect such action, or if, in the case of a merger, on the date of the filing of the articles of merger the surviving corporation is the owner of all the outstanding shares of the other corporations, domestic and foreign, that are parties to the merger, or if no demand or petition for the determination of fair value by a court shall have been made or filed within the time provided in this section, or if a circuit court shall determine that such shareholder is not entitled to the relief provided by this section, then the right of such shareholder to be paid the fair value of his shares shall cease and his status as a shareholder shall be restored, without prejudice to any corporate proceedings which may have been taken in the interim.

(3) Within ten (10) days after such corporate action is effected, the corporation, or, in the case of a merger or consolidation, the surviving or new corporation, domestic or foreign, shall give written notice thereof to each dissenting shareholder who has made demand as herein provided, and shall make a written offer to each such shareholder to pay for such shares at a specified price deemed by such corporation to be the fair value thereof. Such notice and offer shall be accompanied by a balance sheet of the corporation the shares of which the dissenting shareholder holds, as of the latest available date and not more than twelve (12) months prior to the making of such offer, and a profit and loss statement of such corporation for the twelve (12) months period ended on the date of such balance sheet.

(4) If within thirty (30) days after the date on which such corporate action was effected the fair value of such shares is agreed upon between any such dissenting shareholder and the corporation, payment therefor shall be made within ninety (90) days after the date on which such corporate action was effected, upon surrender of the certificate or certificates representing such shares. Upon payment of the agreed value the dissenting shareholder shall cease to have any interest in such shares.

(5) If within such period of thirty (30) days a dissenting shareholder and the corporation do not so agree, then the corporation, within thirty (30) days after receipt of written demand from any dissenting shareholder given within sixty (60) days after the date on which such corporate action was effected, shall, or at its election at any time within such period of sixty (60) days may, file a petition in the circuit court in the county in this state where the registered office of the corporation is located requesting that the fair value of such shares be found and determined. If, in the case of a merger or consolidation, the surviving or new corporation is a foreign corporation without a registered office in this state, such petition shall be filed in the county where the registered office of the domestic corporation was last located. If the corporation shall fail to institute the proceeding as herein provided, any dissenting shareholder may do so in the name of the corporation. All dissenting shareholders, wherever residing, shall be made parties to the proceeding as an action against their shares quasi in rem. The corporation shall either*:*

(a) Cause a copy of the petition to be served on each dissenting shareholder, or

(b) Mail a copy of the petition to each dissenting shareholder by certified mail addressed to each shareholder at his last address as it appears on the stock transfer books of the corporation, with postage thereon prepaid.

In addition, each dissenting shareholder shall be served in accordance with law. The jurisdiction of the court shall be plenary and exclusive. All shareholders who are parties to the proceeding shall be entitled to judgment against the corporation for the amount of the fair value of their shares.

(6) From any final judgment, rendered by a circuit court in any such action, an appeal may be taken to and heard by the Court of Appeals, in the manner provided in the rules of civil procedure.

(7) The circuit court may, if it so elects, appoint one (1) or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have such power and authority as shall be specified in the order of their appointment or an amendment thereof. The judgment shall be payable only upon and concurrently with the surrender to the corporation of the certificate or certificates representing such shares. Upon payment of the judgment, the dissenting shareholder shall cease to have any interest in such shares.

(8) The judgment shall include an allowance for interest at such rate as the court may find to be fair and equitable in all the circumstances, from the date on which the vote was taken on the proposed corporate action to the date of payment.

(9) The costs and expenses of any such proceeding shall be determined by the court and shall be assessed against the corporation, but all or any part of such costs and expenses may be apportioned and assessed as the court may deem equitable against any or all of the dissenting shareholders who are parties to the proceeding to whom the corporation shall have made an offer to pay for the shares if the court shall find that the action of such shareholders in failing to accept such offer was arbitrary or vexatious or not in good faith. Such expenses shall include reasonable compensation for and reasonable expenses of the appraisers, but shall exclude the fees and expenses of counsel for and experts employed by any party; but if the fair value of the shares as determined materially exceeds the amount which the corporation offered to pay therefor, or if no offer was made, the court in its discretion may award to any shareholder who is a party to the proceeding such sum as the court may determine to be reasonable compensation to any expert or experts employed by the shareholder in the proceeding.

(10) Within twenty (20) days after demanding payment for his shares, each shareholder demanding payment shall submit the certificate or certificates representing his shares to the corporation for notation thereon that such demand has been made. His failure to do so shall, at the option of the corporation, terminate his rights under this section unless a circuit court for good and sufficient cause shown shall otherwise direct. If shares represented by a certificate on which notation has been so made shall be transferred, each new certificate issued therefor shall bear similar notation, together with the name of the original dissenting holder of such shares, and a transferee of such shares shall acquire by such transfer no rights in the corporation other than those which the original dissenting shareholder had after making demand for payment of the fair value thereof.

(11) Shares acquired by a corporation pursuant to payment of the agreed value therefor or to payment of the judgment entered therefor, as *provided* in this section [~~provided~~], may be held and disposed of by such corporation as in the case of other treasury shares, except that, in the case of a merger or consolidation, they may be held and disposed of as the plan of merger or consolidation may otherwise provide.

(12) In any transaction subject to the requirements of Section 2 of this Act or exempted by Section 3(2) of this Act, fair value shall be at least an amount in cash equal to the amount required to be paid under Section 3(2) of this Act in order to be exempt from the requirements of Section 2 of this Act.

HB 1020, AN ACT relating to budget and financial administration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 45.251 is amended to read as follows:

(1) Expenditures shall be limited to the amounts and purposes for which appropriations are made. All expenditures shall be reflected in the unified and integrated system of accounts as provided by KRS 45.305.

(2) The finance and administration cabinet shall prescribe all forms to be used in, or in conjunction with, the unified accounting system.

(3) The governor, the chief justice, and the legislative research commission, shall designate in writing the officer or employe authorized to sign advices of employment, copies of purchase orders and contracts, and requisitions for reservation of funds, and no such advice, order, contract or requisition shall be honored as a commitment statement unless the designation, with a copy of the signature of the officer or employe designated, is on file in the office of the finance and administration cabinet.

(4) The finance and administration cabinet may approve for payment any expenditure document presented by a budget unit, provided that the finance and administration cabinet is able to determine that the expenditure is to satisfy a liability of the Commonwealth of Kentucky created on behalf of that budget unit in fulfilling the governmental function assigned to that budget unit and that the expenditure is being made from the unexpended balance of a proper allotment.

(5) Subsidiary records shall be maintained to report the financial operation and condition of each budget unit. These subsidiary records shall be compatible with the unified accounting system prescribed by

subsection (1) of this section and by KRS 45.305[~~, and may be on the accrual basis or cash basis~~]. Expenditures may be by prior encumbrances or by straight disbursements. The subsidiary records may be maintained by the finance and administration cabinet and by the budget unit involved. When a budget unit is authorized to maintain subsidiary records, the finance and administration cabinet shall have authority to prescribe the accounting and preauditing procedures. The unified system of accounts shall conform to accepted management and accounting principles.

Section 2. KRS 45.305 is amended to read as follows:

(1) The finance and administration cabinet shall install a unified and integrated system of accounts for the state which shall comply with generally accepted accounting principles, and which shall be in addition to other accounts required by this chapter, and which shall include:

(a) A set of budgetary control accounts for each fund, comprising an account with the available cash of the fund, an account with the budget estimate of the amount of money to be derived from each source of revenue and nonrevenue receipts, an account with the total of the unallotted balances of appropriations, an account with the total of the free balances of allotments, an account with the total commitments under allotments, and an account with the estimated cash surplus or deficit, so as to show at all times the status of the budget fund.

(b) A subsidiary appropriation ledger for each fund from which appropriations are made, embracing an account with each appropriation, and designed to show the budget unit to which the appropriation was made, the purpose of the appropriation, the amount appropriated, the additions to the appropriation, the allotments from the appropriation, the unallotted balance of the appropriation, the commitments charged to allotments, and the free balances of the total amount allotted.

(c) A set of general controlling proprietary and operating accounts for each fund, so as to record the transactions to the fund in summary form and to show the actual current assets, prepaid expenses, current liabilities, deferred credits to income, reserves, actual income, actual expenditures, and the current surplus or deficit.

(d) A uniform classification of the sources of revenue and nonrevenue receipts.

(e) Standard classifications of the expenditures of the budget units.

(f) A standard classification of the budget units.

(g) Such other accounts, records and devices as the finance and administration cabinet deems necessary for the production of needed information respecting financial condition, financial operations and costs.

(2) The accounts provided for in paragraphs (a), (b) and (c) of subsection (1) of this section or summary records shall be maintained by the finance and administration cabinet.

(3) The finance and administration cabinet shall keep controlling accounts with receipts, payments and state depositories entirely independent of those maintained by the state treasurer. The department shall obtain from the state treasurer the figures for the entries required to open such accounts, and thereafter it shall obtain the information required for the keeping of such accounts from the pay-in vouchers, lists of warrants drawn under appropriations, and vouchers requesting transfers of deposits among state depositories.

(4) The accounting system prescribed and installed by the finance and administration cabinet shall provide for the settlement of transactions between budget units by making debit and credit entries on the books of the department on the basis of adequate expenditure vouchers, without the issuance of warrants.

(5) The accounting system prescribed and installed by the finance and administration cabinet shall include the following fund classifications:

(a) Governmental fund: This classification shall include those funds through which most governmental functions typically are financed including, but not limited to, the general fund, the road fund, bond debt related fund, federal fund, agency receipts funds, and the capital construction fund.

(b) Proprietary fund: This classification shall account for governmental activities which are similar to those activities found in the private sector. Activities which provide services to other governmental units and activities which provide services principally to the private sector are included.

(c) Fiduciary fund: This classification shall account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds. These include expendable trust funds, nonexpendable trust funds, pension trust funds and agency funds.

[~~(d) Loan fund: This classification shall account for funds advanced or to be advanced to other governments, other governmental agencies or private organizations or individuals.~~]

(6) Account groups. In order to establish accounting control and accountability for general fixed assets and the unmatured principal of general long-term debt, a general fixed assets account group and a general long-term debt account group may be established.

Section 3. KRS 48.800 is amended to read as follows:

The finance and administration cabinet shall prepare and submit to each branch of government:

(1) Within ten (10) days after the close of each month copies of the accounts of the budget units of

that branch of government with the appropriations and allotments in favor of its budget units and the balances as of the beginning and end of that month.

(2) Within ten (10) days after the close of each month, prepare and transmit to each branch of government a report embodying a summary statement of the actual financial condition of each fund of the major fund groups as of the close of the previous month, a summary statement showing the receipts and payments of each such fund for the previous month and for the current fiscal year to the close of the previous month, a summary budget statement for each such fund showing the available cash balance as of the end of the previous month, the amount of cash estimated to be realized from each source during the remaining months of the fiscal year, the total means of financing, the amount of the unallotted balances of all appropriations, the estimated amount of unliquidated commitments, and the estimated cash surplus or deficit.

(3) *By January 1 of each* [~~Within ninety (90) days of the close of a fiscal~~] year, file with each branch of government a complete report of the financial transactions of the preceding fiscal year and of the financial condition of the Commonwealth as of the end of that fiscal year, with such comments and supplementary data necessary to make the report complete and easy to understand.

(4) Each branch of government shall publish a financial and program status report, annually, detailing for that period, activities, appropriations, allotments, expenditures, transfers, encumbrances and available balances of each budget unit of the branch, and an explanation of the programs and services provided by the branch.

SB 124, AN ACT relating to medical assistance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 205.510 TO 205.590 IS CREATED TO READ AS FOLLOWS:

(1) The cabinet for human resources shall institute nominal copayments and similar charges to be paid by medical assistance recipients, their spouses and parents within the limitations of federal law and regulation.

(2) In no instance shall copayments and similar charges be imposed upon the following services:

(a) All services provided to children under eighteen (18) years of age;

(b) All services furnished to pregnant women;

(c) Emergency services including inpatient or outpatient services necessary to prevent the death or serious impairment of the individual; and

(d) Other services excluded from cost sharing by federal law or regulation.

(3) Prepaid health plan programs such as health maintenance organizations and health insuring organizations under contract with the cabinet for human resources to provide services to medical assistance recipients shall not be subject to the requirements of this section.

(4) Standard nominal copayments not to exceed two dollars ($2) per service shall be collected by the provider and charged for at least the following services:

(a) Physicians' services;

SB 251, AN ACT relating to auctioneers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 330.040 is amended to read as follows:

(1) KRS 330.030 shall not apply to:

(a)[~~(1)~~] Sales at auction conducted by or under the direction of any public authority or pursuant to any judicial order or decree, or to any sale required by law to be at auction.

(b)[~~(2)~~] Sales at auction of any real or personal property conducted exclusively by an individual who personally owns such real or personal property and who did not acquire such real or personal property for resale. This subsection is applicable only to individuals. It does not apply to any other "persons" as defined in KRS 330.020(5), nor does it apply to any officer, director or employe thereof.

(c)[~~(3)~~] Any resident or nonresident crier or auctioneer who simply calls for bids and strikes the bargain or who cries or acts as auctioneer in the sale of livestock owned and sold at auction by 4-H Clubs or FFA Clubs or club members, or by any university operated by the Commonwealth of Kentucky.

(d)[~~(4)~~] A sale conducted by or on behalf of any political party, church or charitable corporation or association if the individual conducting the sale receives no compensation and does not, by advertising or otherwise, hold himself out as being available to engage in the sale of goods or real estate at auction.

(2) Notwithstanding the provisions of this section, no licensee under this chapter shall be exempted from any of the provisions of this chapter in connection with or by reason of his participation in any sale excepted under this section.

Section 2. KRS 330.050 is amended to read as follows:

(1) There is hereby created a board of auctioneers. The governor shall appoint a board consisting of five (5) members, *all* [~~three (3)~~] of whom immediately prior to the date of their appointment have been residents of the Commonwealth of Kentucky for five (5) years, and *four (4)* whose vocation for a period of at least five (5) years has been that of an auctioneer. One (1) member shall be a citizen at large who is not associated with or financially interested in the practice or business regulated. The term of the members of the board shall be for three (3) years and until their successors are appointed and qualified. Members to fill vacancies shall be appointed for the unexpired term.

(2) At no time shall there be more than three (3) members of the same political faith on the board. Whenever there is a vacancy on the board, the Kentucky Auctioneer Association shall recommend to the governor at least three (3) names for each auctioneer vacancy and such appointment or appointments shall be

made from the recommendations of the association.

(3) The board, immediately upon qualification of the member appointed in each year, shall organize by selecting from its members a chairman.

(4) Each member of the board shall receive the sum of *one hundred dollars ($100)* [~~fifty dollars ($50)~~] per day as full compensation for each day actually spent on the work of the board and his actual and necessary expenses incurred in the performance of duties pertaining to his office.

(5) The board shall have full authority to employ, and discharge, *any* [~~a secretary and such other~~] personnel, *including counsel,* as *it may deem* [~~may be~~] necessary to *efficiently* administer and enforce the provisions of this chapter, and it shall outline the duties and fix the compensation of such persons, *provided that such* [~~which~~] compensation shall be comparable to the salaries paid other state employes, *if any, which the board may deem to be* doing similar work. The board shall obtain office space, furniture, stationery and any other proper supplies and conveniences reasonably necessary to carry out the provisions of this chapter. *If any items deemed to be reasonably necessary by or which are required by the board are available through vendors under contract with the Commonwealth of Kentucky at less cost than if obtained otherwise, then the items shall be acquired pursuant to the contract. The board shall have full authority to obtain for its members, staff and employes complete insurance coverage, including, but not limited to, liability and errors and omissions insurance, so long as such insurance concerns the business of the board.*

(6) All fees and charges collected by the board under the provisions of this chapter shall be paid into the state treasury through the executive department for finance and administration and shall be credited to an agency-fund account for the board of auctioneers under the provisions of KRS 45.253 and shall be withdrawn or expended as provided in that section, *if such payment, credit, withdrawal or expense provisions do not conflict with any provision of this chapter.* The total expenses for all purposes and obligations of the board shall not exceed the total fees, charges, fines, [~~and~~] penalties, *and other income* imposed under the provisions of this chapter and paid into the state treasury. The board shall be financially self-sustaining, and if funds permit it may underwrite, within its financial limitations, educational programs for the enlightenment and benefit of all auctioneers and apprentice auctioneers who have paid fees pursuant to this chapter.

(7) The board shall annually publish a list of the names and addresses of all auctioneers and apprentice auctioneers licensed by it pursuant to this chapter. This list shall also contain the names of all persons whose licenses have been suspended or revoked within the preceding year, as well as any other information relative to the enforcement of the provisions of this chapter that the board may deem of interest to the public.

(8) The board may from time to time promulgate necessary rules and regulations.

Section 3. KRS 330.060 is amended to read as follows:

(1) Auctioneer and apprentice auctioneer licenses shall be granted only to persons who are found to be of good repute, trustworthy and competent to transact the business of an auctioneer or of any apprentice auctioneer in such a manner as to safeguard the interest of the public.

(2) The board is authorized to require information from every applicant to determine the applicant's honesty and truthfulness.

(3) In addition to proof of honesty, truthfulness and good reputation, an examination, conducted by the board or its authorized representative shall be held four (4) times each year, and an examination fee of *seventy-five dollars ($75)* [~~fifty dollars ($50)~~] shall be collected from each applicant *for apprentice auctioneer and an examination fee of one hundred dollars ($100) shall be collected from each applicant for auctioneer. Examination fees shall be nonrefundable and shall* [~~to~~] defray the expenses of *processing the application and of conducting* the examination. The examination shall include questions on ethics, reading, writing, spelling, elementary arithmetic, elementary principles of land economics and a general knowledge of the statutes of Kentucky relating to the bulk sales law, deeds, mortgages, contracts of sale, agency, leases, auctions, brokerage and the provisions of this chapter. The examination for an auctioneer's license shall be of a more exacting nature and scope than the examination for an apprentice auctioneer.

(4) However, no examination shall be required for the renewal of any present or future license, unless such license has been revoked, suspended or is allowed to expire without renewal. In any of these cases, the board may, in its discretion, require the applicant to take and pass the written examination before a new license may be issued.

(5) The provisions of subsection (3) of this section requiring applicants to pass a written examination to obtain a license shall not apply to an auctioneer or apprentice auctioneer furnishing satisfactory proof to the board that he actively engaged in the auction business for a period of at least one (1) year prior to June 14, 1962, and that he has been the principal auctioneer in at least five (5) auctions of either real or personal property during this period of time. Such an applicant shall file his application and proof with the board no later than October 1, 1962, and the application and proof shall be accompanied by a bond and license fee in accordance with the provisions of this chapter; provided, however, that a nonresident tobacco auctioneer may qualify by December 1, 1962.

Section 4. KRS 330.070 is amended to read as follows:

(1) In addition to the other qualifications provided for by this chapter, every applicant for an

auctioneer's license shall be at least eighteen (18) years of age. In addition, but subject to the provisions of KRS 330.090, an applicant shall possess a current Kentucky apprentice auctioneer's license and shall have served a bona fide apprenticeship for a period of one (1) year as an apprentice auctioneer in Kentucky. *An applicant for an auctioneer's license who has previously held an auctioneer's license which has been revoked, suspended or which has expired without renewal may request, and the board may grant, a waiver of the requirement of possession of a current apprentice license. In addition, effective on and after January 1, 1985, every applicant for auctioneer's license shall have been the recipient of an accredited high school diploma or the equivalent.* Every application for a license, whether as an auctioneer or apprentice auctioneer, shall be submitted on forms prepared by the board.

(2) Every applicant for an apprentice auctioneer's license shall be at least eighteen (18) years of age. In addition to other requirements imposed by this chapter, the applicant shall furnish pertinent background data as outlined on the application forms furnished by the board.

(3) The issuance fee for each auctioneer's and apprentice auctioneer's license shall be not more than fifty dollars ($50) and the annual renewal fee for each license shall be not more than fifty dollars ($50). All licenses shall expire on June thirtieth of each year. In the absence of any reason or condition which might warrant the refusal of the renewing of the license, and upon receipt of the written request of the applicant and the annual fee therefor, the board shall issue a new license for each ensuing year.

(4) The board shall prepare and deliver to each licensee a license certificate and pocket card. The certificate shall be displayed conspicuously at all times in the office of the licensee. The certificate and pocket card of the apprentice auctioneer shall contain the name and address of the auctioneer under whose supervision he is employed.

(5) When any apprentice auctioneer is discharged or terminates his employment with the auctioneer for any reason, it shall be the immediate duty of the auctioneer to deliver or mail by certified mail, return receipt requested to the board the license of the apprentice auctioneer. It shall be unlawful for any apprentice auctioneer to perform any of the acts contemplated by this chapter either directly or indirectly, under authority of his license, until the apprentice auctioneer receives a new license bearing the name and address of his new employer. No more than one (1) license shall be issued to any apprentice auctioneer for the same period of time.

(6) Notice in writing shall be given to the board by each licensee of any change of principal business location *or of residence address within ten (10) days of such change. In the event of change of business location address* [~~, whereupon~~] the board shall issue a new license for the unexpired period. A change of business location without notification to the board *within ten (10) days* shall automatically *suspend or revoke* [~~cancel~~] the license *of such licensee, as may be ordered in the discretion of the board* [~~previously issued~~]. Changing a business location *or a residence location on its records* [~~and issuance of a new license~~] shall entitle the board to collect three dollars ($3).

Section 5. KRS 330.095 is amended to read as follows:

Any nonresident applicant who is a licensed auctioneer or apprentice auctioneer *in and who resides* in another state or country where the qualifications prescribed at the time of licensing were, in the opinion of the board, equal to those prescribed in the Commonwealth *of Kentucky* at the date of application, and where reciprocal licensing privileges satisfactory to the board are granted to licensees *and residents* of the Commonwealth, may be granted a license without an examination. A fee of *one hundred dollars ($100) in addition to the fees set out in KRS 330.090* [~~fifty dollars ($50)~~] shall be collected from each applicant meeting the above requirements.

Section 6. KRS 330.110 is amended to read as follows:

The board may suspend or revoke the license of an auctioneer or apprentice auctioneer for any of the following causes:

(1) Obtaining a license through false or fraudulent representation;

(2) Making any substantial misrepresentation;

(3) Pursuing a continued and flagrant course of misrepresentation or making false promises through agents or advertising or otherwise;

(4) Accepting valuable consideration as an apprentice auctioneer for the performance of any of the acts specified in this chapter, from any person, except his employer auctioneer;

(5) Failing to account for or remit, within a reasonable time, any money belonging to others that comes into his possession, commingling funds of others with his own, or failing to keep such funds of others in an escrow or trustee account;

(6) Paying valuable consideration to any person for services performed in violation of this chapter;

(7) Being convicted in a court of competent jurisdiction of this or any other state of a criminal offense involving moral turpitude or a felony;

(8) Violation of any rule or regulation promulgated by the board;

(9) Failure to furnish voluntarily at the time of execution, copies of all written instruments prepared by the auctioneer or apprentice auctioneer;

(10) Any conduct of an auctioneer which demonstrates bad faith, dishonesty, incompetency or

untruthfulness;

(11) Any other conduct that constitutes improper, fraudulent or dishonest dealings;

(12) Failing prior to the sale at public auction *or prior to publicly advertising any goods for sale or offering any goods for sale* to enter into a written contract with the owner or consignee of any property to be sold, containing the terms and conditions upon which such licensee receives the property for sale.

SECTION 7. A NEW SECTION OF KRS CHAPTER 330 IS CREATED TO READ AS FOLLOWS:

(1) All complaints against licensees must be submitted to the board in triplicate, on forms furnished by the board. The complaint must state facts which, if true, would make out a prima facie case against the licensee.

(2) A copy of the complaint, exhibits attached thereto, and any subsequent pleadings, must be served on the licensee defendant, by the complainant, at the licensee's last known address and must show certification that there has been service by writing to the last known address.

(3) The defendant licensee must file with the board an answer to the complaint, in triplicate, and properly notarized, on forms secured from the board offices. The answer must be returned to the board within twenty (20) days and a copy of the answer, exhibits attached thereto, as well as any subsequent pleadings, must be served on complainant and must show certification that there has been service by writing to the last known address. Any and all further pleadings in the matter filed with the board by either party must show that a copy has been furnished to the opposing party or parties.

Section 8. KRS 330.140 is amended to read as follows:

(1) In the preparation and conduct of hearings, the board shall have power to require by subpoena the attendance and testimony of witnesses and the production of papers, and any member of the board may sign subpoenas, administer oaths and affirmations, examine witnesses and receive evidence. [~~The fees and mileage allowance paid to witnesses shall be the same as prescribed by law in judicial procedure in the courts of this commonwealth in civil cases.~~] Any party to any hearing before the board shall have the right to the attendance of witnesses in his behalf at such hearing upon making a request thereof to the board and designating the person or persons sought to be subpoenaed.

(2) Testimony may be taken by deposition as in civil cases, and any person may be compelled to appear and depose in the same manner as witnesses may be compelled to appear and testify as hereinbefore provided.

(3) In case of disobedience to the subpoena, any member of the board may invoke the aid of any court of competent jurisdiction in requiring the attendance and testimony of witnesses and the production of papers; and such court may issue an order requiring the persons to appear before the board and give evidence and to produce papers as the case may be. Any failure to obey such order of the court may be punished by the court as contempt.

(4) The proceedings at all formal hearings shall be recorded in such a manner as the board sees fit. The board shall cause a transcript to be made from the record upon proper motion from any party, at the cost of the party so moving. The board may at its discretion approve a motion by any party that a court stenographer be present at a formal hearing, at the cost of the party so moving.

(5) A subpoena delivered upon the request of any party shall be delivered at the cost of the party so requesting.

Section 9. KRS 330.192 is amended to read as follows:

(1) (a) There is hereby created and established in the state treasury the auctioneer's education, research and recovery fund.

(b) In addition to the license fees provided for in KRS 330.070, upon renewal of every apprentice or principal auctioneer's license as of July 15, 1982 and every regular annual renewal date thereafter, the board shall charge each and every licensee an amount not to exceed thirty dollars ($30) per year to be included in the auctioneer's education, research and recovery fund. Each and every original applicant for apprentice or principal auctioneer's license on and after July 15, 1982 shall likewise submit to the board an additional fee of thirty dollars ($30) to be deposited in the auctioneer's education, research and recovery fund and shall also be subjected thereafter to an annual renewal fee as of the regular renewal date.

(c) In addition to the license fees provided for in KRS 330.070, the board, based upon its own discretion as to need, may assess each licensee upon renewal an amount equal to or less than thirty dollars ($30) per year, or nothing, but not more. Each original applicant must pay the original amount of thirty dollars ($30), but upon renewal will pay the same fee as other licensees.

(2) The purposes of the auctioneer's education, research and recovery fund shall be as follows:

(a) When a licensee has been duly found guilty of violating any one (1) or more of the provisions of KRS 330.110, or any one (1) or more of the rules and regulations duly promulgated by the board, and upon the conclusion of a final order entered by the board or by the courts, if appealed, the board is authorized to pay to the aggrieved person or persons an aggregate amount not to exceed *twenty thousand dollars ($20,000)* [~~ten thousand dollars ($10,000)~~] against any one (1) licensee, provided that the licensee has refused to pay such claim within a period of twenty (20) days of entry of a final order and provided further that the amount or amounts of money in question are certain and liquidated.

(b) The board shall maintain a minimum level of *two hundred thousand dollars ($200,000)* [~~one hundred twenty thousand dollars ($120,000)~~] for recovery and guaranty purposes. These funds may be invested and reinvested in the same manner as funds of the state employes' retirement system and the interest from said investments shall be deposited to the credit of the research and recovery fund, or, in the discretion of the board, to the agency fund account as set out in KRS 330.050(6). Sufficient liquidity, however, will be maintained so that there will be money available to satisfy any and all claims which may be processed through the board by means of administrative hearing as outlined in this chapter.

(c) The board, in its discretion, may use any and all funds in excess of the *two hundred thousand dollar ($200,000)* [~~one hundred twenty thousand dollar ($120,000)~~] level, regardless of whether it is from the auctioneer's education, research and recovery fund fees or accrued interest thereon, for *any or all of* the following purposes:

1. To carry out the advancement of education and research in the auction field for the benefit of those licensed under the provisions of this chapter and the improvement and making even more efficient the auction industry as such;

2. To underwrite educational seminars, caravans and other forms of educational projects for the use and benefit generally of auctioneer licensees;

3. To establish an auction chair or courses at Kentucky state institutions of higher learning for the purpose of making such courses available to licensees and the general public who may seek same on a college or university level;

4. To contract for a particular research project in the auction field for the Commonwealth of Kentucky;

5. To sponsor, contract for and to underwrite any and all other educational and research projects of a similar nature having to do with the advancement of the auction field in Kentucky; [~~and~~]

6. To cooperate with associations of auctioneers and any and all other groups for the enlightenment and advancement of the auctioneer licensees of Kentucky*; and*

7. To increase the level of the auctioneer's education, research and recovery fund above two hundred thousand dollars ($200,000);

8. To augment the regular trust and agency account of the board.

(3) (a) In the event that a licensee is found guilty of one (1) or more provisions of KRS 330.110 or one (1) or more rules and regulations of the board, and if the amount of the money lost by the aggrieved party or parties is in dispute or cannot be determined accurately, then the amount of damages shall be determined by a circuit court in the county where the alleged violation took place, provided that the board has previously determined that a violation of the license laws or rules and regulations has occurred and a final order has been entered.

(b) If such an order has been entered and the auctioneer license rights of the licensee have been finally adjudicated, then the local circuit court shall make a finding as to the monetary damages growing out of the aforesaid violation or violations.

(c) When a final order has been entered by the circuit court or court of appeals, and upon certification to the board, the aggrieved party or parties shall be paid such amount or amounts *in the aggregate* not to exceed *twenty thousand dollars ($20,000)* [~~ten thousand dollars ($10,000)~~] by the board, and the auctioneer's license held by the licensee against whom the claim was made by the aggrieved party shall be suspended at least until such time as the licensee has reimbursed the auctioneer's education, research and recovery fund for all amounts paid to the aggrieved party due to the violation of the licensee.

(d) When, upon the final order of the court, the board has paid from the auctioneer's education, research and recovery fund any sum to the aggrieved party, the board shall be subrogated to all of the rights of the aggrieved party to the extent of the payment and the aggrieved party shall to the extent of the payment assign his right, title and interest in the judgment to the commission.

(e) Any funds in excess of the *two hundred thousand dollar ($200,000)* [~~one hundred twenty thousand dollar ($120,000)~~] level and which are not being currently used, may be invested and reinvested as set forth in subsection (2)(b) of this section, *or, in the discretion of the board, may be utilized for any of the purposes enumerated in subsection (2)(c) of this section.*

(f) All the claims for monetary damages or relief from the auctioneer's education, research and recovery fund must be made in writing on a proof of loss form submitted to the board within six (6) months of the act of the auctioneer giving rise to the loss. Failure to file such claims within the six (6) month period shall bar the claim. Additional evidence will be submitted by the claimant if required by the board.

(g) Notwithstanding any other provisions of this chapter, no unreimbursed amount greater than twenty thousand dollars ($20,000) shall be paid by the board on account of any one (1) licensee, no matter over how long a time, or for how many claims, and no matter what the number of claimants be or the size of such claims, individually or in the aggregate. Should the licensee reimburse the fund for all amounts paid, then future claims timely filed with the board concerning different matters may be received pursuant to this section.

(h) No claims shall be approved under this section for amounts which, in the aggregate, exceed the maximum payable on account of any one (1) licensee in effect at the time of the act or acts of the licensee giving rise to the claims, except to the extent of said maximum. Statutory increases in the maximum set out in this section do not apply retroactively.

The Committee Amendment No. 1 to **SB 251** is as follows:

Amend printed copy of **SB 251**, on page 14, line 12, by deleting the words "*may at its discretion*" and inserting in lieu thereof the word "*shall*".

The Committee Amendment No. 2 to **SB 251** is as follows:

Amend printed copy of **SB 251**, on page 14, lines 17 and 18, by deleting the words "*party so requesting*" and insert in lieu thereof the word "*board*".

(2) (a) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each *twenty-five (25) full time equivalent pupils in average daily attendance in kindergarten; except when sufficient funding is appropriated to the kindergarten program, one (1) unit shall be provided for each twenty (20) full-time equivalent pupils in average daily attendance. One (1) classroom unit shall be included for each twenty-five (25) pupils in average daily attendance in grades one (1) through three (3) and for each* twenty-seven (27) pupils in average daily attendance in grades *four (4)* [~~one (1)~~] through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions:

1. An average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted; and

2. An average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted.

(b) *The superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board of education in kindergarten and grades one (1) through six (6) except in vocal and instrumental music, art, physical education and special education classes. It is the intention of the general assembly that school districts shall adhere to class sizes upon which funding is based, except where compliance is not practical. Through constant review of classroom size in all districts, the department of education shall prevent school districts from using class size maximums in order to avoid establishing an additional classroom when the number of students is sufficient for an additional unit. The maximum number of pupils enrolled in a class shall be calculated by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures to permit a superintendent to request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year.*

(c) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(d)[~~(c)~~] Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be

considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of KRS 157.360(1), teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with seubsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6) (a) In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) *of this section* before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection (5) beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) *of this section* beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of *paragraph* [~~subsection~~] (a) plus *paragraph* [~~subsection~~] (b) *of this subsection* shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12) *of this subsection*; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one

hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) *of this section* and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) *of this section*. For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(11) In allotting classroom units for superintendent, one unit shall be allotted each school district.

(12) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

Section 7. KRS 158.030 is amended to read as follows:

A "common school" is an elementary or secondary school of the state supported in whole or in part by public taxation. No school shall be deemed a "common school" or receive support from public taxation unless the school is taught by a qualified teacher for a term of eight (8) or more months during the school year and every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. Provided, however, that any child who is six (6) years of age or who may become six (6) years of age by October 1, 1979, and any year thereafter, shall attend public school as provided by KRS 157.315 or qualify for an exemption as provided by KRS 159.030. Any child who is five (5) years of age or who may become five (5) years of age by October 1, 1979, and any year thereafter, may enter a public school kindergarten. *Effective July 1, 1987, successful completion of kindergarten shall be a prerequisite for a child's entrance into the first grade. The state board of education shall establish, by regulation, methods of verifying successful completion of kindergarten and any extenuating circumstances for which waiver of the above prerequisite may be granted. The local school district, with the approval of the state department of education, may organize the local kindergarten program in the manner most appropriate to the local situation provided the plan assures that each child receives an average of fifteen (15) hours class time per week. The local district may use five (5) three (3) hour sessions per week; alternate sessions of three (3) days a week with one group and two (2) days a week with a second group with the two (2) groups reversing days every other week; or any other approved plan.* [~~Any child who has successfully completed kindergarten and shall be six (6) years of age by December 31, 1980 shall be eligible for enrollment in the first grade notwithstanding any other age requirements of this section, and any child who has attended nursery school and will be five (5) years of age on or before December 31, 1980 shall be eligible for enrollment in a public kindergarten program in the 1981-82 school year and in the first grade during the 1982-83 school year.~~]

Section 8. To carry out the purposes of Section 2 and Section 4 of this Act, there is appropriated to the department of education out of the General Fund of the State Treasury the sum of $100,000 for the 1984-86 biennium.

Floor Amendment No. 2 to **SB 191**, by Representative B. Smith:

Amend printed copy of **SB 191**, on page 5, after line 12, by adding:

Section 7. KRS 42.350 is amended to read as follows:

(1) The area development fund in the state treasury shall be administered by the *department for local government* [~~finance and administration cabinet~~]. The fund may receive state appropriations, gifts, grants and federal funds and shall be disbursed by the state treasurer upon the warrant of the *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~]. Any unallotted or unencumbered balances in the fund shall be invested in United States government securities maturing not later than one (1) year from the date of investment and the income from such investments shall be prorated for expenditure for capital projects in area development districts according to the formula provided in KRS 42.370.

(2) Money in the fund shall be used only for capital projects which contribute to community or industrial development in the Commonwealth, KRS 45.050 notwithstanding. Capital projects eligible for financing out of the fund include and shall be limited to:

(a) The construction, reconstruction, renovation and maintenance of buildings and other improvements to real estate;

(b) The acquisition of real property and interests in real property;

(c) The purchase of major items of equipment;

(d) Industrial site development projects, including land reclamation, clearing, grading, draining, landscaping, and the construction of walkways and fences;

(e) The extension and installation of water, gas, sewer, and electrical utilities lines to public facilities and industrial sites;

(f) The provision of solid waste management or disposal systems bringing counties into compliance with state or federal law. All expenses incurred in connection with or incidental to the construction or acquisition of a capital project under this section, including architectural, engineering, legal, and other expenses required for such projects may be paid out of the fund. Money in the fund may be used to retire a mortgage or other indebtedness encumbering an eligible capital project made *within the preceding five (5) calendar years* [~~on and after January 1, 1977~~] to secure the repayment of monies loaned or advanced to finance the construction or acquisition of such project, and may be used in match or in combination with funds obtained from other sources for an eligible capital project. No money shall be expended out of the fund, directly or indirectly, to pay or reimburse the cost of any feasibility study, master plan for any capital improvement development or redevelopment project, the purchase of consumable supplies or any administrative salary, or other operating or capital expense of any area development district, or for the acquisition, construction, reconstruction, renovation or maintenance of any building or property of schools, state institutions of higher learning, or any road, street, bridge or highway.

(3) The board of directors of each area development district shall determine from among the capital project proposals submitted by eligible beneficiary agencies, the capital projects to be proposed to be constructed or acquired out of the fund. The area development districts shall submit to the *commissioner of* [~~secretary of the finance and administration cabinet through~~] the department for local government the capital projects selected for construction or acquisition within the districts. Each project proposal shall include: a detailed description of the project; a statement of the public benefit to be derived from the project; if available, design plans and specifications for the project; an itemized estimate of the cost of the project; a statement of the sources and amounts of funds available from any other source for the construction or acquisition of the project; and such other information relating to the proposed capital project as the department for local government [~~or the finance and administration cabinet~~] may require.

Section 8. KRS 42.355 is amended to read as follows:

(1) The department for local government shall examine each capital project selected by the area development districts, and when it finds that a proposed project conforms to the requirements of KRS 42.350 to 42.370; that the estimated costs of the project are reasonable; that the costs proposed to be paid from the fund are within the amount available; and that the proposed beneficiary agency will be reasonably able to finance the operation and maintain the capital project during its estimated useful life, the commissioner of the department for local government shall *approve it* [~~transmit the project proposal to the secretary of the finance and administration cabinet with a recommendation for approval~~]. If the department for local government determines that a capital project proposal does not conform to the requirements of KRS 42.350 to 42.370, that the estimated costs of the project are excessive or unreasonable in light of the public benefit to be derived from the project; or; the unencumbered balance in the fund available for expenditure in the area development district is insufficient to pay the costs of the project, or the part thereof proposed to be paid out of the fund, or the beneficiary agency cannot reasonably finance the operation of or maintain the capital project during its estimated useful life, the project proposal shall be disapproved by the department for local government. The final decision to either approve or disapprove any project proposal shall be made no later than forty-five (45) days following official submittal *of a complete proposal* by the area development district, and the area development district shall be accordingly notified at that time.

(2) [~~When the secretary of the finance and administration cabinet has approved a capital project, the finance and administration cabinet shall cause detailed cost estimates, site surveys, appraisals, architectural and engineering designs, and plans and specifications to be prepared, award and enter into contracts, and do all other things necessary and proper for the construction or acquisition of the capital project; provided, however, that the department may, in its discretion, adopt and rely upon detailed cost estimates, site surveys, appraisals, architectural designs and plans and specifications for capital projects prepared for and submitted by the beneficiary agency of the proposed project.~~

~~(3) Except when a direct grant for a capital project is made to a beneficiary agency as authorized under subsection (4) of this section, the finance and administration cabinet shall award and administer, or shall delegate to beneficiary agencies, and control, the award and administration of all contracts for the construction or acquisition of all capital projects wholly financed out of the fund, in accordance with the~~

~~provisions of KRS Chapters 45 and 56. All contracts awarded under this section for the construction, reconstruction or renovation of a building or other improvement to real estate shall be deemed to be contracts for public works within the meaning of KRS 341.317 and KRS Chapter 376 and other applicable laws.~~

~~(4)~~] The [~~secretary of the finance and administration cabinet, after consultation with the~~] commissioner of the department for local government[~~,~~] may make direct grants in aid of money out of the fund to any beneficiary agency for the construction or acquisition of any approved capital project[~~, the estimated cost of which does not exceed the greater amount of fifty thousand dollars ($50,000), or one-third (1/3) of the total estimated cost of the project.~~] When a direct grant in aid has been made to a beneficiary agency, all contracts awarded for the purchase of materials, supplies, equipment or services, except professional and technical services, required for the construction or acquisition of the project shall be awarded to the lowest and best bidder in the discretion of the beneficiary agency after public advertisement as required by KRS Chapter 424 or other applicable law. *All contracts awarded under this section for the construction, reconstruction or renovation of a building or other improvement to real estate shall be deemed contracts for public works within the meaning of KRS 341.317 and KRS Chapter 376 and other applicable statutes.* All beneficiary agencies receiving a direct grant in aid under this subsection shall keep and maintain complete and accurate records of accounts of all expenditures of the grant monies which shall be subject to audit by the Commonwealth for a period of five (5) years after completion of the capital project. *Beneficiary agencies shall complete approved capital projects within a reasonable period of time as determined by the department for local government. Upon completion of capital projects, beneficiary agencies shall submit project completion reports to the department for local government as prescribed by the department for local government and containing such documents and information as may be necessary to determine compliance with KRS 42.350 through 42.360 and other applicable statutes and administrative regulations. Beneficiary agencies shall be liable to repay to the fund any granted funds for failure to submit full project completion reports within a reasonable period of time or for expenditure of granted funds in violation of statutes and regulations. No additional area development funds may be approved until compliance, except at the discretion of the commissioner of the department.* Any grant monies not required after all of the costs of the capital project have been paid by the beneficiary agency shall be promptly returned to the Commonwealth for reallocation for expenditure for other capital projects in the area development district to which such funds had been originally allocated.

(3)[~~(5)~~] No capital project shall be constructed under KRS 42.350 to 42.370 except upon land to which (a) the Commonwealth, a political subdivision of the Commonwealth or the beneficiary agency of the capital project has a good and marketable title, free of encumbrances, or (b) the beneficiary agency of the project has the right to the uninterrupted use, occupancy and possession for a period longer than the estimated useful life of the capital project; provided nothing herein shall prohibit the construction or renovation of public buildings on land with an existing encumbrance to secure payment of funds obtained for the acquisition or improvement of said land. Each beneficiary agency shall execute and deliver to the Commonwealth its written assurances, which shall be binding on such agencies' successors and assigns, guaranteeing that during its estimated useful life, the capital project shall be operated and maintained for public purposes and pledging that no mortgage or other encumbrances shall be placed against any capital project wholly financed out of the fund, except industrial development projects, for the breach of which assurances the Commonwealth shall have right of entry to the capital project and the beneficiary agency, or its successors and assigns, shall forthwith convey the title to the capital project to the Commonwealth. Similar assurances shall be executed and delivered to the Commonwealth by the beneficiary agencies of capital projects financed in part out of the fund and in part from other sources, except that when such additional funding is derived from the issuance and sale of revenue bonds or under other statutorily authorized financing methods, to secure the repayment of which funds a statutory mortgage lien is granted in favor of any person or group of persons, the capital project may be encumbered to the extent authorized or required by the law under which such financing method was undertaken; nor shall anything in this section prohibit the encumbrance of any real property located within an industrial park or constituting an industrial site, developed or improved as a capital project under KRS 42.350 and this section, by any person, firm, company, partnership, or corporation to which such property has been conveyed, to obtain financing for the construction upon such property of industrial and commercial buildings. The written assurances provided by beneficiary agencies under this section shall be lodged for recording and recorded in the office of the county clerk of the county in which the proposed project shall be located.

Section 9. KRS 42.360 is amended to read as follows:

The *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~] shall promulgate such rules and regulations governing submission and approval of proposed capital projects, the expenditure of moneys from the fund *and* [~~,~~] the designation of beneficiary agencies [~~and the title to capital projects and real property~~] involved in capital projects as shall be appropriate to the implementation of KRS 42.350 and 42.355.

1984-85	$873,422,400
1985-86	$908,749,400

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430 and 157A.090, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1984-85 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$18,470	$16,530	$14,580	$12,560	$11,580
4-9 years	20,400	18,470	16,530	12,560	11,580
10 years & over	22,160	20,210	18,270	12,560	11,580

Beginning with the school year 1985-86, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$19,390	$17,360	$15,300	$13,190	$12,160
4-9 years	21,420	19,390	17,360	13,190	12,160
10 years & over	23,270	21,220	19,180	13,190	12,160

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1984-85 and 1985-86 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $19,820,000 in fiscal year 1984-85 and $19,820,000 in fiscal year 1985-86.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

The allotments to school districts of basic classroom units for grades one (1) through three (3) shall be made on the basis of one for every twenty-five (25) pupils in average daily attendance. The allotments of basic classroom units for grades four (4) through twelve (12) shall be made on the basis of one for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1984-85	*1985-86*
Vocational Education	2,698	2,538
Exceptional Children	4,110	4,110

Provided, however, that if the budgeted units in any category of classroom units -- Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration -- prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1984-85 and fiscal year 1985-86 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted in school year 1984-85 shall be based on end of year prior year ADA. The number of units allotted in school year 1985-86 shall be based on end of year prior year ADA including the percent of kindergarten increase in ADA the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1984-85 and in fiscal year 1985-86 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1984-85 and in fiscal year 1985-86 shall be deducted for each exceptional children unit allotted.

The Superintendent of Public Instruction shall enforce the limited class size of 25 in average daily attendance of grades kindergarten through three (3) on a district-wide basis for each local school district.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by 9.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1984-86 biennium shall be determined by multiplying the number of classroom units by: $4,130 in the 1984-85 school year and $4,484 in the 1985-86 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1984-85 school year and $1,800 in the 1985-86 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1984-85 and 1985-86 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

Included in this appropriation is $76,166,500 in fiscal year 1984-85 and $76,166,500 in fiscal year 1985-86 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $76,165,500 in fiscal year 1984-85 and $76,166,500 in fiscal year 1985-89; provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal 1984-85 and fiscal year 1985-86 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institution of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Included in the above appropriation is an Economic Development bond authorization of $25 million for fiscal year 1985-86. Before any economic development bonds are issued, the proposed bond issue and the proposed project shall be approved by the Secretary of the Finance and Administration Cabinet and submitted to the Capital Construction and Equipment Purchase Oversight Subcommittee for review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, and Fire and Life Safety projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Subcommittee.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART VI
GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1984, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within forty-five days upon adjournment of the 1984 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1984 General Assembly as well as other acts which provide appropriations for the 1984-86 biennium and based upon supporting documentation and legislative records as considered by the 1984 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management and any supporting documents shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to cover the obligation.

10. The General Assembly recognizes that during fiscal year 1982-83 and fiscal year 1983-84, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 398, of the 1982 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1982 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 398, of the 1982 Acts of the General Assembly took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by PART I, Chapter 398, of the 1982 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 83-325 and 84-160 of the Secretary of Finance and Administration, which Orders are permanent records of the Commonwealth, on file in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 83-325 and 84-160 of the Secretary of the Finance and Administration as the General Fund appropriations for fiscal year 1982-83 and fiscal year 1983-84, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1983-84, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 83-325 and 84-160 of the Secretary of the Finance and Administration, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 83-325 and 84-160, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 398 of the 1982 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1982-83 and fiscal year 1983-84, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 398 of the 1982 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

11. A Surplus Reserve Trust Fund is hereby established. In the event General Fund tax receipts exceed the official estimates in fiscal year 1984-85 and/or in fiscal year 1985-86 by an amount not greater than two and one-half percent (2.5 percent) of the estimate, the Surplus Reserve Trust Fund shall be appropriated 97.0 percent of the General Fund excess amount in fiscal year 1984-85, and shall be appropriated 97.1 percent of the General Fund excess amount in fiscal year 1985-86.

The Surplus Reserve Trust Fund shall be used in the event actual General Fund receipts during the 1984-85 fiscal year or the 1985-86 fiscal year are not sufficient to meet the General Fund appropriation levels authorized in this Act.

12. Pursuant to KRS 48.130, there is hereby established a budget reduction plan for the branches of state government for fiscal year 1984-85 and fiscal year 1985-86. This plan shall be for reduction in the respective budget recommendations for the various branch agencies of state government when projected tax receipts accruing to the General Fund and/or the Road Fund are at least 2 1/2 percent but not more than 5 percent less than the revenue estimates for these funds as determined by the official revenue estimate of the Secretary of the Revenue Cabinet of January 19, 1984.

All appropriation units and areas of state government will be subject to the budget reduction plan. Monies in General Fund Surplus Account created by KRS 48.700 shall be applied toward revenue shortfall in the General Fund. Monies in the Road Fund Surplus Account created by KRS 48.710 shall be applied toward revenue shortfall in the Road Fund.

Section 1. KRS 387.540 is amended to read as follows:

(1) Prior to a hearing on a petition for a determination of partial disability or disability and the appointment of a limited guardian, guardian, limited conservator, or conservator, an interdisciplinary evaluation report shall be filed with the court. The report shall be compiled by at least three (3) individuals, including a physician, a psychologist licensed or certified under the provisions of KRS Chapter 319, and a *person licensed or certified as a* social worker *or an employe of the cabinet for human resources who meets*

the qualifications of KRS 335.080(1)(a), (b) and (c) or KRS 335.090(1)(a), (b) and (c) [~~with a graduate degree in social work~~]. The social worker shall, whenever possible, be chosen from among employes of the Department for Human Resources residing or working in the area, and there shall be no additional compensation for their service on the interdisciplinary evaluation team.

(2) At least one (1) person participating in the compilation of the report shall have knowledge of the particular disability which the respondent is alleged to have or knowledge of the skills required of the respondent to care for himself and his estate.

(3) If the respondent is alleged to be partially disabled or disabled due to mental illness, at least one (1) person participating in the compilation of the interdisciplinary evaluation report shall be a qualified mental health professional as defined in KRS *202A.011(11)* [~~202A.010(10)~~]. If the respondent is alleged to be partially disabled or disabled due to mental retardation, at least one (1) person participating in the compilation of the evaluation report shall be a qualified mental retardation professional as defined in KRS 202B.010(3).

(4) The interdisciplinary evaluation report shall contain:

(a) A description of the nature and extent of the respondent's disabilities, if any;

Such evaluations may be based on prior evaluations not more than three (3) months old, except that evaluations of the respondent's intellectual condition may be based on individual intelligence test scores not more than one (1) year old;

(c) An opinion as to whether guardianship or conservatorship is needed, the type of guardianship or conservatorship needed, if any, and the reasons therefor;

(d) An opinion as to the length of time guardianship or conservatorship will be needed by the respondent, if at all, and the reasons therefor;

(k) The names and addresses of all individuals who examined or interviewed the respondent or otherwise participated in the evaluation; and

(l) Any dissenting opinions or other comments by the evaluators.

(5) The evaluation report may be compiled by a community mental health-mental retardation center, a licensed facility for mentally ill or developmentally disabled persons, if the respondent is a resident of such facility, or a similar agency.

(6) In all cases where the respondent is a resident of a licensed facility for mentally ill or developmentally disabled persons and the petition is filed by an employe of that facility, the petition shall be accompanied by an interdisciplinary evaluation report prepared by the facility.

(7) Except as provided in subsection (6), the court shall order appropriate evaluations to be performed by qualified persons or a qualified agency. (2) The hearing may be closed to the public on request of the respondent or his counsel.

(3) The respondent shall be present at the hearing, and his presence may be waived only upon a determination of the *court* [~~interdisciplinary evaluation team~~] that his attendance would subject him to serious risk of [~~physical~~] harm. Such determination shall be evidence only of the respondent's [~~physical~~] inability to attend the hearing and shall not be considered in determining the need for guardianship or conservatorship.

(4) The court may remove itself to the place of residence of the respondent to conduct the hearing in the presence of the respondent.

(5) The burden of proof shall be on the Commonwealth to prove the disability or partial disability of the respondent by clear and convincing evidence.

(6) The respondent will not be determined partially disabled or disabled unless at least one (1) of the persons who participated in the interdisciplinary evaluation required by KRS 387.540 testifies in person at the hearing. Section 3. KRS 199.520 is amended to read as follows:

(1) After hearing the case the court shall enter a judgment of adoption, if it finds that the facts stated in the petition were established; that all legal requirements, including jurisdiction, relating to the adoption have been complied with; that the petitioners are of good moral character, of reputable standing in the community and of ability to properly maintain and educate the child, and that the best interest of the child will be promoted by the adoption and that the child is suitable for adoption. In the judgment the name of the child shall be changed to conform with the prayer of the petition. The judgment and all orders required to be entered and recorded in the order book, including the caption, shall contain only the names of the petitioners and the proposed adopted name of the child, without any reference whatsoever to its former name or the names of its birth parents.

(2) Upon entry of the judgment of adoption, from and after the date of the filing of the petition, the child shall be deemed the child of petitioners and shall be considered for purposes of inheritance and succession and for all other legal considerations, the natural, legitimate child of the parents adopting it the same as if born of their bodies. Except where a *biological* [~~natural~~] parent is the spouse of an adoptive parent an adopted child from the time of adoption shall have no legal relationship to its birth parents in respect to either personal or property rights.

(3) The clerk of the court shall notify the department of any action of the court with respect to entering a judgment granting an adoption, the amendment of an adoption, or the denial or dismissal of a petition for adoption.

(4) (a) The health history of biological parents and blood relatives of the adopted person, in writing, on a standardized form, provided by the department, if known, shall be given by the department or child-placing agency which has such information, to the adoptive parents and to the circuit court not later than the date the adopted person is placed for adoption.

(b) The information provided for in paragraph (a) of this subsection, if known, shall, upon the request in person or in writing of the adult adopted person be made available in writing to such person. None of the information shall be made available if it is of such a nature that it would tend to identify the biological parents of such adopted person except as provided in Sections 4 and 5 of this Act.

Section 4. KRS 199.570 is amended to read as follows:

(1) The files and records of the court during adoption proceedings shall not be open to inspection by persons other than parties to such proceedings, their attorneys, and representatives of the department except under order of the court expressly permitting inspection. Upon the entry of the final order in the case, the clerk shall place all papers and records in the case in a suitable envelope which shall be sealed and shall not be open for inspection by any person except on written order of the court, *except that upon the written consent of the biological parents and upon written order of the circuit court all papers and records including all files and records of the circuit court during proceedings for termination of parental rights provided in KRS 199.615 shall be open for inspection to any adult adopted person who applies in person or in writing to the circuit court as provided in Section 5 of this Act.* No person having charge of any adoption records shall disclose the names of any parties appearing in such records or furnish any copy of any such records, except upon order of the court which entered the judgment of adoption. The clerk of the circuit court shall set up a separate docket and order book for adoption cases and these files and records shall be kept locked.

(2) After entry of the adoption judgment, the clerk of the circuit court shall promptly report to the department for human resources of Kentucky full information as called for on forms furnished by the department for human resources, necessary to make a new birth certificate conforming to the standard birth

certificate form. Upon receipt of this information, the department for human resources shall cause to be made a new record of the birth and it shall be filed with the original certificate, and the original certificate shall be stamped with the words, "CONFIDENTIAL -- subject to copy and/or inspection only on written order of the court."

(3) The new certificate shall set forth the new name, if any, of the adopted child, the names of the adoptive parents and such other information deemed necessary in accordance with rules and regulations promulgated by the department for human resources in issuing of birth certificates. If the adopted child is under eighteen years of age, the birth certificate shall not contain any information revealing the child is adopted and shall show the adoptive parent or parents as the natural parent or parents of the child. The new birth certificate when issued shall not contain the place of birth, hospital and name of doctor or midwife. This information should be given only by an order of the court in which the child was adopted. The new birth certificate shall recite the residence of the adoptive parents as the birthplace of the child and this shall be deemed for all legal purposes to be the birthplace of the child. If no birth certificate is on file for a child born in Kentucky, the department for human resources shall prepare a certificate of birth in accordance with the information furnished the department by the clerk of the circuit court which issued the adoption order. The department for human resources shall furnish to the clerks of the circuit courts the necessary forms to carry out the provisions of this section. In the event the child was born in another state, the order of adoption shall be forwarded to the division of vital statistics of the state concerned to be changed in accordance with the laws of such state. In the event the child was born in a foreign country, the report of adoption shall be returned to the attorney or agency handling the adoption for submission to the appropriate federal agency.

(4) Thereafter when any copy of the certificate of birth of any child is issued it shall be a copy of the new certificate of birth, except when an order of the court granting the judgment of adoption shall request the issuance of the copy of the original certificate of such child's birth.

(5) If any judgment of adoption is reversed, modified or vacated in any particular, the clerk of the circuit court shall notify the department for human resources of such reversal or modification and the effect of same, and thereupon such department shall make such changes, if any, in its records as may be necessary by such reversal or modification.

SECTION 5. A NEW SECTION OF KRS CHAPTER 199 IS CREATED TO READ AS FOLLOWS:

(1) At the time the biological parents give up the child for adoption, they shall be asked by the department whether they consent to the inspection of the adoption records and to personal contact by the child when he becomes an adult. If consent is then given, it may later be revoked. If consent is withheld at that time, the biological parents may give consent at any later time. The initial written statement of consent or refusal of consent to inspection of records and personal contact shall be filed with the circuit court not later than the date of finalization of the adoption proceedings. When a written consent is on file, the records shall be available to the adult adopted person, upon his request therefor in writing.

(2) When any adult adopted person applies in person or in writing to the circuit court for authorization to inspect all papers and records pertaining to the adoption proceedings of such adopted person as provided in KRS 199.570(1), and the biological parents have previously refused consent to inspection of records and to personal contact, the court may, if satisfied as to the identity of such adult adopted person, authorize the adult adopted person to inspect the papers and records if written consent is obtained from the biological parents identified on the adult adopted person's original birth certificate.

(3) . The circuit court shall, within seven (7) working days of the receipt of the request, direct the secretary of the department to notify each biological parent identified on the adult adopted person's original birth certificate that said person has applied to the court for information identifying such biological parent. Within six (6) months of receiving the notice of the request of the adult adopted person, the secretary of the department shall make complete and reasonable efforts to notify each biological parent identified on the adult adopted person's original birth certificate. The secretary may charge a reasonable fee not to exceed two hundred fifty dollars ($250) to the adult adopted person for making such a search. Every child-caring facility and child-placing agency in the Commonwealth shall cooperate with the secretary in his efforts to notify such biological parents.

(4) The notification of the biological parents shall not be by mail and shall be by personal and confidential contact. The notification shall be done without disclosing the identity of the adult adopted person. The personal and confidential contact with the biological parents shall be evidenced by filing with the circuit court an affidavit of notification executed by the person who notified each parent and certifying each parent was given the following information:

(a) The nature of the information requested by the adult adopted person;

(b) The date of the request of the adult adopted person;

(c) The right of the biological parent to file, within sixty (60) days of receipt of the notice, an affidavit with the circuit court stating that the adult adopted person shall be authorized to inspect all papers and records pertaining to the adoptee;

(d) The right of the biological parent to file at any time an affidavit authorizing the adult adopted

person to inspect all papers and records pertaining to the adoptee; and

(e) The right of a biological parent to file an affidavit with the circuit court stating that all papers and records pertaining to the adoption proceedings of the adult adopted person shall not be open for inspection by the adult adopted person.

(5) The adult adopted person shall not be authorized to inspect the papers and records pertaining to his adoption proceedings unless those biological parents identified on the original birth certificate agree in writing to such inspection.

(6) If after diligent and reasonable effort, the secretary of the department certifies that both biological parents identified in the original birth certificate are deceased or the secretary is unable to locate said parents, then a judge of the circuit court, upon motion of the adult adopted person, may order that all papers and records of the department for human resources and those of the circuit court pertaining to the adoption shall be open for inspection to such adult adopted person.

Section 6. The reviser of statutes shall whenever the phrases "natural parent" or "natural parents" appear in the Kentucky Revised Statutes change them so as to read "biological parent" or "biological parents."

(3) The finance and administration cabinet shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations to govern purchasing by or for all such agencies, subject to the approval of the secretary of the finance and administration cabinet, and shall publish a manual of procedures to be distributed to agencies and to be revised upon issuance of amendments to such procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the finance and administration cabinet may prescribe.

(4) The finance and administration cabinet shall adopt regulations to require agencies to take and maintain inventories of plant property, buildings, structures, other fixed assets, and equipment. The finance and administration cabinet shall conduct periodic physical audits of inventories.

(6) The finance and administration cabinet shall have power, with the approval of the secretary of the finance and administration cabinet, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

The determination of the secretary of the finance and administration cabinet shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the secretary of the finance and administration cabinet and approved by the governor. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

The finance and administration cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities.

(11) For capital construction projects, subject to the provisions of KRS Chapter 45A, the bidding may be on a total design-bid basis; a package system commonly referred to as "turnkey"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the secretary of the finance and administration cabinet offers the lowest real cost to the taxpayer. Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12) The finance and administration cabinet shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

Such economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For such analyses, the finance and administration cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.*

Section 2. KRS 190.020 is amended to read as follows:

The *commission* [~~department~~] shall, under administrative regulations promulgated by *it* [~~the department and approved by the commission~~], issue the licenses provided for by KRS 190.010 to 190.080 and shall have supervision over the licensees thereunder in respect to all the provisions of KRS 190.010 to 190.080.

Section 3. KRS 190.030 is amended to read as follows:

(1) No motor vehicle dealer, new, used or auction motor vehicle dealer, motor vehicle leasing dealer, *restricted motor vehicle dealer, motorcycle dealer,* broker, wholesaler, or a salesman of motor vehicles in any of the described categories herein, shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080. If any such person acts as a motor vehicle salesman he shall secure a motor vehicle salesman's license in addition to a license for a motor vehicle dealer. *The motor vehicle commission is authorized to provide by regulation for other licensee activities and an appropriate fee therefor.*

(2) No manufacturer of motor vehicles, or factory branch, or distributor or distributor branch, or wholesaler shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080.

(3) No factory representative or distributor representative shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080.

(4) Application for license shall be made to the licensor, at such time, in such form and containing such information as the licensor shall require and shall be accompanied by the required fee. The licensor may require in such application, or otherwise, information relating to the applicant's solvency, his financial standing or other pertinent matter commensurate with the safeguarding of the public interest in the locality in which said applicant proposes to engage in business, all of which may be considered by said licensor in determining the fitness of said applicant to engage in business as set forth in this section.

(5) All licenses shall be granted or refused within 30 days after *submission of a complete* application therefor, and shall expire, unless sooner revoked or suspended, on December 31 of the calendar year for which they are granted, except that where a complaint of unfair cancellation of dealer franchise is in the process of being heard, no replacement application for such franchise shall be considered until a decision is rendered by the commission.

(6) The license fee for such calendar year, or part thereof, shall be as follows, effective January 1, 1982:

(a) For new motor vehicle dealers, one hundred dollars ($100.00) for each office or branch or agent thereof, plus one hundred dollars ($100) for a supplemental license for each used car lot not immediately adjacent to the office or to a branch.

(b) For used motor vehicle dealers, one hundred dollars ($100) for each office or branch or agent thereof.

(c) For motor vehicle leasing dealers, one hundred dollars ($100) for each office or branch or agent thereof.

(d) *For restricted motor vehicle dealers, one hundred dollars ($100) for each office or branch or agent thereof.*

(e) For motorcycle dealers, one hundred dollars ($100) for each office, branch, or agent thereof.

(f) For motor vehicle manufacturers, one hundred dollars ($100); and for each factory branch in this state, one hundred dollars ($100).

(g)[~~(e)~~] For distributors, motor vehicle auction dealers or wholesalers, the same as for dealers.

(h)[~~(f)~~] For motor vehicle salesmen, *ten* [~~five~~] dollars *($10)*[~~($5.00)~~].

(i)[~~(g)~~] For factory representatives, or distributor branch representatives, one hundred dollars ($100).

(7) The licenses of dealers, manufacturers, factory branches, distributors, and distributor branches shall specify the location of the office or branch and must be conspicuously displayed there. In case such location be changed, the licensor shall indorse the change of location on the license without charge if it be

within the same municipality, *provided that the licensee meets those requirements set forth by the commission through rules and regulations and pays a fee of one hundred dollars ($100).* A change of location to another municipality shall require a new license.

(8) Every salesman, factory representative or distributor representative shall carry his license when engaged in his business, and display the same upon request. The license shall name his employer, and in case of a change of employer, the salesman shall immediately mail his license to the licensor who shall indorse such change on the license without charge.

(9) Provided the licensor has reasonable cause to doubt the financial responsibility or the compliance by the applicant or licensee with the provisions of this statute the licensor may require such applicant or licensee to furnish and maintain a bond in such form, amount and with such sureties as it shall approve, but not less than fifteen thousand dollars ($15,000), conditioned upon such applicant or licensee complying with the provisions of the statutes applicable to the licensee [~~and as indemnity for any loss sustained by any person by reason of any acts of the licensee constituting grounds for suspension or revocation of his license hereunder~~]. The bonds shall be executed in the name of the state of Kentucky for the benefit of any aggrieved parties, but the penalty of said bond shall not be invoked except after a court adjudication thereof. *Upon regulations promulgated by the commission, the commission may permit the applicant to submit evidence, in lieu of posting bond, that reliable financial arrangements, deposits, or commitments exist providing assurance, substantially equivalent to that afforded by a bond complying with this subsection, for payment on such conditions and such indemnity as set forth in this subsection.* The above bonding requirements shall not apply to manufacturers, factory branches, and their agents.

(10) Application for dealer's license shall be submitted to the department in duplicate and contain such information as the department may require. No motor vehicle dealer, unless licensed under KRS 190.010 to 190.080, shall be permitted to register, receive, or use any motor vehicle registration plates.

(11) Every motor vehicle dealer licensed in accordance with the provisions of this section shall make reports to the licensor at such intervals and showing such information as the licensor may require.

Section 4. KRS 190.035 is amended to read as follows:

No license shall be issued by the *commission* [~~department~~] for the purposes [~~and to the persons~~] described in KRS 190.030(1) *and to motor vehicle dealers*, either as dealer or salesman, unless the applicant for the license has an established place of business as defined in KRS 190.010, *and as provided by regulation of the commission consistent with the activity of the license applied for.* A licensee may conduct more than one (1) business in a building otherwise meeting the requirements of this chapter providing he has suitable space and adequate facilities therein to properly conduct the business of a motor vehicle dealer. [~~Provided, however, a used motor vehicle dealer having annual unit sales of more than six (6) units shall have an established place of business as required in this chapter.~~] The lot requirement of this section may be waived if the dealer has sufficient space within a building to properly show and display the motor vehicles being sold by him. The dealer shall display a sign easily visible from the street identifying his business.

Section 5. KRS 190.045 is amended to read as follows:

(1) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, no manufacturer shall cancel, terminate or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has:

(a) Satisfied the notice requirement of subsection (4) *of this section*; and

(b) Has good cause for cancellation, termination, or nonrenewal; and

(c) Has acted in good faith as defined in KRS 190.010*(21)*[~~(19)~~].

(2) Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

(a) There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship, provided that the dealer has been notified in writing of the failure within one hundred eighty (180) days after the manufacturer first acquired knowledge of such failure.

(b) If the failure by the new motor vehicle dealer, defined in paragraph (a) of this subsection, relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer, if the new motor vehicle dealer was apprised by the manufacturer in writing of such failure, and

1. Said notification stated that notice was provided of failure of performance pursuant to this section;

2. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than six (6) months, to comply with such criteria; and

3. The new motor vehicle dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during such period.

(3) The manufacturer shall have the burden of proof under this section.

(4) Notwithstanding the terms, provisions or conditions of any franchise prior to the termination,

cancellation, or nonrenewal of any franchise, the manufacturer shall furnish notification of such termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

(a) In the manner described in subsection (2)(b) of this section; and

(b) In not less than ninety (90) days prior to the effective date of such termination, cancellation or nonrenewal; or

(c) In not less than fifteen (15) days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

1. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

2. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven (7) consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

3. Fraudulent misrepresentation by the new motor vehicle dealer to the manufacturer or distributor which is material to the franchise;

4. Conviction of the new motor vehicle dealer, or any owner or operator thereof, of any felony which is punishable by imprisonment; or

5. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

(d) In not less than one hundred eighty (180) days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

(5) Notification under this section shall be in writing by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

(a) A statement of intent to terminate, cancel, or not to renew the franchise; and

(b) A statement of the reasons for the termination, cancellation or nonrenewal; and

(c) The date on which such termination, cancellation or nonrenewal takes effect.

(6) Upon the termination, nonrenewal or cancellation of any franchise, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

(a) New current model year motor vehicle inventory which has been acquired from the manufacturer, and which has not been damaged or altered while in the dealer's possession;

(b) Supplies and parts which have been acquired from the manufacturer;

(c) Equipment and furnishings provided the new motor vehicle dealer purchased from the manufacturer or its approved sources; and

(d) Special tools.

Such fair and reasonable compensation shall be paid by the manufacturer within ninety (90) days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and other items and is in a position to convey that title to the manufacturer.

(7) In the event of a termination, cancellation, or nonrenewal under this section, and the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, or owns the dealership facilities, the manufacturer shall pay a reasonable rent to the dealer in accordance with and subject to subsection (8) of this section.

(8) (a) Such reasonable rental value shall be paid only to the extent the dealership premises are recognized in the franchise and only if they are:

1. Used solely for performance in accordance with the franchise; and

2. Not substantially in excess of those facilities recommended by the manufacturer.

(b) If the facilities are owned by the dealer, the manufacturer will either:

1. Locate a purchaser who will offer to purchase the dealership facilities at a reasonable price; or

2. Locate a lessee who will offer to lease the premises for a reasonable term at a reasonable rent; or

3. Failing the foregoing, lease the dealership facilities at a reasonable rental value for one (1) year.

(c) If the facilities are leased by the dealer, the manufacturer will either:

1. Locate a tenant or tenants satisfactory to the lessor, who will sublet or assume the balance of the lease; or

2. Arrange with the lessor for the cancellation of the lease without penalty to the dealer; or

3. Failing the foregoing, lease the dealership facilities at a reasonable rent for one (1) year.

(d) The manufacturer shall not be obligated to provide assistance under this section if the dealer:

1. Fails to accept a bona fide offer from a prospective purchaser, sublessee or assignee; or

2. Refuses to execute a settlement agreement with the lessor if such agreement would be without cost to the dealer; or

3. Fails to make written request for assistance under this section within one (1) month of the termination, cancellation or nonrenewal.

(e) If, in an action for damages under this section, the manufacturer or distributor fails to prove either that the manufacturer or distributor has acted in good faith or that there was good cause for the franchise termination, cancellation, or nonrenewal, then the manufacturer or distributor may terminate, cancel or fail to renew the franchise upon payment to the new motor vehicle dealer of an amount equal to the value of the dealership as an ongoing business location.

Section 6. KRS 190.047 is amended to read as follows:

(1) Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.

(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.

(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the licensor, provided a written application for review is filed with the licensor, with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the licensor, after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The licensor shall make such determination within ninety (90) days after the application for review has been filed with the licensor.

(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.

(5) Failure of the manufacturer or distributor to abide by the final order of the licensor or to continue the franchise in effect pending the final determination of the issue by the licensor shall be cause for the licensor to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.

(6) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. The relevant market area shall be a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishment or relocation of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative, that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for [~~not~~] permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for two (2) years or more shall be deemed the establishment of an additional new motor vehicle dealership.

(7) In determining whether good cause has been established for [~~not~~] entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) [~~Effect on the retail new motor vehicle business and the consuming public in the relevant market area;~~

~~(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;~~

~~(d)~~] Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area, which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

(c)[~~(e)~~] Growth, or decline in population and new car registrations in the relevant market areas[~~;~~

~~(f) Whether the establishment of a new motor vehicle dealership would increase the competition, and therefore, be in the public interest;~~

~~(g) The effect on the relocating dealer of a denial of its relocation into the relevant market area~~].

(8) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in a court of competent jurisdiction.

(9) The provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the guardian or

conservator of an individual who has been declared mentally disabled and who has such an interest for one (1) year following appointment.

(10) The provisions of this section do not apply to:

(a) The relocation of an existing dealership within that dealer's area of responsibility contained in its franchise agreement, provided the relocation is not within five (5) miles of a new motor vehicle dealer of the same line make; or

(b) The relocation of an existing dealership to a site that is further away from an existing dealership of the same line make.

Section 7. KRS 190.057 is amended to read as follows:

(1) Hearings under this chapter shall be heard by the *commission* [~~department~~] and may be held at the most convenient place for the parties and witnesses. The hearing shall be conducted by an examiner of the *commission* [~~department~~]. After the final conclusion of the hearing, the examiner shall make a report and recommended order, which report and recommended order shall contain a finding of fact and a conclusion of law, and such report and recommended order shall be served by mail upon each of the parties. Any of the parties thereto may, within twenty (20) days after the date of the report and recommended order, file and serve exceptions thereto and reasons in support thereof. Replies may be served and filed within twenty (20) days after the date of the filing of exceptions. Thereafter the commissioner shall consider and pass upon the case. When passed upon by [~~the commissioner~~] and approved by the commission, the decision shall be served by mail upon all parties and shall be a final order of the *commission* [~~department~~]. The report and recommended order will not become the decision of the *commission* [~~department~~] through failure to file exceptions, but in the absence of exceptions ordinarily will be taken by the *commission* [~~department~~] as the basis of its decision.

(2) A final order may be withdrawn, set aside or amended, provided, however, that such action is taken between the date of the rendition of the final order and the expiration of the time for appeal or until an appeal has been taken.

Section 8. KRS 190.058 is amended to read as follows:

(1) The motor vehicle commission is hereby created as an agency of the Commonwealth to carry out the functions and duties conferred upon it by this section [~~in conjunction with the department of motor vehicle regulation~~].

Thereafter, their successors in office shall be appointed by the governor for a term of three (3) years each. One (1) member shall be a representative of an automobile manufacturer. The commission may use this fund for salaries, wages, per diem, professional and consulting fees, grants, loans, contracts, travel expenses, equipment, office rent and expenses and other necessary expenses incurred in carrying out its duties under this section as provided by legislative appropriation. (8) The commission shall administer the provisions of this section, establish the qualifications of manufacturers and dealers, and insure that the distribution and sale of new motor vehicles is conducted as provided herein, and under the commission's rules.

(9) The commission is authorized to issue orders and make determinations as may be necessary to carry out the provisions of KRS 190.010 to 190.080. The orders shall set forth the findings on which the order is based, and the reason for the particular action taken. All orders shall be signed by the chairman or vice-chairman and attested by the executive director.

(10) The commission may hold hearings, administer oaths, receive evidence, issue subpoenas to compel the attendance of witnesses and the production of documents related to the hearing and make findings of fact and decisions in administering the provisions of KRS 190.010 to 190.080 and the rules, orders and other actions of the commission.

(11) The commission may cause legal proceedings to be instituted to enforce the provisions of this section and its rules, orders and decisions. Should it appear from any investigation of a possible violation of any other law or regulation that a violation of the provisions of KRS 190.010 to 190.080 may have occurred, the matter shall be referred to the commission to determine whether proceedings under KRS 190.010 to 190.080 are appropriate. The commission may make contracts and execute instruments necessary or convenient to the exercise of its power or performance of its duties.

(12) The availability of administrative procedures under this section shall not preclude the utilization of other remedies for violation of the provisions of this chapter which are available to the affected parties, including actions for injunctive relief.

If the owner of a motor vehicle does not reside in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which the motor vehicle is principally operated. If the owner of a motor vehicle is other than an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of either such county. The application when presented to the county clerk for *title* [~~registration~~] shall be accompanied by:

(a) A [~~bill of sale and a~~] manufacturer's certificate of origin if the application is for the *title* [~~registration~~] of a new motor vehicle; or

(b) The owner's registration receipt, if the motor vehicle was last registered in this state; or

(c) A bill of sale and the previous registration receipt, if last registered in another state where the law of such state does not require the owner of a motor vehicle to obtain a certificate of title or ownership; or

(d) A certificate of title, if last registered in another state where the law of such state requires the owner of a motor vehicle to obtain a certificate of title or ownership.

(2) (a) After that, the owner of any motor vehicle registered under KRS 186.050(1) shall register his motor vehicle on or before the date on which his certificate of registration expires. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(b) After that, the owner of any motor vehicle registered under KRS 186.050(2) shall register his motor vehicle on or before March 1 of each year. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(3) After that, the owner of any commercial vehicle registered under KRS 186.050(3) through (14) shall register his commercial vehicle on or before April 1 of each year. If, before operating such commercial vehicle in this state, the owner registers it at some later date and pays the required fee, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet. *If the motor vehicle is a truck designed for the transportation of property, the application forms shall contain space for the declared gross weight in pounds. The declared gross weight shall be the weight of the vehicle and the heaviest load that the vehicle will be used to carry at any time on the highways.*

(4) The application and documents presented therewith, including the sheriff's certificate of inspection, shall be affixed to the transportation cabinet copy of the certificate of title or registration and sent to the transportation cabinet by the clerk.

Section 16. KRS 186.040 is amended to read as follows:

(1) Upon receiving the application and fee, the county clerk shall issue to the owner a certificate of registration [~~and ownership~~] containing the information required by subsection (2) *of this section* and a registration plate. If the cabinet finds that there is a shortage of materials suitable for making plates, or that a substantial saving will result, it may require by regulation with the approval of the governor that previously issued plates continue to be used for a designated period. For services performed the owner shall pay the county clerk the sum of two dollars ($2.00) for each registration.

(2) The certificate of registration [~~and ownership~~] shall contain the registration number, the names and post office addresses of the owner [~~and the secured party as shown by the financing statement on file in the office of the county clerk~~] and such other information as the cabinet may require. [~~The owner's copy of such certificate shall bear the seal of the county clerk who issued same. No fee shall be charged for placing such seal on the owner's copy of the certificate.~~

~~(3) If a motor vehicle, other than a new motor vehicle, is registered in this state under the authority of a bill of sale, registration receipt or title, the certificate of registration and ownership shall show the title or the registration number and the name of the state issuing same under which the motor vehicle was last registered in addition to the other required information.~~]

Section 17. KRS 186.045 is amended to read as follows:

(1) Financing statements relating to vehicles required to be registered in Kentucky by the county clerk shall be filed in the office of the county clerk of the county in which the debtor resides or, if the debtor is a nonresident, in the office of the county clerk in which the vehicle is principally operated.

(2) [~~(a)~~] Whenever a financing statement required by KRS Chapter 355 relating to any vehicle *titled* [~~registered~~] or required to be *titled* [~~registered~~] in Kentucky [~~for use on the highway~~] is presented to a county clerk for filing, such clerk shall also immediately note information required by the cabinet relative *to KRS 186A.190* [~~thereto on the owner's copy of the certificate of registration and ownership or transfer receipt issued for the current registration period as noted in subsection (2) of KRS 186.170, which the secured party must obtain and present to the county clerk,~~] along with the financing statement, within fifteen (15) days, exclusive of Sundays and holidays, after execution of the security agreement. [~~The clerk shall also note such information on the clerk's copy of the certificate of registration and ownership or transfer receipt maintained in his office in numerical order.~~] The clerk noting the information on the owner's *title* [~~copy of the certificate of registration and ownership or transfer receipt~~] shall return such *title* [~~receipt~~] to the owner within five (5) days after making such notation. For filing the financing statement, the clerk shall collect a fee pursuant to KRS 64.012 from the secured party and, in addition, for noting the security interest on the required *title* [~~receipts~~], the clerk shall collect from the secured party a fee pursuant to KRS 64.012 for each additional motor vehicle included on the financing statement.

[~~(b) Whenever a financing statement affecting a vehicle is presented to a county clerk for filing in any county other than the one in which the current receipt was issued, the county clerk shall, in addition to the other requirements of this section, mail a notice of the security interest on a form furnished by the cabinet to~~

~~the clerk of the county in which the current receipt was issued. Upon receipt of said notice, the county clerk shall attach it to the copy of the current receipt on file, maintained in numerical order, in the county clerk's office and note the security interest on the clerk's copy of the receipt.~~]

(3) For failure to present [~~both~~] the [~~current receipt and~~] financing statement within the time prescribed by subsection (2)[~~(a)~~], the secured party shall pay a penalty of two dollars ($2.00) to the county clerk as a prerequisite for noting the security interest on the *title* [~~current receipt~~].

(4) Whenever a perfected security interest is assigned, the assignor shall immediately give a statement of assignment to the assignee and at the same time deliver another copy of such statement to the debtor. The assignee shall, within thirty (30) days thereafter, present a copy of the statement of assignment to the county clerk in whose office the financing statement is on file. Upon receipt of the assignment, the county clerk shall mark the same as provided in subsection (2) of KRS 355.9-405 and attach it to the original financing statement. For this service the county clerk shall collect a fee pursuant to KRS 64.012.

(5) Whenever a security interest has been discharged, other than by proceedings under KRS 355.9-501 through 355.9-507 or similar proceedings, the secured party shall, within fifteen (15) days thereafter, deliver a termination statement in the manner required by KRS 355.9-404 to the county clerk of the county in which the financing statement is filed. For failure to file the termination statement within the allowable time, the secured party shall be subject to the penalty provided in KRS 186.990(1). Within five (5) days after the receipt of such documents, the county clerk shall note the filing in the index and[~~, in addition, note on the clerk's copy of the current receipt maintained in his office in numerical order,~~] in language prescribed by the cabinet that the termination statement has been filed. Upon presentation of the owner's *title* [~~copy of the receipt~~] showing such security interest, the clerk shall also note on such *title* [~~receipt~~] that the termination statement has been filed and place the seal of the county clerk thereon. The clerk shall return the owner's *title* [~~receipt~~] to the owner. The county clerk shall remove the financing statement from his files, mark "terminated" thereon and send or deliver it to the secured party along with any continuation statement, statement of assignment or statement of release pertaining thereto. The county clerk shall then file the termination statement in the place from which the financing statement was removed. Termination statements must be retained in the clerk's files for a period of two (2) years subsequent to the date of filing such statement, at which time they may be destroyed. No fee shall be collected for these services by the clerk. Once a security interest has been noted on the owner's *title,* [~~copy of a certificate of registration and ownership or transfer receipt,~~] no subsequent *title* [~~certificate of registration and ownership or transfer receipt~~] may be issued by any county clerk free of such notation unless the owner's *title* [~~copy of the current receipt~~] is presented to the clerk and it has *been* noted thereon by the proper county clerk that the termination statement therefor has been filed. If this requirement is met, information relating to any security interest shown on the *title* [~~receipt~~] as having been terminated may be omitted from the *title* [~~receipt~~] to be issued by the clerk.

(6) Whenever any secured party repossesses a vehicle *titled in this state,* [~~registered with a county clerk,~~] for which a financing statement has been filed, and disposes of such vehicle pursuant to the provisions of KRS Chapter 355, he must present, within fifteen (15) days after such disposition, an affidavit in form prescribed by the department and a termination statement or proof that such termination statement has been filed. The new owner shall pay all applicable fees for *titling* [~~registering~~] and transferring the vehicle to the county clerk. Upon receipt of such documents, the county clerk who issued the *lien* [~~current receipt~~] shall then omit from the *title* [~~certificate of registration and ownership or transfer receipt~~] he *makes application for* [~~issues~~] any information relating to the security interest under which the vehicle was repossessed or any security interest subordinate thereto. However, any security interest, as shown by such *title,* [~~clerk's copy of the current receipt,~~] which is superior to the one under which the vehicle was repossessed, must be shown on the *title application* [~~receipt issued by the clerk~~] unless the prior secured party has terminated such security interest in such clerk's office or proof of termination is submitted in case such prior security interest was discharged in another clerk's office.

(7) Whenever any vehicle brought into this state is required to be *titled in this state* [~~registered with a county clerk~~] and such vehicle is then subject to a security interest in another state as shown by the out of state documents presented to the clerk, the county clerk is prohibited from *processing the application for title on* [~~registering~~] the vehicle unless the owner obtains from the secured party a financing statement and presents same to the clerk along with all fees due. Such a financing statement must conform to the requirements of subsection (3) of KRS 355.9-402. The clerk shall note the out of state security interest on the *application for title* [~~new registration receipt and on the clerk's copy thereof~~]. This provision does not apply to vehicles required to be registered in Kentucky under forced registration provisions under KRS 186.145. The penalty provided in subsection (3) of this section shall not apply to this subsection.

(8) The fees provided for in this section are in addition to any state fee provided for by law.

(9) Any person violating any provision of this section or any person refusing to surrender a *title* [~~certificate of registration and ownership or transfer certificate~~] upon request of any person entitled thereto, is subject to the penalties provided in subsection (1) of KRS 186.990.

(10) The county clerk is prohibited from filing any financing statement on any vehicle subject to the provisions of this section if a *title* [~~certificate of registration and ownership or transfer receipt~~] therefor is

presented to him which has all the spaces provided thereon for noting security interests fully exhausted. The owner must see to it that a termination statement is filed for each discharged security interest and then a duplicate *title* [~~receipt~~] as provided for in KRS *186A.180* [~~186.180~~] must be obtained from the clerk by the owner of the vehicle.

(11) Security interests in vehicles sold to or owned by residents of other states must be perfected in the state of such nonresident and repossession of the vehicle must be taken pursuant to the laws of such state, unless the vehicle is principally operated in Kentucky and is properly *titled* [~~registered~~] herein under KRS *186A.065* [~~186.020~~] and the security interest is authorized to be filed with the county clerk under KRS 355.9-401. [~~However, a security interest on any vehicle which is not used on the public highways and for that reason is not required to be registered for highway use may be filed with the county clerk as otherwise permitted under KRS Chapter 355.~~]

Section 18. KRS 186.047 is amended to read as follows:

Whenever any financing statement lapses under the provisions of KRS 355.9-403, the county clerk of the county in whose office the financing statement is filed shall, *upon presentation of the owner's certificate of title,* note on the *certificate of title* [~~clerk's copy of current registration or transfer receipt~~] that such financing statement has lapsed. [~~Upon presentation of the owner's copy of the current registration or transfer receipt, the aforementioned clerk shall make the same notation thereupon and~~] Thereafter any clerk may omit information regarding the lapsed financing statement from any new *certificate of title* [~~registration or transfer receipt~~] issued for the motor vehicle.

Section 19. KRS 186.076 is amended to read as follows:

The transportation cabinet may revoke the license of any motor vehicle dealer who acquires a used motor vehicle for cash, trade-in, or in any other manner, and fails to *comply with the requirements of KRS 186A.220* [~~have the registration transferred to him prior to the time the vehicle is sold or otherwise transferred to another person, or within ten (10) days after acquired, whichever may be sooner~~]. Such person shall be afforded a full opportunity to defend himself against any such charge under rules and regulations adopted by the transportation cabinet governing the procedure for such revocation action. Provided, however, That such dealer shall have the right to appeal any order of revocation entered by the transportation cabinet to the Kentucky board of tax appeals as provided by law.

Section 20. KRS 186.145 is amended to read as follows:

Any motor vehicle properly registered and titled in another state belonging to a nonresident, which vehicle is required to be registered in this state by reason of lack of reciprocal agreement with the state in which it is registered, or by reason of not qualifying for reciprocity under an existing reciprocal agreement with the state in which it is registered, may be registered with the county clerk by presenting a photostat or certified copy of the registration receipt or certificate of title issued to the nonresident in his home state. [~~The registration receipt issued by the county clerk shall be stamped across its face with a notation prescribed by the cabinet that will indicate the registration receipt so issued cannot be used in transferring legal title to the motor vehicle. However, under regulations prescribed by the cabinet, a registration receipt so issued may be transferred to a new owner if the foreign legal title and registration is transferred in that state to the new owner.~~] Nothing contained in this section shall release the owner of the vehicle from any tax fees or other requirements imposed by law.

Section 21. KRS 186.160 is amended to read as follows:

That number shall thereafter be used by the owner in making registration or *an application for title* [~~executing a bill of sale.~~]

Section 22. KRS 186.190 is amended to read as follows:

(1) Whenever a motor vehicle that has been previously registered changes ownership, the registration plate shall remain upon such motor vehicle as a part of it until the expiration of the registration year.

(2) [~~No person shall purchase, sell or trade any motor vehicle without delivering to the county clerk of the county in which the sale or trade is made the current registration receipt issued on the motor vehicle and the bill of sale.~~

~~(3)~~] Upon delivery of the *certificate of title* [~~registration receipt and the bill of sale~~] to the county clerk of the county in which the sale or trade was made, the seller shall pay to the county clerk a transfer fee of one dollar ($1.00), which shall be remitted to the transportation cabinet. The county clerk shall thereupon issue to the purchaser a [~~transfer of~~] registration bearing the same data and information as contained on the original registration receipt, except the change in name and address. The seller shall pay to the county clerk a fee of two dollars ($2.00) for his services.

[~~(4) Whenever a county clerk issues to a purchaser a transfer of registration in a county other than~~

~~the one in which the motor vehicle was originally registered, the clerk shall immediately mail one (1) copy of the transfer of registration to the clerk of the county of original registration.~~]

(5) (a) All applications found to be qualified under the procedures set forth in subsection (4) this section shall constitute the application pool for the new license in the geographic district or sub-district.

Section 13. The general assembly confirms the reorganization of state government effected by Executive Order 83-64 to the extent that such reorganization is not otherwise confirmed by this Act.

SB 357, AN ACT relating to the Kentucky housing corporation and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

(1) The general assembly finds and determines that section 103A of the United States internal revenue code of 1954, as amended, places certain restrictions on the issuance by states and political subdivisions thereof of obligations the interest on which is exempt from federal income taxes for the purpose of providing mortgage financing for owner-occupied residences. Such restrictions include a limitation on the amount of such tax-exempt obligations, known as qualified mortgage bonds, that may be issued in a state during any calendar year. Pursuant to section 103A of the internal revenue code and regulations promulgated thereunder, in the absence of overriding state legislation fifty percent (50%) of the principal amount of qualified mortgage bonds which may be issued in the Commonwealth in any calendar year for such purposes is allocated to the corporation as the state housing finance agency of Kentucky and the remaining fifty percent (50%) of such allocation is allocated to units of government in the Commonwealth of Kentucky having the authority to issue qualified mortgage bonds other than the corporation.

(2) The general assembly further finds and determines that under proposed federal legislation to amend section 103A of the internal revenue code of 1954, as amended, an issuer of qualified mortgage bonds may elect not to issue all or a portion of its allocation of such authority and to issue in lieu thereof mortgage credit certificates pursuant to a qualified mortgage credit certificate program, pursuant to which the holders thereof are entitled to a credit against their federal income tax, such issuer's allocation in any such case being reduced by the amount of such tax-exempt obligations which the issuer elects not to issue.

(3) The general assembly further finds and determines that the authority of the governor of the Commonwealth of Kentucky under section 103A of the internal revenue code of 1954, as amended, to make allocations with regard to qualified mortgage bonds which may be issued in the Commonwealth during any calendar year has expired, and it is appropriate that legislation be enacted by the general assembly of the Commonwealth of Kentucky in order to determine formulas and criteria and adopt procedures for the determination and making of such allocations in the future.

SECTION 2. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

In addition to all other powers which any unit of government in the Commonwealth of Kentucky which is authorized by law to issue tax-exempt obligations for the financing of owner-occupied residences, including the Kentucky housing corporation, may have, all such units of government are hereby authorized and empowered from time to time to issue mortgage credit certificates and establish qualified mortgage credit certificate programs to the extent authorized by section 25 or 103A of the internal revenue code of 1954, as *amended, as the same presently exists and as the same may exist in the future or to the extent authorized by any other federal law. The issuance by any such units of government of mortgage credit certificates and the establishment of qualified mortgage credit certificate programs shall be governed and regulated in all respects by federal law as same exists at the time any such mortgage credit certificates are issued.*

SECTION 3. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

(1) As used in Sections 3 to 9 of this Act, the term "state ceiling" means with respect to any calendar year the aggregate amount of qualified mortgage bonds which may be issued in the Commonwealth for the financing of owner-occupied residences, subject to the limitation imposed by section 103A of the internal revenue code of 1954, as amended. Unless otherwise established in accordance with section 103A of the internal revenue code of 1954, as amended, the state ceiling shall be either:

(a) The amount published by the United States department of the treasury for the Commonwealth for the calendar year in which the obligations are issued; or

(b) If no such amount has been published for the calendar year in which the qualified mortgage bonds are issued, the amount last so published prior to the date of issuance of the qualified mortgage bonds.

(2) The first one hundred million dollars ($100,000,000) principal amount of qualified mortgage bonds of the state ceiling or fifty percent (50%) of the state ceiling, whichever is greater, is hereby allocated in each calendar year to the corporation, being the state housing finance agency of Kentucky, and the remainder of the state ceiling shall be allocated to counties of Kentucky in the manner determined in Section 4 of this Act.

SECTION 4. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

(1) The allocation of the portion of the state ceiling to counties of Kentucky provided by Section 3 of this Act shall be made by executive order of the governor of the Commonwealth on or before February 1 of each calendar year and shall be calculated by multiplying the percentage allocation of each county determined to receive an allocation by the amount of the state ceiling allocated to counties. The percentage allocation for any county shall be initially determined on the basis of the average annual aggregate principal amount of mortgages executed in such county during any two (2) of the three (3) immediately preceding calendar years for single-family owner-occupied residences and the ratio that such average annual aggregate principal amount bears to the average annual aggregate principal amount of such mortgages executed in the entire Commonwealth of Kentucky determined in the same manner. In making such allocations to counties, the governor shall also take into consideration the extent to which it is likely that any county will use and apply its allocation either alone or in combination with other counties, the prior experience of any county in the issuance of qualified mortgage bonds for the financing of owner-occupied residences, including successful use and application of the proceeds of such bonds, required redemption of bonds because of nonplacement of mortgages and projected availability of uncommitted proceeds from prior qualified mortgage bond financings, and the likely use of proceeds in targeted areas as defined by Section 103A of the Internal Revenue Code, as amended. The governor may increase or reduce the initial determination of any county's percentage allocation as a result of the application of such criteria.

(2) In making determinations regarding allocations to counties using the foregoing criteria and formula, the governor may rely upon factual determinations and findings with regard to the above criteria and formula made by any unit of state government, including the corporation.

(3) The determination of the governor in respect of the making of allocations of the state ceiling to counties in Kentucky in each calendar year shall be final and conclusive.

SECTION 5. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

(1) On or before September 1 of the calendar year preceding the calendar year for which an allocation of the state ceiling is to be made to counties, the corporation, on behalf of the governor and in accordance with procedures established by the governor, shall advise each county in Kentucky in writing of the availability of a portion of the state ceiling to counties. Any county wishing to request an allocation of a portion of the state ceiling must, by the following December 1, adopt a resolution expressing its intention to issue qualified mortgage bonds or to combine with one or more additional counties in such issuance or, as appropriate, to establish a qualified mortgage credit certificate program. Such resolutions, together with definitive further information and data from or on behalf of the county or counties in support of the requests for allocations of a portion of the state ceiling, shall be filed with the corporation, acting on behalf of the governor, and shall describe the proposed program (and the need and demand therefor) for the financing of which qualified mortgage bonds are proposed to be issued by the county or counties. Such information and data shall identify targeted areas within such county or counties, as defined in section 103A of the internal revenue code of 1954, as amended, and shall be kept current on a regular basis by any such county or counties.

(2) In order to promote economies in the issuance of qualified mortgage bonds, two (2) or more counties may join together for the purpose of issuing qualified mortgage bonds, in which event bonds in the

principal amount equal to the sum of the aggregate allocations of the state ceiling of such counties may be issued, the proceeds thereof to be apportioned among such counties as they may agree.

SECTION 6. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

Any county or counties to which an allocation of the state ceiling has been made pursuant hereto may, at the option of such county or counties, request that the corporation issue qualified mortgage bonds for and on behalf of such county or counties, using such county or counties' allocation of the state ceiling, and apply the proceeds thereof only within such specified county or counties. In the event the corporation determines to issue such qualified mortgage bonds at the request of any such county or counties, the income guidelines and other program guidelines of the corporation shall be applicable in respect of any such financing, the allocation made to the corporation of the state ceiling for such calendar year shall not be reduced by the amount of such financing, and the principal amount of such financing shall not be deemed to reduce the then existing bonding capacity of the corporation.

SECTION 7. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

(1) In the event any county which has received an allocation of the state ceiling has not issued qualified mortgage bonds for the financing thereof or established and fully implemented a qualified mortgage credit certificate program by September 30 of calendar year 1984, and by September 1 of the successive calendar years for which the allocation is made, such allocation shall lapse and revert to the Commonwealth and be automatically allocated to the corporation.

(2) Any county which has received an allocation of the state ceiling shall, at such time as it is apparent that such allocation will not be used by such county either alone or in combination with one or more additional counties, advise the corporation, acting on behalf of the governor, that such county will not be able to utilize all or a portion of such allocation. At such time such allocations shall lapse and revert to the Commonwealth and be automatically allocated to the corporation. The corporation shall, within ten (10) days of receipt of the advice of such lapsed allocation, send written notification of the lapsed amount to all counties which have filed a resolution of intention to issue qualified mortgage bonds or qualified mortgage credit certificates. Upon receipt by the corporation, within twenty (20) days of the date of such notification, of a written request from one (1) or more counties for the allocation of the lapsed amount, the lapsed amount may be allocated to one (1) or more such counties by the governor.

SECTION 8. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

The allocation of the portion of the state ceiling to counties provided by Section 3 of this Act for calendar year 1984 shall be made in accordance with the criteria and formula set forth in Section 4 of this Act pursuant to procedures prescribed by executive order of the governor without regard to the time limitations set out in Section 5 of this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 198A IS CREATED TO READ AS FOLLOWS:

SJR 60, A JOINT RESOLUTION authorizing and directing the Governor of the Commonwealth of Kentucky annually to proclaim the year to be the "Year of the Bible."

WHEREAS, of the many influences that have shaped the Commonwealth of Kentucky into a distinctive people, none may be said to be more fundamental and enduring than the Bible; and

WHEREAS, the Congress of the United States of America has adopted a "Year of the Bible" resolution in recognition of the unique contributions of the Bible in shaping the history and character of this nation; and

WHEREAS, over 65 Kentucky mayors are issuing annual "Year of the Bible" proclamations to promote awareness of our Bible heritage; and

WHEREAS, twenty-six states and over five hundred cities have issued "Year of the Bible" proclamations; and

WHEREAS, two thousand cities have sponsored "Year of the Bible" celebrations; and

WHEREAS, many of our greatest national leaders - among them Presidents Washington, Jackson, Lincoln, and Wilson - have recognized the influence of the Bible on our country's development. The plainspoken Andrew Jackson referred to the Bible as no less than "the rock on which our Republic rests"; and

WHEREAS, today our nation, and indeed, our world is facing a decade of enormous challenge. As a people we may well be tested as we have seldom, if ever, been tested before. We will need resources of spirit even more than resources of technology, education, and armaments. There could be no more fitting moment than now to reflect with gratitude, humility, and urgency upon the wisdom revealed to us in the writing that Abraham Lincoln called "the best gift God has ever given to man...But for it we could not know right from wrong."; and

WHEREAS, the Bible and its moral law helped form the basis for the English systems of law inherited by our own nation, as well as the ideals set forth in the Declaration of Independence and the Constitution; and

WHEREAS, the preamble to the Kentucky Constitution is rooted in Bible teachings concerning the sovereignty of God over all institutions; and

WHEREAS, our state motto, "United We Stand, Divided We Fall" was derived from the teachings of the Holy Scriptures; and

WHEREAS, many Kentucky cities, towns, and streets have been named after individuals and places found in the Old and New Testaments of the Holy Scriptures;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That each Governor of the Commonwealth of Kentucky is authorized and directed annually to designate the year as the "Year of the Bible" in recognition of the formative influence of the Bible in American and Kentucky history, its ongoing contribution to the development of our laws, institutions, and traditions, and to encourage every Kentuckian to read, study, and apply the teachings of Holy Scripture.

SCR 78, A CONCURRENT RESOLUTION designating Soc Clay as a Poet Laureate.

WHEREAS, Soc Clay has received various awards from these organizations for his columns and articles;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. That Soc Clay of South Shore, Kentucky, be designated a Poet Laureate for the Commonwealth of Kentucky.

Section 2. That a copy of this resolution be sent by the clerk to Soc Clay.

The employer shall be notified of such revocation or cancellation in writing, and such minor shall not thereafter be employed or permitted to work until a new certificate has been legally obtained. If the revocation or cancellation is made other than by the department of *workplace standards* [~~labor~~], the department shall be notified thereof in writing, and if the revocation or cancellation is made other than by the issuing officer, such officer shall be notified thereof in writing.

(3) A statement of physical fitness, if the issuing officer has reasonable doubt as to the minor's physical fitness, signed by a public health or public school physician, or in case there are no such physicians available, by a private physician who has examined the minor, certifying the medical examination of the minor shows that he is physically fit to be employed at the work he intends to do, or to be employed at such work under limitations specified in the statement. If the statement of physical fitness is limited, the employment certificate issued thereon shall state clearly the limitations upon its use, and shall be valid only when used under the limitations so stated. In any case, where the physician shall deem it advisable, he may issue a certificate of physical fitness for a specified period of time, at the expiration of which the person for whom it was issued shall appear and be re-examined before being permitted to continue to work. Such examination shall be made in accordance with standards and procedures prescribed by the superintendent of public instruction in consultation with the secretary for human resources and commissioner of *workplace standards* [~~labor~~], and shall be recorded on a form furnished by the department of education. School directors of pupil personnel are likewise empowered to visit and inspect places where minors may be employed, and shall report any cases of employment that they find in violation of KRS 339.210 to 339.450 to the department of *workplace standards* [~~labor~~].

(2) Any person authorized to enforce KRS 339.210 to 339.450 may require an employer of a minor for whom an employment certificate is not on file either to furnish him within ten (10) days the evidence required for an employment certificate showing that the minor is at least eighteen (18) years of age or to cease to employ or permit or suffer such minor to work. Proof of the making of such demand and of failure to deliver such proof of age shall be prima facie evidence, in any prosecution brought for violation of KRS 339.210 to 339.450, that such minor is under eighteen (18) years of age and is unlawfully employed.

Section 33. KRS 339.990 is amended to read as follows:

Whoever employs or permits or suffers any minor to be employed or to work in violation of KRS 339.210 to 339.450, or of any order or ruling issued under the provisions thereof, or obstructs the department of *workplace standards* [~~labor~~], its officers, or agents, or any other person authorized to inspect places of employment under KRS 339.210 to 339.450, or whoever, having under his control or custody any minor, permits or suffers him to be employed or to work in violation of KRS 339.210 to 339.450, or who sells to a minor any article with the knowledge that the minor intends to sell said article in violation of KRS 339.210 to 339.450 shall be fined not less than twenty-five (25) nor more than one hundred dollars ($100). Every employer who continues to employ a minor in violation of KRS 339.210 to 339.450 after he has been notified by the department of *workplace standards* [~~labor~~], its officers or agents, shall be fined twenty-five dollars ($25.00) for each day the violation continues and the employment of any minor in violation of KRS 339.210 to 339.450 shall with respect to each minor so employed constitute a separate and distinct offense.

Section 34. KRS 342.120 is amended to read as follows:

(1) There is created the division of the special fund in the department of *workers' claims* [~~labor~~] which shall be responsible for the administration of the legal representation of the fund and the maintenance of records regarding the payment of claims by the fund. *The division of special fund shall be headed by a*

director appointed by the commissioner, with the prior written approval of the governor pursuant to KRS 12.050. The director shall be responsible for overseeing the administration of the legal representation of the fund and the maintenance of records regarding the payment of claims by the fund.

(2) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations and by certification of the fact that a copy of the motion and the entire case file has been forwarded to the special fund at the cost of the movant, request the board to and the board shall, or upon its own motion the board may, at any time before the rendition of the final award, cause the special fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(3) When the special fund has been made a party the board may direct the procedures provided in KRS 342.121.

(4) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (2) of this section and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable for the payment of all income benefits until the benefits paid have reached a percentage of the full income benefits awarded by the board which is equal to the percentage of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(5) The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, shall be paid out of the special fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe under such regulations as the secretary of finance *and administration* may provide for such purpose.

(6) In making the computation for the apportionment of benefits under this section, the board shall determine the amount of the employe's weekly income benefits and apportion the award between the employer and special fund as follows:

(a) For benefits awarded under KRS 342.730(1)(b), the portions shall be based on the number of weeks stated therein;

(b) For all other benefits awarded under this chapter, the portions shall be based on the number of weeks shown in actuarial tables adopted by regulations promulgated by the board.

Section 35. KRS 342.122 is amended to read as follows:

(1) "Adjusted cost" as used in this section and in KRS 342.475 means all liability incurred for compensation, hospital and medical benefits to be paid pursuant to this chapter, except that any employer defined in KRS 342.630(2) may compute "adjusted cost" on the basis of benefits paid rather than liability incurred. "Adjusted cost" for all employers shall include an additional factor of twelve percent (12%) of such total liabilities or benefits paid. Each self-insured group and each employer carrying his own risk shall annually furnish payroll data and other information required to calculate "adjusted cost" to the department of revenue.

(2) In addition to the taxes and assessments imposed by KRS 342.450 and 342.475, a special fund tax at the rate of three-fourths (3/4) of one percent (1%) of the amount of premiums received shall be paid by every insurance carrier as defined in KRS 342.445, subject to the credits therein set out, and the department of revenue shall assess against the "adjusted cost" of every employer carrying his own risk a special fund tax computed by taking three-fourths (3/4) of one percent (1%) of the "adjusted cost" determined as provided in KRS 342.475. The provisions of KRS 342.450, 342.455, 342.460, 342.465 and 342.470 shall, so far as applicable, also apply to the levy and collection of such additional tax of three-fourths (3/4) of one percent (1%) of such premiums of insurance carriers.

(3) All taxes and assessments imposed by subsection (2) of this section shall be paid into the state treasury and shall be credited to the special fund and the Kentucky reinsurance association and shall be used only for awards of compensation made by the board and chargeable against the special fund, expenses of legal representation thereof, fees, expenses of the physicians in connection therewith, and expenses in connection with reinsurance obtained for the special fund and shall be withdrawn for that purpose under the supervision of the secretary of finance *and administration.*

(4) Any sum remaining in the special fund at the end of any fiscal year shall be set up by the finance and administration cabinet to the credit of such fund for the next ensuing fiscal year.

(5) (a) For liabilities for injuries and occupational diseases incurred on or after July 1, 1983:

1. If on an annual review of the special fund the secretary of finance *and administration* finds that the special fund tax to be levied pursuant to this section may be insufficient to pay prospective amounts which may be awarded under the special fund provisions, he shall advise the Kentucky reinsurance association in writing of such fact and shall further request and give specifications for the association to make a proposal for reinsuring the liabilities of the special fund and for distributing the cost of such reinsurance to the subscribers of the association. The proposal will contain a total cost for such reinsurance, including the administrative costs of making benefit payments and collecting premiums from subscribers. The total cost of reinsurance shall be distributed among the subscribers based on the "adjusted cost" of every subscriber unless the proposal sets forth another basis of cost distribution that the secretary of finance *and administration* finds to be more equitable than "adjusted cost."

2. The secretary of finance *and administration* shall then advertise for bids from qualified bidders for reinsurance of the liabilities of the special fund as set out in the proposal of the Kentucky reinsurance association.

3. If no other qualified bidder offers an arrangement more advantageous than that proposed by the Kentucky reinsurance association, the secretary shall enter an agreement for reinsurance of the special fund liabilities with the association as specified in the original written request. If another qualified bidder makes a bid more advantageous according to criteria established in the specifications, the secretary shall enter an agreement with such bidder for reinsurance of the special fund liabilities.

(b) For liabilities for injuries and occupational diseases incurred before July 1, 1983:

1. The secretary of finance *and administration* and the *secretary* [~~commissioner~~] of labor may determine whether such liabilities could be reinsured or otherwise transferred to the Kentucky reinsurance association in a manner calculated to minimize the costs of such liabilities and the processing of payments in connection therewith.

2. If the secretary of finance *and administration* and the *secretary* [~~commissioner~~] of labor find that the special fund tax to be levied pursuant to this section is insufficient to pay such claims, they shall advise the commissioner of revenue in writing of such fact. The commissioner of revenue may then levy additional assessments against all insurance companies writing workers' compensation insurance in Kentucky, all self-insurance groups operating under this chapter, and every employer carrying his own risk. The amount of each assessment shall be in the proportion that each assessment payer's "adjusted cost" bears to the total "adjusted cost" of all assessment payers.

(6) Except for a two percent (2%) collection fee allowance, all moneys charged the insured for assessments and taxes under this chapter and KRS Chapter 136 shall be paid into the state treasury and credited to the appropriate fund for which said assessment or tax is charged. In no case shall the moneys turned over be less than ninety-eight percent (98%) of the moneys charged.

(7) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

However such hearing officers may, in receiving evidence on behalf of the board, make such rulings affecting the competency, relevancy, and materiality of the evidence about to be presented and upon motions presented during the taking of evidence as will expedite the preparation of the case.

(4) The board may at any time recommend the removal of the director or any hearing officer upon filing with the governor a full written statement of its reasons for such removal.

Any unclassified employe who is dismissed without cause shall not have the right to appeal. An evaluation may be appealed to the board if an employe has complied with the review procedure established under Section 4 of this Act.*

(2) Any state employe, applicant for employment, or eligible on a register may appeal to the personnel board on the grounds that his right to inspect or copy records, including preliminary and other supporting documentation, relating to him has been denied, abridged or impeded by a public agency. The board shall conduct a hearing to determine whether the records related to the employe, applicant or eligible, and whether his right to inspect or copy such was denied, abridged or impeded. If the board determines that the records related to the employe and that the right to inspect or copy such records has been denied, abridged or impeded, the board shall order the public agency to make them available for inspection and copying and shall charge the cost of the hearing to the public agency.

(3) Any classified or unclassified state employe may appeal to the board an action alleged to be based on discrimination due to race, color, religion, national origin, sex, or age.

(4) When an eligible's name is removed from a register for reasons specified by this Act, the commissioner shall notify the eligible of his action and the reasons therefor, together with his right of appeal. (c) Any applicant who has taken an examination may appeal to the board for a review of his rating in any part of such examination to assure that uniform rating procedures have been applied equally and fairly;

(d) An appeal to the board by applicants or eligibles under subsections (3), (4) and (5) of this section shall be filed in writing with the executive director not later than fifteen (15) calendar days after the notification of the action in question was mailed.

Any party to the hearing shall be permitted an adequate opportunity to rebut or

comment upon such information.

(10) Each appeal shall be decided on its merits and the board shall base its decision upon facts and information produced at the hearing.

(11) Except as authorized by law, a board member shall neither initiate, participate in, nor consider ex parte or other communications concerning a pending or impending proceeding before the board. Board members shall abstain from public comment about a pending or impending proceeding before the board, and shall require similar abstention on the part of board personnel subject to the board's direction and control. This shall not prohibit board members from making public statements in the course of their official duties or from explaining for public information the procedures of the board.

(12) An appeal to the board may be heard by individual members of the board, by its executive director or by a hearing officer of the board. Any appeal heard by less than the full board shall be subject to review by the full board upon petition for such review by either party to the appeal. Petition for review by the full board shall be filed with the board within thirty (30) days of the recommended order issued by a member, the executive director, or a hearing officer.

(b) If the board finds that the action complained of was taken without just cause, the board shall order the employe reinstated to his former position or a position of like status and pay, without loss of pay for the period of his penalization, or otherwise make the employe whole.

(c) [~~In all other cases,~~] If the board finds that the action taken by the appointing authority was excessive or erroneous in view of all the surrounding circumstances, the board shall alter, modify or rescind the disciplinary action.

(d) In all other cases, the board shall rescind the action taken or otherwise grant such other relief to which the employe is entitled.

(e) If a final order of the board is appealed, a court shall award reasonable attorney fees to an employe who prevails by a final adjudication on the merits. Such award shall not include attorney fees attributable to the hearing before the board.

(f) The appointing authority shall, not later than thirty (30) days after receipt of the final order of the board, comply with such final order. When any employe is dismissed and not ordered reinstated after such appeal, the board in its discretion may direct that his name be placed on an appropriate reemployment list, for employment in any similar position other than the one from which he had been removed.

(13) After a final decision has been rendered by the board or court, an employe who prevails in his appeal shall be credited with the amount of leave time used for time spent at his hearing before the board or court. Employes who had an insufficient amount of leave time shall be credited with leave time equal to the amount of time spent at their hearings before the board or court.

[~~(2) Any unclassified employe who is dismissed without cause shall not have the right of appeal as provided in this section.~~]

(14)[~~(3)~~] The board shall, within sixty (60) days after an appeal is filed, hear the appeal, and shall, within ninety (90) days after an appeal is filed, issue a final determination for the disposition thereof.

Section 18. KRS 18A.110 is amended to read as follows:

The commissioner shall prepare and submit to the board proposed *administrative regulations* [~~rules~~] for the classified service. Such *administrative regulations shall comply with the provisions of this Act and KRS Chapter 13, and* [~~rules~~] shall have the force and effect of law, when approved by the board, after public notice and public hearing, and after filing with the legislative research commission in accordance with KRS Chapter 13 and procedures adopted thereunder. If not disapproved by the board within forty-five (45) days after the submission thereof, they shall have the same force and effect as if approved. Amendments thereto may be made in the same manner, or on the initiative of the board. The *administrative regulations* [~~rules~~] shall provide:

(3) For open competitive examinations to test the relative fitness of applicants for the respective positions. Such examinations shall be announced publicly at least fifteen (15) days in advance of the date fixed for the filing of applications therefor, and may be advertised through the press, radio and other media. The commissioner shall continue to receive applications and examine candidates on a continuous basis long enough to assure a sufficient number of eligibles to meet the needs of the service, and shall add the names of successful candidates to existing eligible lists in accordance with their respective ratings. The commissioner shall be free to use any investigation of education and experience and any test of capacity, knowledge, manual skill, character, personal traits, or physical fitness which in his judgment serves the need to discover the relative fitness of applicants;

The notice shall be in writing and as provided by personnel rules;

(9) For emergency employment for not more than thirty (30) working days with or without examination, with the consent of the commissioner;

(10) For provisional employment without competitive examination when there is no appropriate eligible list available. No such provisional employment shall continue longer than six (6) months, nor shall successive provisional appointment be allowed to the same position;

(11) For transfer from a position in one (1) department to a similar position in another department involving similar qualifications, duties, responsibilities, and salary ranges;

(12) For reinstatement within not more than five (5) years, only with the approval of the commissioner, of persons who resign in good standing or who are laid off from their positions without fault or delinquency on their part;

(13) For developing, in *accordance with Section 4 of this Act* [~~cooperation with the appointing authorities~~], uniform standards and methods of appraising work performance of all employes and for the use of such methods of appraisal in personnel actions;

(16) For discharge or reduction in rank or grade only for cause, after the person to be discharged or reduced has been presented with the reasons for such discharge or reduction stated in writing, and has been allowed a reasonable time to reply thereto in writing, or, upon request, to appear personally with counsel and

reply to the head of the department or his deputy. The statement of reasons and the reply shall be filed as a public record with the commissioner;

(17) For establishment of a plan for resolving employe grievances and complaints *that does not restrict rights granted under this Act*;

(18) For annual, sick and special leaves of absence, with or without pay, or reduced pay, after approval by the governor [~~as provided in subsection (2) of KRS 18A.075~~];

(19) For the development and operation of programs to improve the work effectiveness of employes in the state service, including training, whether in-service or compensated educational leave, safety, health, welfare, counseling, recreation, and employe relations;

The *administrative regulations* [~~rules~~] shall provide:

(a) For the preparation, maintenance and revision of a position classification plan for all aforementioned positions in the unclassified service, based upon similarity of duties performed and responsibilities assumed, so that the same qualifications may reasonably be required for and the same schedule of pay may be equitably applied to all positions in the same class. After such classification plan has been approved by the governor, the commissioner shall allocate the positions of every employe in the unclassified service to one (1) of the classes of the plan. Any employe affected by the allocation of a position to a class shall, after filing with the commissioner a written request for reconsideration thereof in such manner and form as the commissioner may prescribe, be given a reasonable opportunity to be heard thereon by the commissioner;

(b) For a pay plan for all aforementioned employes in the unclassified service, after consultation with appointing authorities and the secretary of the department of finance, and taking into account such factors as:

1. The relative levels of duties and responsibilities of various classes of positions;
2. Rates paid for comparable positions elsewhere; and
3. The state's financial resources.

Such pay plan shall become effective only after it has been approved by the governor after submission to him by the commissioner through the secretary of the department of finance. Amendments to the pay plan may be made in the same manner. Each employe shall be paid at one (1) of the rates set forth in the pay plan for the position in which he is employed;

(e) For the development and operation of programs to improve the work effectiveness and morale of employes in the unclassified service, including training, safety, health, welfare, counseling, recreation, and employe relations;

(f) For such other [~~rules and~~] administrative regulations, not inconsistent with KRS 18A.005 to 18A.200, as may be proper and necessary for its enforcement.

(2) Nothing herein shall be construed to preclude the optional use of *administrative regulations* [~~rules~~] promulgated under this section on behalf of employes enumerated in paragraphs (a), (b), (d), (e) and (q) of subsection (1) of KRS 18A.115 and on behalf of members of state boards and commissions who work on a full-time, salaried basis.

Section 22. KRS 18A.165 is amended to read as follows:

All officers and employes shall furnish any records or information pertaining to the administration of KRS 18A.005 to 18A.200 which the commissioner or the board may request. The commissioner or the board may require the attorney general to institute and maintain such legal action as the commissioner or the board may consider necessary or appropriate to secure compliance with KRS 18A.005 to 18A.200 and the *administrative regulations* [~~rules~~] and orders thereunder.

(2) The secretary of the finance and administration cabinet may review and approve all proposed position establishments and abolishments. Reclassifications and reallocations may also be reviewed and approved by the secretary of the finance and administration cabinet on the basis of the availability of funds. The finance and administration cabinet shall notify the department [~~and the board~~] of any review and approval conducted under the provisions of this section.

Section 23. KRS 18A.185 is amended to read as follows:

For the purpose of any *administrative* regulation issued under KRS 18A.110 or 18A.155 governing entitlement to annual leave days, sick leave days or the accumulation of such leave days, any period of service as an elected state official, including but not limited to service in the general assembly, by any officer or employe to whom such *administrative* regulation applies shall be considered to have been full-time employment in the state service.

Section 24. KRS 18A.202 is amended to read as follows:

Subject to the approval of the personnel board, the commissioner is authorized to install and implement by *administrative* regulation work-related incentive programs for state employes. Such programs may include, but not be limited to, an employe suggestion system whereby employes in the classified service may be recognized and rewarded for submitting suggestions that result in the improvement of state service or in the realization of financial savings by the state. Such programs may provide that when an employe suggestion has been adopted and resulted in a financial savings to the state, the employe who submitted the suggestion may be compensated for his service through a cash bonus in an amount to the lesser of ten percent (10%) of the amount saved or two thousand five hundred dollars ($2,500).

Section 25. KRS 18A.355 is amended to read as follows:

(1) An annual increment of not less than five percent (5%) of the gross annual salary or wages of each state employe shall be granted to each employe *on his anniversary date. The employe's salary shall be increased by the amount of the annual increment.*

(2) The *branch* [~~biennial~~] budget *recommendation* [~~report~~] submitted to the general assembly under KRS *Chapter 48* [~~45.040~~] shall include a request for the amount of the annual increment expressed as a percentage of each employe's gross salary or wages and a request for the total appropriation needed to fund the annual increment. The annual increment shall be uniform for all employes. *The budget reduction plan submitted and enacted under the provisions of KRS 48.130 shall provide that a reduction of the annual increment granted under this section shall be made only after other cost savings actions, including but not limited to a hiring freeze, have been taken and have not alleviated the actual or projected deficit. Any reduction in the annual increment shall be uniform for all employes, and shall comply with the provisions of KRS Chapter 48 and this Act.* The financial plan enacted under the provisions of KRS *48.300* [~~45.050~~] shall contain the annual increment expressed as a percentage of each employe's gross salary or wages, and the total

appropriation needed to fund the annual increment.

(3) The budget reduction plan submitted and enacted under the provisions of KRS Chapter 48 shall provide that a reduction of the annual increment granted under this section shall be made only after other cost savings actions, as provided by subsection (2) of Section 7 of this Act, are taken. Any such reduction shall be uniform for all state employes and shall comply with the provisions of this Act and KRS Chapter 48.

Section 26. KRS 48.130 is amended to read as follows:

(1) The branch budget recommendation submitted by each branch of government shall include a plan for the reduction of the respective budget recommendations, by budget unit, when projected or actual tax receipts accruing to the general fund or road fund are at least two and one-half percent (2 1/2%) but not more than five percent (5%) less than the revenue estimates for these funds as determined under subsection (3) of KRS 48.120.

(2) In recommending budget reductions, the governor, the chief justice, and the legislative research commission shall not recommend universal percentage reductions but shall weigh the needs of all budget units and shall strive to protect the highest possible level of service in their respective branches. Services which are not essential to constitutional functions shall be subject to reduction. Transfer of funds may be authorized by the budget reduction plan.

(3) The plan shall be enacted as modified by the general assembly, in each joint budget resolution.

(4) In the event of an actual or projected deficit in tax receipts provided for by this section, the department of revenue shall notify all branches of government:

(a) If funds that have accrued to the surplus accounts of the general or road funds are not sufficient to meet these deficits, the allotments to the respective branches shall be reduced according to the reduction provisions embodied in the joint budget resolution, and the governor, the chief justice, and the legislative research commission shall automatically implement budget reductions for their respective branches according to the reduction provisions embodied in the joint budget resolution*; and* [~~.~~]

(b) In the event funds that have accrued to the surplus accounts of the general or road funds are sufficient to meet these deficits, transfers from these surplus accounts shall be made, as appropriate, and the budget reduction provisions embodied in the joint budget resolution shall not be implemented.

(5) In the event of an actual or projected deficit in tax receipts provided for by this section of less than two and one-half percent (2 1/2%), the governor, the chief justice, and the legislative research commission shall implement budget reductions for their respective branches on their own initiative.

(6) The budget reduction plan shall provide that the annual increment granted state employes under Section 25 of this Act shall be reduced as provided by this Act. Any such reduction of the annual increment shall be uniform for all employes.

(7) If general fund or road fund tax receipts increase over the estimated deficits, then services shall be restored in the reverse order of the reduced services.

(8)[~~(7)~~] This section shall not preclude the general assembly, in regular or special session, from amending a joint budget resolution requiring budget reductions nor shall it preclude the governor from calling a special session of the general assembly at any time the budget reduction plan is in effect.

Section 27. KRS 61.878 is amended to read as follows:

(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction:

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research, in conjunction with an application for a loan, the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential, or for the grant or review of a license to do business and if openly disclosed would permit an unfair advantage to competitors of the subject enterprise. This exemption shall not, however, apply to records the disclosure or publication of which is directed by other statute.

(c) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. Provided, however, that this exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in paragraph (b) above.

(d) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired; provided, however, the law of eminent domain shall not be affected by this provision.

(e) Test questions, scoring keys and other examination data used to administer a licensing examination, examination for employment or academic examination before the exam is given or if it is to be given again.

(f) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action. Provided, however that the exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884.

(g) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency.

(h) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended.

(i) All public records or information the disclosure of which is prohibited by federal law or regulation.

(j) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the general assembly.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) No exemption in this section shall be construed to deny, abridge or impede the right of a state employe, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. Such records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, transfers, layoffs, disciplinary actions, examinations and preliminary and other supporting documentation.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the non-excepted material available for examination.

(5)[~~(4)~~] The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Section 28. KRS 453.260 is amended to read as follows:

(1) In addition to any costs which are awarded as prescribed by statute, a court shall award costs to any party which prevails by a final adjudication on the merits in any of the following:

(a) A civil action brought by the Commonwealth against the party;

(b) A civil action brought by the party against the Commonwealth to challenge the assessment or collection of taxes;

(c) A court proceeding to review an administrative review board decision, where the original administrative action was brought by the Commonwealth against the party.

(2) The court in its discretion may deny the award provided for in this section, or may reduce the award, if it finds that:

(a) During the course of the proceeding the prevailing party unduly and unreasonably protracted the final resolution of the matter; or

(b) The reason that the party other than the Commonwealth has prevailed is an intervening change in the applicable statutes, regulations or case law; or

(c) The prevailing party refused an offer of civil settlement which was at least as favorable to the party as the relief ultimately granted; or

(d) The position of the Commonwealth was substantially justified or a special circumstance would make an award unjust provided, however, that the burden of proof of substantial justification or special circumstance shall rest with the Commonwealth.

(3) A party may apply pursuant to the applicable Rules of Civil Procedure for an award of attorney fees and other expenses authorized under this section and shall include as part of the application evidence of the party's eligibility for the award and the amount sought, including an itemized and attested statement from the attorneys and experts stating the actual time expended in representing the party and the rate at which the fees were computed. The party shall also allege in such application that the Commonwealth acted without substantial justification.

(4) The court shall base any award of fees as provided in this section on prevailing market rates for the kind and quality of services furnished, except that:

(a) An expert is not eligible for compensation at a rate in excess of the prevailing rate of compensation for similar experts paid by the Commonwealth;

(b) The award of attorney fees may not exceed the amount which the prevailing party has paid or has agreed to pay the attorney or a maximum amount of forty dollars ($40.00) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding involved, justifies a higher fee;

(c) No award shall be greater than ten thousand dollars ($10,000) to each party except that no award shall be made to any party who voluntarily intervenes in any such action.

(5) This section does not:

(a) Apply to an action arising from a proceeding before the Commonwealth in which the role of the Commonwealth was to determine the eligibility or entitlement of an individual to a monetary benefit or its equivalent, or to adjudicate a dispute or issue between private parties or to establish or fix a rate. As used in this subsection, monetary benefit or its equivalent shall not include a license, permit, charter or similar instrument that the Commonwealth may require to engage in a business, profession or similar activity;

(b) Apply to proceedings brought by the Commonwealth pursuant to KRS Chapters 218A, 431 to 439, and 500 to 534;

(c) Apply to proceedings involving eminent domain, foreclosure, collection of judgment debts or proceedings in which the Commonwealth is a nominal party;

(d) Personally obligate any officer or employe of the Commonwealth for the payment of an award entered under this section;

(e) Apply to proceedings brought pursuant to KRS Chapters [~~18,~~] 209, 342 and KRS 199.011 to 199.630.

Section 29. KRS 18A.350 is amended to read as follows:

As used in [~~this~~] KRS 18A.355 and 18A.360, "employe" means any officer or employe of the executive branch of government. The provisions of KRS 18A.355 and 18A.360 do not apply to employes of the general assembly, the legislative research commission, or the court of justice, or to any constitutional officer.

Section 30. The following KRS sections are repealed:

18A.130 Reemployment of career employe terminated on or after January 1, 1980.
18A.135 Reemployment of career employes.
18A.360 Increase or reduction of annual increment.
